

The Time I went ice skating at the
Aartic Ege ice By Lilly
Arena

I was invited to a Frozen
Birthday party. It was
an ice skating party. When
we got there it smelled
like dog food because it
was buy the dog food
factarie. When we got
in there it was so cool
it had rock candy, Olaf
mix, cake, cup cakes, carrots
with ranch, lemonade, water,
and Elsa wands. When

it was time to go ice skating
we went to go get our shoes.
I was a 4 1/2. It was
hard to walk in them
but I got the hang of
it. Before we got on
the ice we had a 20
minute ^{lesson} in stru~~ck~~ter. But it
felt like a hour ^{of instruction} ~~instru~~cter.
I fell on my elbows, knee,
hips, and almost face
planted on the ice but

I was really good. I tried to turn but I fell backwards. My glove would get stuck on the ice every time. When it was almost time to get off the ice we saw people with purple mowhocks and eye liener so we got off. When we took off our skates ~~and~~ my feet could breath.

After that we got to sing
happy birthday. Then we
got cupcakes and cake. Then
it was time for presents
I got her a bow in a row.
It was pink and orange,
white. Then we had to
go home. It was fun. I
can't wait to go ice skating
again.
