## Grammar quiz

The grid below has a number of grammatical terms. You do not need to define them, just see how many you can give examples of.

| Grammatical term | Example |
|------------------|---------|
| Noun             |         |
| Adjective        |         |
| Verb             |         |
| Adverb           |         |
| Determiner       |         |
| Preposition      |         |
| Pronoun          |         |
| Conjunction      |         |
| Phrase           |         |
| Clause           |         |
| Sentence         |         |

Check them out with the definitions in Chapter 14.

Make a note of any that you still feel unsure about. Have a look at one of these two books to help:
