The Internationale Münchner Filmwochen GmbH will hold the 38th FILMschoolFEST MUNICH from November 18 to 24, 2018 – seven festival days filled with the latest productions by film schools around the world. It is a forum that reflects the broad spectrum of styles and issues en vogue in film schools. It also provides an opportunity for emerging filmmakers to network directly with their counterparts from other countries and to connect with audiences, often for the first time. The festival screenings are open to the public and Munich audiences are renowned for their enthusiastic support of the participants. The festival language is English.
