

# LOVE, NURTURE, GROW

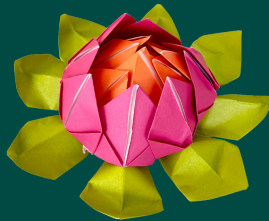

## Open Arms Malawi

Help fundraise for Open Arms by creating beautiful origami lotus flowers, the national flower of Malawi.

How it works:

- We'll send you individual origami lotus flower packs, containing an easy to follow instruction card, paper and band.
- Ask children, family, staff or friends to sponsor a flower by purchasing a pack. Suggested donation £3.
- Ask children to make the flowers during lesson time as part of your work on Malawi, or get everyone involved at home.
- Why not take it further and create an origami lotus flower display in your school. You can get really creative with this; perhaps you could create a giant lotus flower out of individual flowers.

Next Steps

- Contact us at [hello@openarmsmalawi.org](mailto:hello@openarmsmalawi.org) to register your interest in the campaign and let us know how many lotus flower origami packs you would like.
- We ask that you make a minimum fundraising commitment of £20 for 30 packs to cover the costs of producing the packs and delivery.
- More packs can be arranged, with an additional 50p per pack commitment.
- We'll send you the packs, then have fun selling and folding!
- Money raised can be donated directly on our website <https://www.openarmsmalawi.org/single-online-donations>. Make sure to mention your school on the form, so we can send you a thank you and a certificate.
- Don't forget to send us some photos of your display. We'd love to see them.
