

# EVEREST DATAPOD LOAD CONTROL SOLUTION

**RED ROOSTER  
LIFTING**

RAISING EXPECTATIONS

Making every industry  
SAFER, SMARTER & FASTER

The EVEREST DataPod gives you previously unreachable levels of project data at your fingertips.

## CAPTURE, TRANSMIT, REPORT

- GPS for location-based monitoring
- Load cell for lift monitoring
- Cameras for still and video capture
- 4G connectivity for data transmission to IoT platform
- IoT Platform integration

Attaching under the crane hook, the EVEREST DataPod gives you superior oversight over your operations. Removing blind spots, through, on-board IoT and smart technologies.

Providing exact metrics and strategic analysis to improve the efficiency, safety, and productivity of your lifting operations.
