

ACCESS SELF-STORAGE CASE STUDY

Packing 24-7 service into Access's gas supply

THROUGH RESPONSIVE BILLING,
COMPETITIVE RATES AND RELIABILITY

ACCESS SELF-STORAGE CASE STUDY

“CUSTOMER CARE AND EFFICIENT BILLING SPEAK VOLUMES, AND WHEN WE TALK ABOUT BOTH OF THESE I THINK CNG HAS TAKEN THE LEAD, COMPARED TO OTHER SUPPLIERS.”

Mohammed Abdul Hye, Purchase Ledger Controller,
Access Self-Storage

BACKGROUND

Access Self-Storage is a nationwide chain with over 50 self-storage stores.

THE CHALLENGE

As a business that provides customers with 24-7 access and temperature-controlled storage units, it requires round-the-clock heating, and a reliable gas supply is essential.

THE SOLUTION

Having been recommended to switch to CNG, Mohammed Abdul Hye, the company's purchase ledger controller, was initially impressed by our competitive rates and fast, responsive billing.

Twelve months down the line and Mr Hye has recently renewed the Access contract with CNG. Having dealt with energy suppliers for many years, he thinks our reliability, customer service and determination to get the job done are as refreshing as our approach to billing, and says he is more than happy to recommend our services to others.
