

Principal terms and conditions

These are the Terms and Conditions specific to your tariff and a summary of the key Terms and Conditions applicable to all tariffs. The full Terms and Conditions for all tariffs are available at [shellenergy.co.uk](https://www.shellenergy.co.uk).

Cancellation Rights

You can cancel your contract within 14 days of the date you entered into it, by using the cancellation form on our website or by emailing cancelmyregistration@shellenergy.co.uk, phoning **0330 094 5800** or writing to Customer Services, Shell Energy, PO Box 6363, Coventry, CV3 9LR with your customer number and a clear statement of your decision to cancel.

Credit Checking

We may use your information to carry out a credit check. In certain circumstances we may require a security deposit as a condition of supplying you, if so we may contact you to offer an alternative payment method or service, which may remove the need for a security deposit.

Switching over from your current supplier

If you have applied for a dual fuel tariff and your current supplier subsequently objects to the transfer of one fuel and this cannot be resolved, we may choose to supply you with the other fuel only.

Fixed Prices for the Initial Contract Period

This Contract has fixed prices until 31 October 2021. We may not change the Terms and Conditions of this Contract prior to that date, unless: the change is not to your disadvantage, the information you have given us is incomplete or incorrect, we have to install a prepayment meter, or there is an increase in VAT payable. After 31 October 2021, unless you choose to do otherwise, you will be moved on to our cheapest variable price tariff (one without a fixed term); we will contact you in advance to tell you your new prices. We may end this Contract or move your remaining supply to a different tariff if you ask us to, we fit a prepayment meter, or, for dual fuel tariffs, if you switch your gas and/or electricity to another supplier.

Billing

You will receive a bill every three months or more frequently if we notify you otherwise. Payments will be collected by:

- 'Monthly Direct Debit' - Shell Energy will deduct a set amount from your account each month, this amount may vary after any reassessment if your payments aren't in line with your actual or projected energy usage. Any change will be communicated to you prior to taking effect;
- 'Variable Direct Debit' - Shell Energy will deduct from your account the full amount shown on your electricity and gas bill; or
- 'Pay on Receipt of Bill' - you will need to pay the full amount shown on your electricity and gas bill by cash, cheque, card or online payment.

If you have opted to 'Pay on Receipt of Bill' your standing charges will include an administration charge of up to £48 per year per fuel.

You may choose to receive your bills in paper or electronic form (including accessing your bills online). To change your billing preferences please log in to your online account or telephone us on **0330 094 5800**.

Possible additional charges & discounts

A summary of charges relevant to you is available on our website in the "Help and Advice" section.

Leaving Shell Energy

You can leave at any time but, as long as you are not supplied by a prepayment meter, you will be required to pay any outstanding debt before doing so. If you are supplied by a prepayment meter, you may switch supplier if the debt that you are repaying is less than £500 and your new supplier agrees to take on this debt. Please bear in mind that if you do leave before 12 September 2021 we may charge an early exit fee of n/a. If there is a debt outstanding on your account we may object to your transfer, this can be resolved either (i) by you paying the debt within 30 days of us advising you of this requirement; or (ii) if you are supplied by a prepayment meter and your debt is less than £500 and your new supplier agrees to take on the debt.

Discounts

n/a

Bundles

There are currently no bundled products available with this tariff.

Rewards

Once you have passed the supply start date you will be eligible to receive a Shell Energy fuel saving of 3% off the cost of Shell fuel up to a maximum of 60 litres per month, which can only be redeemed at participating UK Shell service stations against Shell fuel (V Power and main grade petrol and diesel) and LPG. In order to receive this fuel saving you will need to register with Shell Go+.

Principal terms and conditions

Only one Shell Energy fuel saving is available per property, even if you are both an energy and a broadband customer. Your allowance will be refreshed on the 1st of each calendar month. If you do not use your Shell Energy fuel saving in any given month then it will be lost and cannot be rolled over and used in another month.

2000 EV miles credit eligibility

With this tariff you are entitled to an electricity account credit of up to £80 (equivalent at average use to 2,000 miles of charge for an EV), to be eligible:

You must own or lease an electric or plug-in hybrid vehicle that's registered with the DVLA and provide valid proof of ownership documentation within 30 days of your supply start date or tariff start date including:

Account holder's name;

Supply address; and

EV registration number

either by email to ev@shellenergy.co.uk or by post to Shell Energy Retail Limited, PO Box 6363, Coventry CV3 9LR;

You must apply for a Dual Fuel or Electricity Only, single rate tariff paying by Monthly Direct Debit.

You must have a SMETS 2 (or at our discretion SMETS1) smart meter installed or agree to have one installed (see below).

You must have a valid email address to receive emails on how to book your smart meter installation appointment (if required).

You must not have cancelled your contract with us.

Your account must have gone "on supply" with us.

There is no cash alternative available. Your first credit will be automatically applied to your account by 30 November 2020 and the following 11 months as long as you remain on this tariff.

If you do not already have a SMETS 2 smart meter you must book a smart meter installation appointment within 2 months of your supply start date or tariff start date and have had your smart meter(s) fitted within 5 months of your supply start date or tariff start date. On the day of the installation you must accommodate our engineer visiting your property to install the new smart meter(s). You must have clear access to your meters and the area around them as per our Appointment Criteria, on our policies page. If the engineer is not able to fit a smart meter due to poor signal strength or another technical reason outside of your control which you were not previously aware of, you will remain eligible for the Free Miles Credit.

In order to get the most from your new smart meter(s) you will be asked to give your consent to us receiving and consent to us taking your energy consumption data in 'Half Hourly' intervals. You can view and change your data frequency options at any time by logging onto My Account.

A full version of our Terms and Conditions can be downloaded from [shellenergy.co.uk](https://www.shellenergy.co.uk).

Alternatively you can contact Customer Services

Telephone: **0330 094 5800**

Email: customer.service@shellenergy.co.uk

If you need help with an energy problem - for example with your bills or meters, or if you're struggling to pay for the energy you use.

Citizens Advice are the official source of free and independent energy advice and support. Go to citizensadvice.org.uk/energy or call them on **03454 04 05 06**. Calls are charged at your normal rate.

If you do need to make a complaint, you should contact our Customer Services Team in the first instance on **0330 094 5800**. They will do their best to resolve your complaint, but if you feel your complaint has not been handled to your satisfaction, you may then speak to our Customer Contact Specialist Team.

If you remain unhappy with our resolution of your complaint, or if your complaint has not been resolved within 8 weeks of the date you told us about it, you may refer the matter to the Ombudsman Services: Energy on **0330 440 1624** or at ombudsman-services.org/sectors/energy. They are free and independent, and we are bound by their decision.

Shell Energy fuel mix disclosure label

Every energy company needs to provide a fuel mix disclosure which shows the breakdown of electricity generation historically. The table below shows this for the period 01/04/2018 - 31/03/2019 including the time when we were trading under the First Utility name up until 25/03/2019.

We keep the figures on this page updated in line with the publishing dates of the Government's fuel mix data disclosure data table, as defined in the Electricity (Fuel Mix Disclosure) Regulations 2005.

Principal terms and conditions

Energy source	Our fuel mix %	UK fuel mix %	Carbon dioxide
Coal	8.74	5.2	920
Natural gas	59.22	41.4	349
Nuclear	17.78	18.7	0
Renewables	10.53	42.8	0
Other	3.73	1.9	871

Shell Energy Retail Limited total emissions are 319.6 (g/kWh). Nuclear waste is 0.001244262 (g/kWh).

Our current fuel mix

All our electricity now comes from renewable sources such as wind, solar and biomass. This is certified by Renewable Energy Guarantees of Origin (REGOs), which guarantees that for every unit of electricity you use, a unit of renewable electricity is put into the grid by renewable generators in the UK.

Please visit [shellenergy.co.uk](https://www.shellenergy.co.uk) for more information.

For more information on the environmental impact of your electricity supply write to us at Shell Energy, PO Box 6363, Coventry, CV3 9LR.
