Each condition is defined by having a code in either the CCS group of codes or the CMS group of codes.

<sup>a</sup>The Clinical Classification Software (CCS) categories are defined by the Agency for Healthcare Research and Quality. The list of ICD-9 codes corresponding to each category can be found on the following website: <https://www.hcup-us.ahrq.gov/toolssoftware/ccs/ccs.jsp>.

<sup>b</sup>The ICD-9 codes were defined in the Chronic Conditions Data Warehouse of the Centers for Medicare and Medicaid Services (CMS).

<sup>c</sup>Anxiety disorders were not included among the 20 conditions identified by the US Department of Health and Human Services.
