

Introduction to AutoCAD 2010

Alf Yarwood

Chapter 1 Multiple choice questions

- When working in the **2D Drafting & Annotation** workspace, the toolbars at the top of the AutoCAD 2010 window is:
 - The **Draw** toolbar
 - The **Modify** toolbar
 - The **Quick Access** toolbar
 - The **Properties** toolbar.
- The **DesignCenter** palette can be opened from the:
 - Home/Annotation** palette
 - View/Palettes** panel
 - View/Windows Elements** panel
 - Home/Utilities** panel.
- Press the **F9** key of the keyboard for:
 - Grid** on/off
 - Snap** on/off
 - Ortho** on/off
 - Osnap** on/off.
- In the coordinate system of AutoCAD 2010:
 - Positive **x** figures are to the left
 - Positive **x** figures are to the right
 - Positive **x** figures are in the direction vertically upwards
 - Positive **x** figures are in the direction vertically downwards.
- Drawing templates are held in files with the file extension:
 - *.dwt
 - .dwg
 - *.bmp
 - *.dwr.
- A *left-click* on an item in a drop-down menu showing three dots (...) after the name means that:
 - A command name will appear at the command line
 - A dialog will appear on screen
 - A sub-menu will appear
 - A tool will be activated.
- AutoCAD 2010 can be opened:
 - With a *double-click* on the AutoCAD 2010 shortcut icon in the Windows desktop
 - By typing **acad** at the keyboard
 - Automatically opens the computer is switched on
 - By selecting from a list which appears on screen when the computer is switched on
- The term *dragging* means:
 - Left-click* on an item and the item can be moved to another position on screen
 - Double-click* on an item. The item can then be moved to another point on screen
 - Holding down the left-hand button of the mouse on an item and moving it to another point on screen
 - Press the right-hand button of the mouse. This allows an item to be moved anywhere on screen
- The **Ribbon** can be closed by *entering* the following at the command line:
 - openribbon
 - ribbon
 - ribbonclose
 - fullribbon

10. A tooltip is:

- (a) A description of the tool's use appearing in a rectangle when the cursor is placed on a tool icon
- (b) The name given to a tool
- (c) The instruction which appears at the left-hand end of the status bar when a tool is chosen
- (d) A tip which can be read from the **Help** screen for a tool
