

# COVID-19 VACCINE

## Who may get vaccinated?

### Yes

- Adults aged 18+ (Moderna vaccine) or 16+ (Pfizer vaccine) who do not fit into one of these categories →

Including people who...

- had or currently have COVID-19
- have a history of severe allergic reactions unrelated to vaccinations
- are pregnant or lactating
- have underlying medical or autoimmune conditions but no contraindications to vaccines

### Maybe

- People moderately or severely ill with or without a fever may be advised to defer their vaccination. Speak with a medical provider.

For the latest information, visit [Chicago Department of Public Health](#)

Concerned about getting the vaccine because of a medical condition? Speak to a medical practitioner for advice.

### No

- People who've had a severe or immediate allergic reaction to any of the ingredients:
  - Moderna ingredients
  - Pfizer-BioNTech ingredients
  - Polysorbate
- People who had a severe allergic reaction to the first dose
- Youth under 18 (Moderna)
- Youth under 16 (Pfizer-BioNTech)
