

Glasgow International College Pre-Master's for Business, Economics and Finance: course and module information

Special 2-term course starting online in July 2020 – for degree entry in January 2021

English language entry requirements: UKVI IELTS 5.5 with at least 5.0 in all skills or accepted equivalent

Enrolment start date: 20th July 2020

Teaching start date: 27th July 2020

Tuition fees: £20,270

Course modules

All students will study the following modules:

- Advanced Statistics
- English for Academic Purposes
- Research Project (customised to your university degree and career aspirations)

You'll also study 1 of these 2 modules to align with your chosen degree at university:

- Accounting and Finance
- Organisational Management

You'll take part in personal development activities during your course, designed to boost your employability, confidence and independence, and help you make new friends.

Module summaries

Accounting and Finance

Evaluate various financial and accounting concepts, models and techniques and apply them to a firm's strategic decision making.

Advanced Statistics

Critique research data and apply standard statistical tools for the analysis of research quality.

English for Academic Purposes

Develop your English to the level you need for university study, and to really get involved in academic discussions.

Organisational Management

Evaluate the key issues, theories and techniques relating to organisational behaviour; environmental analysis and global strategy.

Research Project

Plan, execute and report a comprehensive research project; you'll choose a research topic based on your degree and career goals, and personal interests.

Personal development activities

Digital and employability skills

Outside of your academic learning, you'll also be taught skills that will be useful at university and later in life. You will receive help in making the most of your creativity, improving your communication and developing your digital skills. We will also help you build a CV, portfolio and online profile to empower you after you graduate.

Social network

Forming a strong social network can be hugely beneficial, even if it's just to discuss and debate ideas. Not only will you get to know your classmates, you'll also have opportunities to join professional organisations, and network with students and industry professionals: something that can be really beneficial when you go on to start your career.

Culture and activities

We'll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

Degree options
