- 1 Goitse yeah and also uhm **last** year @@ when I was at the library so I had this other lady friend who was a hell inspired (.) -hh by me being in the library every every single time and her friends also used to go to the library so -hh sometimes we would chill with them but then there was this one particular one that I yoh I had a I had the **biggest** crush I had the **biggest crush** on her -hh
- 2 Researcher and she didn't like and she didn't (.) like
- 3 Goitse >no no no no< like (.) she was also she was also responding like yeah yeah
- 4 Researcher [she did ah cool
- 5 Goitse a::nd the thing is (.) the only time I saw her (.) was at the library
- 6 Researcher oh [...] so you had to go to the library
- 7 Goitse so >no no no no< I go I went to the library to go **work**
- 8 Researcher oh [...] so she was taking your **work** time away from you
- 9 Goitse she's yeah she's like I remember there were there were days where uhm we were in the study centre at it's at **night** we're **cross nighting**
- 10 Researcher yeah
- 11 Goitse and
- 12 Researcher how long does this study centre stay open
- 13 Goitse yeah it's twenty-four hours
- 14 Researcher oh [...] alright okay cool
- 15 Goitse and I'm cross-nighting she's cross-nighting aswell
- 16 Researcher what working the whole night long
- 17 Goitse yeah like from
- 18 Researcher [...]
- 19 Goitse for me personally cross nighting is from six o'clock till six o'clock so obv-
- 20 Researcher [oh [...] (.) do you do that often
- 21 Goitse yeah but like o- (.)-hh only when I'm on Concerta
- 22 Researcher oh right okay (.) okay cool
- 23 Goitse so yeah uhm (.) so the last
- 24 Researcher ↑ **Concerta** is that e- ehheh epilepsy concentration thing
- 25 Goitse [yeah it's a concentration it's like it's like a yeah it's like Ritalin it's in the same
- 26 Researcher [but d- do you::: buy it over the counter or:::
- 27 Goitse no no no it's prescription drugs
- 28 Researcher [prescription alright okay
- 29 Goitse so yeah uhm I used to get a prescription every single every single month for f-
- 30 Researcher ↑ and did it work ↑ did it help
- 31 Goitse yeah no like eh-
- 32 Researcher is it hey
- 33 Goitse without Concerta I don't think that I was going to get into Honours because
- 34 Researcher [[...] no really hey

William Kibet - Journal for Interdisciplinary Research in Southern Africa 2020 - <https://doi.org/10.25403/UPresearchdata.12397703>

35 Goitse because yeah no because Concerta helps me focus like (.) I've always desired that focus I've always desired I've always asked myself why can I not

36 Researcher @@@

37 Goitse @ so:: once @ I had Concerta I like that was the c- that was the focus that I wanted because I used to be so like you know like you know you go:: uhm ·hh like people would go home and they'd come back with like this amount of work and I'd come back with this amount of work [signalling different sizes of work] ·hh and I'd always ask how do you do it like how do you get so much work done a::nd once I was on Concerta I got it like it's it's the pure focus it's the pure no distraction no nothing focus

38 Researcher (inaudible)

39 Goitse so::: like I'd cross night and also like it helps me it helps me to stay up till late if I take Concerta (.) normally when I have to cross night I would take Concerta around 12 o'clock ·hh

40 Researcher in the day

41 Goitse yeah like during the day

42 Researcher [lunch time

43 Goitse yeah yeah uhm during lunch time so I'd know that it was going to carry me out throughout till six am in the morning if I was really really **really** pumping and I really wanted to go because like Concerta you forget about everything ·hh like with Concerta it's th- that only matters and that's like whatever you look at only matters and that's what you're going to do and that's what you're going to focus on

44 Researcher cool right okay

45 Goitse so yeah so uhm we were cross nighting and I remember it was like three am ·hh a::nd she was burnt out and uhm and I was also low key burnt I know I knew I could do **more** work ·hh

46 Researcher yeah

47 Goitse but the::n you know if you like a girl like you know you like everything aside and you focus on **her** and I remember we spoke from three o'clock until six o'clock in the morning

48 Researcher [...] yeah

49 Goitse ·hh ·hh a::nd this is just us talking and and then like we were there it was very few people in the library we and we were the only people in the aisle so we we just spoke forever and ·hh yeah

50 Researcher [cool

51 Goitse but yeah it was very unfortunate because I could have I could have uhm done more work it's just that now

52 Researcher did you guys ever end up going out together or

53 Goitse nah it never really worked out hey
