Hon. Harry S. Truman,

Dear Sir,

(Investigation of Govt Employees)  
H  
I think that your executive order 9835 is  
un American, and will go a long way to de-  
prive us of our liberties.

I urge that you rescind it immediately, be-  
fore that damage is done.

I am beginning to feel that what we liberals  
need in this country is another party. It  
is clear that you are not a follower of the  
real American way. You have been taken in  
by the post war hysteria and you had better  
stop and think.

Unless you change a lot, I cannot vote for you  
in 1948.

Sincerely,

Dorothy Mardfin
