'Aftermath'

An exhibition by
Jill Randall
at Geevor Tin Mine Museum.

'Aftermath' is a new exhibition of work by artist Jill Randall. It brings together work created especially by and for Geevor Mine, alongside work from her acclaimed Artists Residency at Parys Mountain Copper Mine, Anglesey, and allows us to draw connections between the 2 sites, linked by the metals of copper and tin. The exhibition includes sculpture and video as well as large drawings created in abandoned underground mine workings, and prints created from steel plates etched in acidic pools.

Please RSVP to:
Geevor Tin Mine Museum,
Pendeen Cornwall. TR19 7EW.
