When I met my trainer I realised how far from achieving my goal I was. I needed to score 7 in each band for the IELTS test.

The strategies taught as well as their patience and methodology were the key to jump almost two bands in each module. The writing and speaking strategies I learnt were essential to achieve such great scores.

My trainer was an experienced IELTS examiner and provided feedback that is not given by IELTS providers. I definitely recommend this service for anyone who is struggling to pass IELTS.

Thanks for all your outstanding support in this journey that has concluded successfully today. Thank you so much!

Here is my evidence... 7.5-7.5-7.5-8.5

I have learned in these courses for three months. The tutor was passionate about teaching English. I am an inquisitive student therefore I ask many questions that she is really patient to answer, even when the session is finished. I strongly recommend that she is a good tutor with a variety of professional teaching experience.

Got the results I needed after just 5 hours of private classes. I jumped from the score of 4.5 to 6.5 in the reading band and from the 5.5 to 6.0 in the writing and the listening. I was given strong valuable tips, including the speaking test. I really recommend this service because it took me from the hell that IELTS 'WAS' to me. I am ready to start my masters now ;-) ..thank you so so so so so so much
