MODULE SUMMARIES – DETAILS OF WHAT YOU'LL STUDY

Advanced Statistics

Develop a comprehensive mathematical skillset, including the analytical skills required for postgraduate study.

English for Academic Purposes

Develop your English to the level you need for university study, and to really get involved in academic discussions.

Engineering, Science and Society

Gain an awareness of ethical issues and debates surrounding research and innovation in the sciences.

Project Management

Gain key skills in project management, and apply your knowledge to a project based on emerging technologies.

Research Project

Plan, execute and report a comprehensive research project; you'll choose a research topic based on your degree and career goals, and personal interests.

EXTRA MODULES FOR 2.5 AND 3-TERM COURSES

English for Academic Study 3

Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Independent and Collaborative Study

Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

Reading and Writing 3

Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

Speaking and Listening 3

Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

PERSONAL DEVELOPMENT ACTIVITIES (ALL COURSE LENGTHS)

Digital and employability skills

Outside of your academic learning, you'll also be taught skills that will be useful at university and later in life. You will receive help in making the most of your creativity, improving your communication and developing your digital skills. We will also help you build a CV, portfolio and online profile to empower you after you graduate.

Social network

Forming a strong social network can be hugely beneficial, even if it's just to discuss and debate ideas. Not only will you get to know your classmates, you'll also have opportunities to join professional organisations, and network with students and industry professionals: something that can be really beneficial when you go on to start your career.

Culture and activities

We'll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.
