

## Resource Direct Recruitment Limited (RDR)

### Renewable Sector

Leading from the front with the innovative supply of recruitment and training solutions to the offshore wind turbine sector of the renewables industry. We have successfully recruited and trained, to the highest standard, multidiscipline teams to engage and complete large repair projects and deliver long term maintenance contracts.

We pride ourselves on developing professional working relationships whilst endeavouring to deliver a personal service whether on major construction projects, long term maintenance contracts or short term requirements. Our highly skilled, professional team are available to assist and support you throughout your recruitment experience with us.

With group offices strategically located throughout the UK, we are ideally placed to service our clients' needs by sourcing local and national talent.

### RDR's Renewables Specialist:

#### Paul Stainthorpe

Paul has over 36 years' experience in the recruitment Industry including senior management roles for both large blue chip organisations and recruitment agencies and businesses. Paul has worked for Primat, AMEC's recruitment agency, Rullion Engineering and K Home International. He has recruited large numbers of personnel for offshore projects in the North Sea and various projects in most industries onshore. Paul also has experience in the renewables industry and has supplied his experience to a large grout repair contract successfully manned and completed, followed by a long term maintenance contract in offshore wind turbines.

Our aim is to be our Clients' "Partner of Choice"
