Guardian University Guide 2019
Nottingham Trent University (NTU) is a brilliant place to study, with a record of great teaching. As a student here, you’ll gain access to great facilities and exciting career opportunities.

Fantastic teaching
At NTU, you can be sure to receive a great education from highly regarded teachers. In fact, the University has a Gold rating in the 2017 Teaching Excellence Framework, the highest award possible, and ranks in the top 15 in the UK for teaching quality (The Times and The Sunday Times Good University Guide 2019). NTU takes great care to hire the very best teachers, so you’ll be well placed to succeed on your degree, and in your future career.

Global community
Studying at NTU will not only give you a great education; you’ll also meet many people from all kinds of different cultures. In fact, at NTU you will join nearly 4,000 international students from 120+ countries. The University has an extensive support network to help its international students, including dedicated student support services such as the award-winning Global Lounges.

Modern facilities
NTU invests heavily in the facilities you need to get the very best education. With modern lecture theatres, first-class science labs and an impressive, recently refurbished library, you’ll have an outstanding array of superb resources for your studies. You’ll also benefit from specialist facilities including TV studios, IT suites, and art and design workshops. These great facilities, coupled with NTU’s superb teaching, have helped the University achieve an impressive 97% rate of students in employment or further study within 6 months of graduating (Destinations of Leavers from Higher Education 2016/17).

"At Nottingham Trent, our focus, and at the heart of everything that we do, is you — the students. Your success at NTU is our priority. We wish you the best of luck in your studies, and look forward to welcoming you to Nottingham.”

Professor Edward Peck
Vice-Chancellor at Nottingham Trent University

How can I study at NTU?

Get to know the campus

At Nottingham Trent University (NTU), you’ll be part of a vibrant community in an exciting student city. NTU’s campuses offer a great student experience and an ideal environment for you to succeed.

A city-centre location
NTU’s main City Campus puts you in the heart of Nottingham. The second largest, Clifton Campus, is just a short distance away by bus or tram. This gives you easy access to the many and varied attractions of Nottingham, including shops, bars, restaurants, parks, cinemas and more, so you’ll always have something fun to do!

A global university
From small beginnings, NTU has become one of the most popular study destinations in the UK, with more than 29,000 students (Higher Education Statistics Agency 2016/17). This means you’ll be studying with thousands of like-minded peers from all around the world, making your NTU experience one you’ll never forget.

A great environment
By coming to NTU, you’ll join one of Britain’s most environmentally friendly universities. It is one of the UK’s top 3 most sustainable universities according to the 2018 People & Planet University League. NTU generates some of its own electricity on campus, and buys the rest from a green energy provider. This makes NTU a fantastic place to be a student, with an exceptional campus environment.

City Campus
Located right in the very heart of Nottingham, the City Campus is home to over half of the total student population. It features some of the University’s oldest and largest buildings, including the Boots Library. You’ll also find the Students’ Union and one of NTU’s Global Lounges — a centre for cultural events, opportunities to study abroad and language exchange activities.

Clifton Campus
Just a few miles from Nottingham city centre, the Clifton Campus is a self-contained site. You’ll have access to its facilities and research centres, many of which are brand new following recent investment. You can also enjoy features such as an on-site bar, gym, shop, library, and an excellent sports centre. There is a frequent bus service to the City Campus, so you’ll be well connected at Clifton.

Brackenhurst Campus
The Brackenhurst Campus is located outside of the city in 500 acres of beautiful countryside. Home to a thriving community of 1,400 students, here you’ll find the School of Animal, Rural and Environmental Sciences, as well as woodland, landscaped gardens, a lake, and even a working farm. You’ll also find plenty of places to relax between classes, such as the Brack Bar and The Orangery cafe.

Get involved
At NTU, there are over 160 clubs and societies for you to join, covering everything from sports to cultural interests, languages and more! These are a great way to meet people who share your interests.

Get to know Nottingham

Nottingham is an exciting, dynamic city, especially for young people. With so many university students living here, you’ll get to experience a truly vibrant community. Discover how studying in Nottingham can offer you a great lifestyle, with so much to see and do.

Student-friendly city
Nottingham is a great place for students, with a relatively low cost of living and many interesting attractions. The main focal point of the city is Old Market Square, where you will find varied shops, many of which offer student discounts. Exciting events include Christmas markets during winter, and even an urban beach in the summer!

Legendary history
Nottingham’s history makes it an amazing place to explore. Discover the hundreds of caves beneath the city, learn about the legends of Robin Hood, or step inside Ye Olde Trip to Jerusalem — claimed to be one of the oldest pubs in England.

Superb for sport
Nottingham was named City of Football in 2014 (Sport England) and England’s Home of Sport in 2015 (VisitEngland). You can see professional football at the City Ground or Meadow Lane stadiums, cricket at Trent Bridge, or watch ice hockey at the National Ice Centre. The city’s canal offers a fun, scenic route for cycling and running.

Great for travel
Nottingham is a very well-connected city, perfectly placed for you to explore the rest of the UK. It’s easy to get to other big cities, including London, Manchester, Liverpool and Birmingham, as well as Scotland, Wales, Ireland and mainland Europe. You can also discover the region’s beautiful countryside, or visit the world-famous Peak District.

Top 5 things to do
1. Have fun at Adrenalin Jungle
2. Discover Nottingham Cathedral
3. Explore the city on a Robin Hood tour
4. Visit the City of Caves
5. Take a walk in Wollaton Park

Visit the stunning Wollaton Hall
Enjoy the city’s lovely parks
Visit the rambling Wollaton Hall
Visit beautiful country houses
Watch professional cricket at Trent Bridge

Work placements

One key way NTU helps students prepare for their future career is through work placements. A placement is a great way to gain real-world experience, and can help you stand out from other graduates when looking for a job.

“I wanted to take advantage of the placement year offered on my degree, and of the opportunity to link theory and practice. I was looking for a new challenge, and to gain new experiences. NTU gave me all the support I needed during my placement, especially my tutors.”

Audrey-Jacqueline from Ghana
Followed her path to MA International Development
Your path to Nottingham Trent
Routes to Nottingham Trent University

If you’re interested in studying at NTU, a pathway course at Nottingham Trent International College (NTIC) can help you prepare for, and gain entry to, an NTU degree.

What is a pathway course?
If you’ve completed high school, but don’t quite meet the entry requirements for an undergraduate degree at NTU, you can gain a place through a pathway course. Or if your undergraduate degree doesn’t allow you to go directly to a postgraduate degree, a pathway course can help you reach the level required for entry.

You’ll take your pathway course at Nottingham Trent International College on the NTU campus. The course will give you the academic skills, subject knowledge and English language level you need to gain entry to a degree. If you pass your pathway course at the required level with good attendance, you’re guaranteed entry to NTU.

On-campus pathway courses
Foundation Certificate
To help you qualify for entry to an undergraduate degree, you can take a Foundation Certificate. You’ll be fully prepared for university, and can progress to the 1st year of your undergraduate degree.

International Year One (IYO)
The IYO is an advanced pathway to an undergraduate degree. If you have finished high school with good grades, you could study an IYO. This combines university preparation with content similar to that of undergraduate 1st year, so you can progress directly to degree year 2.

Pre-Master’s
If you have 3 years of higher education or equivalent, but don’t quite qualify for entry to a postgraduate degree, take a Pre-Master’s. This will bring your skills and knowledge up to the level needed to start a postgraduate degree at NTU.

Watch our video explaining pathway courses at:
kpln.org/pathway-course-info

Study your way

Foundation Certificate
at Nottingham Trent International College on the NTU City Campus.

English language entry level:
minimum UKVI IELTS 4.0 in all skills

International Year One (IYO)
at Nottingham Trent International College on the NTU City Campus.

English language entry level:
minimum UKVI IELTS 4.0 in all skills

Tuition fees: £12,720

Course length: 7 to 15 months

Subjects and more information: page 30

Pre-Master’s
at Nottingham Trent International College on the NTU City Campus.

English language entry level:
minimum UKVI IELTS 4.5 with no less than 4.0 in any skill

Tuition fees: £13,230

Course length: 6 to 15 months

Subjects and more information: page 48

* All NTU undergraduate students have the opportunity to do a work placement. This will usually take place between Year 2 and Year 3 of your degree.
International College

Based on the University’s City Campus, Nottingham Trent International College (NTIC) offers pathway courses that lead to NTU degrees. At NTIC you’ll enjoy high-quality teaching, excellent facilities and expert support throughout your course.

Everything you need
Nottingham Trent International College has superb facilities to help you prepare for your degree. As a student here, you will also have access to all the great resources at NTU, including the recently refurbished Boots Library, state-of-the-art computer rooms, shops, the Students’ Union, Music Centre and sports facilities.

Full preparation
The teachers at NTIC will do their best to help you progress from your pathway course, and combined with your hard work and effort, they’ll make sure that you are fully prepared for your NTU degree. Courses are carefully designed for international students, and offer complete preparation for university.

Vibrant student community
The International College is located on NTU’s City campus, and you will have access to the University’s Students’ Union from day one. This includes more than 160 clubs and societies that you can join, and you’ll be in a community of thousands of international students. Knowing the campus and University before studying your degree will help you greatly, both during and after your pathway course.

Our guarantee
When you study an NTIC pathway course, you are guaranteed entry to a Nottingham Trent University degree if you pass at the required level with good attendance.

"We provide students with everything they need to do well at the College and successfully progress to their degree. My team and I greatly look forward to welcoming you to NTIC, where you can take your first steps to academic and career success."

Dr Kevin Smith
Director of Nottingham Trent International College

Benefit from a dynamic learning environment

Make new friends before you start your degree

Have access to University facilities

Receive the support you need
Learn your way

At Nottingham Trent International College (NTIC), you’ll learn from a great team of experienced teachers. With their care and expertise, you’ll get a fantastic education.

A course that fits
You will usually get the chance to customise your course modules based on the degree you’d like to progress to. You’ll also be able to explore topics and themes that interest you across some of your course projects. You’ll benefit from small class sizes and enjoy a dynamic learning experience with an emphasis on discussion and debate. You will be given learning materials before lessons, so you can really get involved in the conversation, improving your subject knowledge and your English.

Be taught by the best
NTIC has some truly incredible teachers, with years of experience of working with international students. You’ll have frequent meetings with your tutor, where you can ask any questions you have, while carefully timed assessments will help you track your progress towards your university degree. We will send reports on your attendance, and how you’re settling in and progressing, to your agent, parents and, where applicable, your sponsor and/or guardian, so they can help you work towards your goals.

Prepare for success
A pathway course isn’t just about preparing for a degree. You’ll also prepare for life after education, including by building a portfolio of your best work, creating a CV, writing a personal statement and more. We’ll help you develop this ‘career starter pack’ so that you’re even better equipped for when you enter the world of work.

Watch our top tips from teachers video:
kpln.org/teachers-tips

“I help to personalise teaching for NTIC students, and create strategies to help you overcome challenges on your course.

My favourite thing about working here at NTIC is the great environment. It is very international and vibrant; you can really just be yourself. I learn so much from the students about their own cultures too.”

Marco Baglieri
Programme Leader at Nottingham Trent International College

Watch our top tips from teachers video: kpln.org/teachers-tips
It is a great honour to be a part of our students’ educational paths, as you really see them grow. We’ll help you develop, progress and work hard to find your true potential — the first step to achieving your dreams. To be part of that important journey is very rewarding, and to see the end result is extremely satisfying for every staff member at NTIC.”

Harpreet Kalsi-Virdi (middle) College Services team member at Nottingham Trent International College

Support at every step

We understand that studying in another country is a big decision. You may be coming to the UK from far away, but wherever you’ve come from, we’ll support you every step of the way.

Before you arrive

Our support starts before you even start your course. We’ll send you a pre-arrival pack with key information about your study destination and the UK. If you’re under 18 years old, we can arrange the legal guardian you’ll need during your studies for your wellbeing.

After you arrive

Once you’ve landed in the UK, we can pick you up from the airport and bring you directly to your new home in Nottingham. We’ll make sure you are settled in and have everything you need.

Your first week

Before your College classes start, there’s Welcome Week. This offers lots of social activities to welcome you to the UK, and we’ll even invite your parents to a special event at the beginning of your course. Our staff will also help you set up a bank account and register with a doctor, so you’ll be ready for life in the UK.

On-going support

Once you’re settled in and have started your studies, we’ll continue to give you all the support you need. If you need any help with your studies, or just with everyday life, you can ask a member of staff. We’ll be happy to help!

Progressing to your degree

Once you’ve completed your pathway course, we’ll help you on your next step to your university degree. We will advise you on extending your visa, and explore your study options if necessary.

Have fun while you study

There will be lots of events, trips and social activities organised to help make your time in Nottingham fun and fulfilling. These might include sports tournaments, guided city tours and a theme park trip. It’s important to make the most of your time in the UK, and we’ll do everything we can to help!

Learn more and watch videos about student support services: kaplanpathways.com/nottingham-trent-support
Live your way

During your pathway course, you can stay in Global Point, our great student residence in Nottingham city centre. It’s the perfect place to live, relax and make new friends.

A great location
At Global Point, you’ll be living right in the heart of Nottingham. This state-of-the-art accommodation is a short distance from supermarkets, shops, restaurants and bars. You are also close to both NTIC and NTU’s City campus, which is ideal for going to class, and for when you need to use the library, computer suites and other facilities.

For your convenience
You can make the most of Global Point’s great social facilities, including a TV lounge, games area and media room. We also offer flats specifically for same-gender students and those aged under 18, so we’re confident we can offer you the ideal home.

Find your perfect package
You’ll have a comfortable private bedroom and private bathroom, with the option to share a well-equipped kitchen, or have your own in a studio apartment. In all cases, you’ll be in a safe environment with secure door entry and security cameras. We also offer flats specifically for same-gender students and those aged under 18, so we’re confident we can offer you the ideal home.

Guaranteed accommodation
You are guaranteed accommodation during your time at Nottingham Trent International College. It’s our way of ensuring you have a happy living environment while you study with us.

How to book
You can apply for accommodation when you apply for your course.
1) Indicate on the application form that you require accommodation.
2) After receiving your offer to study, book your accommodation by filling in the online form and paying the holding fee (typically £1,000) when you accept your offer.
3) You will then receive your accommodation agreement. Read, sign and return this to reserve your room.

Your package options
• Classic: medium-sized room with a large single bed, lamp, chair, desk, wardrobe and private bathroom.
• Deluxe: everything included in the classic option, but in a larger room with more space.
• Platinum: all the amenities of the Deluxe option, but with a full-size double bed and disabled access bathroom.
• Studio: a self-contained studio apartment measuring approximately 17.8m², with private kitchen and bathroom.

What’s included?
• Your own private bedroom
• Private bathroom
• All electricity, gas and water bills
• Internet and WiFi
• Shared kitchen†
• Access to shared laundry room (usage charges apply)
• Student starter pack with bedding, cooking equipment and other essentials
† Private kitchen for studio flats.

Undergraduate pathways

A pathway course at Nottingham Trent International College (NTIC) is your ideal route to a Nottingham Trent University undergraduate degree. The best one for you will depend on your academic qualifications, English language level and subject preference.

**Foundation Certificate**
For entry to the 1st year of an undergraduate degree. Offered for the following subject areas:
- Art, Design and Media [page 32]
- Business, Law and Social Sciences [page 34]
- Computing [page 36]
- Science and Engineering [page 38]

**International Year One (IYO)**
For entry to the 2nd year of an undergraduate degree. Offered in the following subject areas:
- Business [page 40]
- Computing [page 42]

What’s the right path for me?
Turn to page 30 to find the undergraduate degree you want, and to see which pathway course or courses lead there.

Foundation Certificate or IYO?
Visit kaplanpathways.com/degree-finder/nottingham-trent or contact us at kaplanpathways.com/ntu-contact to find out which course best matches your qualifications.

“"I knew that I needed some help and support to get on track and succeed at a UK university. NTIC has helped me progress to NTU, and has given me all the essential knowledge for my degree studies. This has even given me an advantage over many of the other students on my degree!"

Gida from Italy
Followed her path from a Foundation Certificate to BA (Hons) Global Studies and International Relations

Your path, your way: a course to fit your needs
- Your Foundation Certificate or International Year One course will have a special combination of modules that’s designed to fit your degree and career aspirations. This means that your course is matched to your unique goals.
- Some of these modules will be taken by you and all other students on your course. This gives you a solid base of common study skills that you’ll need at university.
- In many cases, you can also customise your course by choosing some or all extra modules from a selection, and / or by completing 1 or more pieces of work based on your interests and degree subject.
- During your Foundation Certificate or International Year One course, you’ll have frequent assessments to check that you’re on track to progress to your NTU degree.

Guaranteed entry
You’re guaranteed entry to your degree at NTU if you pass your NTIC pathway course at the required level, with good attendance.

### Example careers:

- Animator
- Architect
- Fashion Designer
- Fine Artist
- Illustrator
- Photographer
- Textile Designer

### Course modules

#### (see page 44 for module contents)

#### All students study these modules to gain a solid base of skills:

- English for Academic Purposes
- Creative Practice and Portfolio

#### You’ll also study these modules if your English level is below UKVI IELTS 5.5:

- Art, Design and Media
- English for Academic Study 3
- Reading and Writing 3
- Speaking and Listening 3

#### Or if you have at least UKVI IELTS 5.5, or do not need to take an IELTS test, you’ll study these modules:

- Critical Reading, Writing and Reasoning for Higher Education
- Plus 2 of the following 3:
  - Digital Applications
  - Preparatory Statistics
  - UK Society and Culture

#### Study additional modules to help you reach university:

- English for Academic Study 2
- Reading and Writing 2
- Speaking and Listening 2
- Study Skills Preparation

### Personal development activities

During your pathway course, you’ll also work on developing your online personal portfolio and practical skills, giving you a truly well-rounded experience. See page 47 for more details.

### Your degree possibilities

See page 30 for specific degrees that this Foundation Certificate can lead to.
Foundation Certificate for Business, Law and Social Sciences

This course will give you a foundation of skills and knowledge needed to pursue an education in Business, Law or the Social Sciences. These varied subjects areas can help you access an exciting career in anything from legal practice to business consultancy. This course will prepare you for university study, enabling you to succeed on an undergraduate degree.

Example careers: Accountant | Construction Manager | Criminologist | Diplomat | Economist | Financial Analyst | Marketing Executive

Example careers: Accountant | Construction Manager | Criminologist | Diplomat | Economist | Financial Analyst | Marketing Executive

Course modules (see page 44 for module contents)

2 terms

2.5 and 3 terms

3.5 and 4 terms

All students study these modules to gain a solid base of skills:
- English for Academic Purposes
- Extended Project

You’ll also take 2–3 of the following that best fit your degree and career goals (for progression to some degrees, the University will require you to take particular modules):
- Contemporary Global Issues
- Entrepreneurship
- Historical Perspectives
- Intermediate Mathematics
- Logic and Critical Thinking
- Mathematics
- People, Culture and Society
- Statistics

You’ll also study these modules if your English level is below UKVI IELTS 5.5:
- English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 3
- Speaking and Listening 3

Or if you have at least UKVI IELTS 5.5, or do not need to take an IELTS test, you’ll study these modules:
- Critical Reading, Writing and Reasoning for Higher Education
- Independent and Collaborative Study Plus 2 of the following 4:
  - Digital Applications
  - Preparatory Mathematics
  - Preparatory Statistics
  - UK Society and Culture

Study additional modules to help you reach university:
- English for Academic Study 2
- Reading and Writing 2
- Speaking and Listening 2
- Study Skills Preparation

Personal development activities
During your pathway course, you’ll also work on developing your online personal portfolio and practical skills, giving you a truly well-rounded experience. See page 47 for more details.

Your degree possibilities
See page 30 for specific degrees that this Foundation Certificate can lead to.
Foundation Certificate for Computing

In the modern world, Computing is such an important field of study. With an education in this area, you’ll be prepared for a successful future career, and will have a set of skills that are valuable to employers. On this course, you will develop the necessary skills for an undergraduate degree in a related field.

Example careers: Applications Developer | Digital Media Specialist | Games Developer | IT Consultant | Systems Developer

Undergraduate pathway
course modules

Find out what you’ll study in your course modules in the summaries below.

2-term modules

Accounting and Finance for Managers
Apply main principles and techniques for financial reporting and analysis and management accounting.

Biology
Gain an understanding of biological systems and organisms, and learn about key laboratory processes.

Business Development and Entrepreneurship
Learn to produce and present a business plan, and apply consultancy techniques.

Chemistry
Gain an understanding of chemical reactions, fundamental particles and the periodic table.

Contemporary Global Issues
Explore the big issues facing humanity in the 21st century, and critically evaluate their causes and effects.

Creative Practice and Portfolio
Research the work of selected practitioners in your field, responding to and evaluating their work, in your own illustrative portfolio.

Economics
Gain an understanding of macro and micro economics, and explore current trends and issues in the field.

English for Academic Purposes
Develop your English to the level you need for university study, and to really get involved in academic discussions.

Entrepreneurship
Familiarise yourself with varied concepts of creativity, entrepreneurship and innovation, and how to apply them in business.

Extended Project
Learn how to plan, carry out and report an extended project. You can choose a project topic that matches your degree and career goals, and personal interests.

Financial and Management Accounting
Interpret financial statements and explore the relationship between IT and the processing of financial information.

Historical Perspectives
Gain an understanding of the historical context of your chosen degree area, and skills such as researching, evaluating and interpreting sources.

Information Systems Analysis and Design
Explore conceptual data models and the use of system blueprints.

Information Technology
Discover the key principles of conceptual systems modelling.

Introduction to Information Systems
Discover the key principles of conceptual systems modelling.

Language for Study 3
Make complex arguments in English and learn to synthesise academic sources.

Logic and Critical Thinking
Explore the concepts, history and skills relating to logic and critical thinking, and how they apply in real-world contexts.

Marketing in the Operational Context
Learn about marketing as it is used within a business, and the impact of core activities on performance.

Mathematics
Develop your mathematical skill set in areas such as algebra, decision maths, probabilities and statistics.

Maths for Computing 1
Develop relevant mathematics skills to solve basic computing related problems.

Maths for Computing 2
Further develop and apply mathematical skills used to solve a range of problems in a computing context.

Networking
Gain an understanding of the key theories relating to contemporary computer networks.

Organisational Behaviour
Explore the effects of managements, human resources and organisations in a global context.

People, Culture and Society
Learn about the history, theories and issues that relate to human culture and society around the world.

Physics
Gain an understanding of areas such as astrophysics, electromagnetism, mechanics and thermodynamics.

Python Programming and Computer Technology
Create basic programming algorithms to solve problems, and develop an awareness of how computer systems work at a fundamental level.

Quantitative Methods for Business
Learn about quantitative techniques as used in the modern business environment.

Skills for Study 2
Gain useful analytical skills in written and spoken information.

Software Design and Implementation
Discover the structure of procedural code and object orientated programme design.

Statistics
Learn basic algebra, as well as the skills needed to analyse and apply statistics in a range of ways.

Visual Culture
Using an annotated visual research journal, evaluate key practitioners and movements and their historical, cultural and political contexts.

Web Development
Create a high quality website, incorporating developed web-based content using a web IDE and content management system.

Continues on next page
Undergraduate pathway
course modules

(continued)

2.5 and 3-term modules

Art, Design and Media
Explore a range of materials, workshop techniques, processes and practical skills, and begin to develop your research, interpretation and critical evaluation skills.

Critical Reading, Writing and Reasoning for Higher Education
Enhance your ability to read and understand complex ideas in English, and to compose convincing written arguments.

Digital Applications
Develop your digital skillset, helping you use digital tools to support academic study, including using and citing digital sources.

English for Academic Study 3
Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Independent and Collaborative Study
Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

Language for Study 1
Develop your ability to reason and debate academic ideas in English.

Language for Study 2
Further improve your English to comprehend and convey complicated ideas.

Mathematics and Information
Develop your understanding of basic IT and mathematics, and how to use computers for university-level study.

Modern British Society and Culture
Learn about life in the UK, and about British society and history.

Personal Development and Study Skills
Gain key study and numeracy skills, and learn how to develop personally.

Preparatory Mathematics
Develop your numeracy skills, including algebra, geometry and graphs.

Preparatory Science
Gain an introduction to core scientific knowledge, and subject-specific language required to study the sciences.

Preparatory Statistics
Build on your knowledge of using statistics, including the use of data to illustrate facts and support theories.

Reading and Writing 3
Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

Skills for Study 1
Develop skills in note-taking, presenting and writing essays, as well as in analysing written and spoken information.

Speaking and Listening 3
Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

UK Society and Culture
Learn more about the culture and society of the UK, and how it differs from others.

3.5 and 4-term modules

English for Academic Study 2
Improve your English grammar and vocabulary in order to communicate in an academic environment.

General English
Develop your English language accuracy and range to engage in everyday situations whilst living in the UK and studying at the College.

Reading and Writing
Improve your ability to read concepts in English and write about academic ideas.

Reading and Writing 2
Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Speaking and Listening
Develop your ability to listen to concepts in English and talk about academic ideas.

Speaking and Listening 2
Practise listening and speaking so that you are better prepared for academic debate and discussion.

Study Skills Preparation
Gain an introduction to the wide range of skills and strategies you’ll need to succeed at university, such as research methods and using and citing sources.

Personal development activities

Culture and activities
We’ll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

Digital and employability skills
Outside of your academic learning, you’ll also be taught skills that will be useful at university and later in life. You’ll receive help in making the most of your creativity, improving your communication and developing your digital skills. We’ll also help you build a CV, portfolio and online profile to empower you after you graduate.

Social network
Forming a strong social network can be very beneficial, even if it’s just to discuss and debate ideas. Not only will you get to know your classmates, you’ll also have opportunities to join professional bodies, and network with students and industry professionals — something that can be really helpful when you go on to start a career.
Postgraduate pathways

You have 2 great Pre-Master’s options at Nottingham Trent International College (NTIC), and both lead to a postgraduate degree at Nottingham Trent University (NTU). The best Pre-Master’s for you will depend on your English language level and subject preference.

Pre-Master’s
Offered for the following subject areas:
Business, Law and Social Sciences  page 52
Computing  page 54

Graduate
with an NTU degree

Your path, your way: a course to fit your needs
• Your Pre-Master’s course will have a special combination of modules that’s designed to fit your degree and career aspirations. This means your course is matched to your unique goals.
• Some of these modules will be taken by you and all other students on your course. This gives you a solid base of common study skills that you’ll need at university.
• In many cases, you can also customise your course by choosing some or all additional modules from a selection.
• During your Pre-Master’s, you’ll have frequent assessments to check that you’re on track to progress to your Nottingham Trent degree.

Guaranteed entry
You’re guaranteed entry to your postgraduate degree at NTU if you pass your NTIC Pre-Master’s at the required level, with good attendance.

“I’m so glad I took the Pre-Master’s course, as I’ve learned how to research and how to give academic presentations. I know the experience at the International College will help me become a great lawyer.”
Emmanuel from Nigeria
Followed his path from a Pre-Master’s to LLM Law

What’s the right path for me?
Turn to page 50 to find the postgraduate degree you want, and to see which pathway course or courses lead there.
Choose your postgraduate degree

Find your preferred NTU postgraduate degree in the tables below, and use the key to discover which Nottingham Trent International College pathway course is right for you.

Postgraduate pathway

course modules

Find out what you’ll study in your course modules in the summaries below.

2-term modules

Advanced Social Science
Learn about the key theories in social sciences, and their relation to methodologies in the field.

Advanced Statistics
Critique research data and apply statistical tools in the analysis of research quality.

Engineering, Science and Society
Explore and debate ethical issues surrounding research and innovation in the sciences.

English for Academic Purposes
Develop your English to the level you need for university study, and to really get involved in academic discussions.

Philosophy, History and Culture
Explore Western philosophy and its history, and analyse world events in a historical and cultural context.

Project Management
Gain key skills in project management, and apply your knowledge to a project.

Research Project
Plan, execute and report a comprehensive research project. You can choose a research topic based on your degree and career goals, and personal interests.

Strategic Management
Explore concepts of strategic management, and evaluate their impact on businesses.

UK Society and Culture (Advanced)
Learn more about a range of aspects of British culture, as well as British cultural and social institutions.

2.5 and 3-term modules

English for Academic Study 3
Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Independent and Collaborative Study
Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

Reading and Writing 3
Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

Speaking and Listening 3
Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

Personal development activities (all courses)

Culture and activities
We’ll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

Digital and employability skills
Outside of your academic learning, you’ll also be taught skills that will be useful at university and later in life. You’ll receive help in making the most of your creativity, improving your communication and developing your digital skills. We’ll also help you build a CV, portfolio and online profile to empower you after you graduate.

Social network
Forming a strong social network can be very beneficial, even if it’s just to discuss and debate ideas. Not only will you get to know your classmates, you’ll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start a career.

3.5 and 4-term modules

English for Academic Study 2
Improve your English grammar and vocabulary in order to communicate in an academic environment.

Reading and Writing 2
Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Speaking and Listening 2
Practice listening and speaking so that you are better prepared for academic debate and discussion.

Study Skills Preparation
Gain an introduction to the wide range of skills and strategies you’ll need to succeed at university, such as research methods and using and citing sources.

Study Skills Preparation
Gain an introduction to the wide range of skills and strategies you’ll need to succeed at university, such as research methods and using and citing sources.
Start your path
How to apply

Applying to Nottingham Trent International College with Kaplan is easy! Just follow this step-by-step-guide, and if you have any questions, we’ll be happy to help.

Join us at Nottingham Trent International College in 10 simple steps

1. Apply online at: kaplanpathways.com/nottingham-trent-apply
2. Submit supporting documents, including a copy of your passport and any previous UK visas, now or at a later stage
3. Receive an admissions decision
4. Meet the conditions of your offer
5. Pay deposit and administration fee or send financial guarantee to accept your offer, and book your accommodation*
6. Receive accommodation agreement, pre-arrival guide and CAS (Confirmation of Acceptance for Studies)
7. Apply for a visa — see gov.uk/ukvi for more information
8. Receive your visa and send us a scan
9. Book your flight and fill in the online pre-arrival form
10. Arrive in Nottingham — we look forward to welcoming you to the College

Questions and answers

If you still have questions about studying at Nottingham Trent University, see the answers below. Alternatively, you can contact us for more information. You’ll find contact details on page 63.

How much money do I need to study at NTIC?

Studying in the UK is a big investment, so you need to plan ahead. You must have at least £1,015 for each month of your NTIC pathway course, up to a maximum of 9 months, as well as funds to cover any unpaid tuition fees. This money must be held in a recognised bank account for at least 28 days before you apply for your Tier 4 (General) student visa. See the guide below for more information on costs.

What supporting items do I need to provide?

For your study application to be complete, you need to send a few extra documents. These include:

- copies of your passport and any previous UK visas
- IELTS certificate (UKVI Academic)
- academic transcripts (plus certified translations if the originals aren’t in English)

You can still apply without all these items, and submit them later.

Are scholarships available?

Some partial tuition fee scholarships for pathway courses and degrees are available for students who achieve good grades. Learn more at: kaplanpathways.com/how-to-apply/scholarships

Do I need a guardian during my studies?

If you are under 18 years old, you’ll need a legal guardian in the UK until you reach 18. This is something we can help arrange. Find out more at: collegeguardians.co.uk

Do I need insurance during my course?

You’ll need to be fully covered by student insurance for all of your pathway course in the UK. We offer a comprehensive policy in partnership with Endsleigh, a leading insurance provider. Find out more at: kaplanpathways.com/insurance

Do I need to bring a laptop?

During your studies, you will need a laptop or other device; if you don’t have one, we can help you purchase one when you arrive.

This prospectus has been drafted in advance of the academic year to which it applies. Every effort has been made to ensure that the information is accurate at the time of publishing, but changes (for example to course content) are likely to occur given the interval between publishing and commencement of the course. It is therefore very important to check the website or contact us for any updates before you apply. Once you have applied, any changes which impact the terms and conditions of your offer or a significant part of your programme will be communicated to you. Published December 2018.

Nottingham Trent International College is operated by Kaplan NT Limited (Company number: 05268287), with registered office: 2nd Floor, Warren Building, Kensington Village, Avarno Road, London W14 8HQ.

We look forward to welcoming you soon!
