

Supplementary material

Table E1.

	CODEX	m-CODEX
Hosmer-Lemeshow test		
	p	p
3 months	0.06	0.07
12 months	0.48	0.21
3 years	0.83	0.79
5 years	0.48	0.7
10 years	0.53	0.76

Calibration for CODEX and mCODEX during different follow-up periods, performed with Hosmer-Lemeshow test. In this test values greater than 0.05 indicate good calibration of the model.
