# Content for preservation

- ▶ **the outcome of our annual digitization campaigns (METS/ALTO objects)**
- ▶ **born-digital material coming through digital legal deposit**
  - ▶ electronic publications (e-books, newspapers, magazines, posters, postcards etc.)
  - ▶ web harvesting
- ▶ **additional born-digital objects**
  - ▶ the equivalent of print publications (journals, books etc.) in a digital format
  - ▶ library documents meant for public
  - ▶ Internal documents (SharePoint)

# Challenges

- ▶ File formats
- ▶ **Interoperability & integration into existing infrastructure**
  - ▶ ILS, discovery interface, viewers, legal deposit infrastructure
  - ▶ Persistent Identifier System (ARK)
- ▶ **Automation**
