Kaplan International College London

Course information

This booklet contains information about the pathway courses at Kaplan International College London with progression to our partner universities. Choose your preferred university and degree, and discover which course you need to take to gain entry. You can also see further information about the courses, including tuition fees, start dates, entry requirements and module summaries.

Undergraduate pathways
Progression degrees

Foundation Certificate:
Art and Design  12  03
Business, Law and Social Sciences  14
Science and Engineering  16

International Year One:
Business  18  03
Engineering  20

Module summaries  22

Postgraduate pathways
Progression degrees  27

Pre-Master’s:
Business, Law and Social Sciences  32
Science and Engineering  34

Module summaries  36

Pre-Doctorate:
Course information  38

Module summaries  39

For pathway courses starting between: September 2021 and July 2022
Leading to degree entry in: 2022 or 2023
Published: February 2021, updated August 2021

Mathematics
BSc (Hons) Mathematical Economics and Statistics 8
BSc (Hons) Mathematics 5
BSc (Hons) Mathematics and Computer Science 1
BSc (Hons) Mathematics and Computer Science 1
BSc (Hons) Mathematics with an International Year 5
BSc (Hons) Mathematics with Business Management 5

Environment and Agriculture
MSci (Hons) Environmental Science 5
MSci (Hons) Geography 5

Law
LLB (Hons) International Law and Globalisation 8
LLB (Hons) Law 8
LLB (Hons) Law with Business Studies 8
LLB (Hons) Law with German Law 8

Computing
BSc (Hons) Artificial Intelligence and Computer Science 8
MSci (Hons) Computer Science 8
MSci (Hons) Computer Science/Software Engineering 8

Education
BA (Hons) Education 8
BA (Hons) Education and Sociology 8

Engineering
MEng Aerospace Engineering 5 E1
BEng (Hons) Aerospace Engineering 5 E1
BEng (Hons) Chemical Engineering 8
BEng (Hons) Civil and Railway Engineering 5 E1
BEng (Hons) Civil and Railway Engineering 5 E1
BEng (Hons) Civil Engineering 5 E1
BEng (Hons) Civil Engineering 5 E1
BEng (Hons) Electrical and Railway Engineering 5 E1
BEng (Hons) Electrical and Railway Engineering 5 E1
BEng (Hons) Electronic and Electrical Engineering 5 E1
BEng (Hons) Electronic and Electrical Engineering 5 E1
BEng (Hons) Engineering 5 E1
BEng (Hons) Engineering 5 E1
BEng (Hons) Materials Science and Engineering 5 E1
BEng (Hons) Materials Science and Engineering 5 E1
BEng (Hons) Mechanical and Materials Engineering 5 E1
BEng (Hons) Mechanical and Materials Engineering 5 E1
BEng (Hons) Mechanical Engineering 5 E1
BEng (Hons) Mechanical Engineering 5 E1
BEng (Hons) Mechanical Engineering (Automotive) 5 E1
BEng (Hons) Mechanical Engineering (Automotive) 5 E1
BEng (Hons) Mechanical Engineering (Automotive) 5 E1
BEng (Hons) Mechanical and Robotic Engineering 5 E1
BEng (Hons) Mechanical and Robotic Engineering 5 E1
BEng (Hons) Nuclear Engineering 5 E1
BSc (Hons) Nuclear Science and Materials 5

Key:
B: Foundation Certificate for Business, Law and Social Sciences
S: Foundation Certificate for Science and Engineering

### Business and Finance
- BSc (Hons) Accounting and Management
- BSc (Hons) Business Management
- BSc (Hons) Business Management with Mandarin Chinese
- BSc (Hons) Business with Law
- BSc (Hons) Business with Economics
- BSc (Hons) Economics and Finance
- BSc (Hons) Economics and International Finance
- BSc (Hons) Economics and Politics
- BSc (Hons) Economics, Finance and Management
- BSc (Hons) Economics, Statistics and Mathematics
- BSc (Hons) Finance
- BSc (Hons) International Business
- BSc (Hons) Marketing and Management

### Computing
- BSc (Hons) Computer Science
- BSc (Hons) Computer Science and Mathematics
- BSc (Hons) Computer Systems Engineering
- BSc (Eng) (Hons) Creative Computing
- BSc (Hons) Software Engineering for Business
- BSc (Eng) (Hons) Computer Systems Engineering
- BSc (Hons) Computer Science
- BSc (Hons) Computer Science and Mathematics
- BSc (Hons) Computer Science
- BSc (Hons) Computing

### Engineering
- BEng (Hons) Chemical Engineering
- BEng (Hons) Biomedical Engineering
- BEng (Hons) Aerospace Engineering
- BEng (Hons) Materials Science and Engineering
- BEng (Hons) Mechanical Engineering
- BEng (Hons) Robotic Engineering
- BEng (Hons) Sustainable Energy Engineering

### Environment and Agriculture
- BSc (Hons) Environmental Science
- BSc (Hons) Environmental Science with Business Management

### Law
- LLB (Hons) English and European Law
- LLB (Hons) Global Law
- LLB (Hons) Law
- LLB (Hons) Law and Politics
- LLB (Hons) Law with Business

### Mathematics
- BSc (Hons) Mathematical Science
- BSc (Hons) Mathematics
- BSc (Hons) Mathematics with Finance and Accounting
- BSc (Hons) Mathematics with Management
- BSc (Hons) Mathematics (Pure)
- BSc (Hons) Pure Mathematics

### Science and Health
- BSc (Hons) Biotechnology
- BSc (Hons) Biomedical Science
- BSc (Hons) Chemistry
- BSc (Hons) Medical Genetics
- BSc (Hons) Neuroscience
- BSc (Hons) Pharmaceutical Chemistry
- BSc (Hons) Pharmacology and Innovative Therapeutics
- BSc (Hons) Physics
- BSc (Hons) Physics with Astrophysics
- BSc (Hons) Physics with Data Science
- BSc (Hons) Physics with Particle Physics
- BSc (Hons) Physics with Professional Experience
- BSc (Hons) Psychology
- BSc (Hons) Psychology with Professional Experience
- BSc (Hons) Zoology

### Social Science and Humanities
- BA (Hons) Geography
- BA (Hons) Geography
- BA (Hons) Human Geography
- BA (Hons) International Relations
- BA (Hons) Politics
- BA (Hons) Politics and International Relations
- BA (Hons) Politics and Sociology
- BA (Hons) Politics with Business Management

Footnotes:
1. Available with additional year of studying abroad
2. Including a year abroad
3. Available with additional year abroad or in industry/research
4. Including additional year abroad or professional placement
5. 4-year course

4 terms  £23,700  February 2022  June 2023  2 terms of Extended English and Skills modules

* UKVI IELTS alternatives: we can accept alternative tests as proof of English language. Learn more at: kaplanpathways.com/uk/ielts/

Academic entry requirements: for all course options above, you need to have completed high school at the required level. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: kaplanpathways.com/kicl/ug-degrees

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we’ll check your English and academic level again to make sure you’re on the most suitable study plan, with modules that best fit your skills and goals. This flexibility means that you can follow your path to university, your way.

Common modules taken by all students:
› Creative Practice and Portfolio
› English for Academic Purposes

You will also take 2 of the following modules that fit your degree and career goals†:
› Entrepreneurship
› Intermediate Digital Applications
› People, Culture and Society
› Visual Culture

Personal development activities: during your course, you’ll also have activities to build practical, digital and employability skills.

Learn more about modules: you’ll find module summaries later in this booklet.

Extra support: for courses of over 2 terms, you will also take Extended English and Skills modules before the modules to the left.

Students with UKVI IELTS 4.5 or 5.0 will typically take:
› English for Academic Study 3
› Independent and Collaborative Study
› Reading and Writing 3
› Speaking and Listening 3

Students with UKVI IELTS 4.0 will typically take:
› English for Academic Study 2 + English for Academic Study 3
› Independent and Collaborative Study
› Reading and Writing 2 + Reading and Writing 3
› Speaking and Listening 2 + Speaking and Listening 3
› Study Skills Preparation

† For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

All students will take the following modules:
- English for Academic Purposes
- Financial Accounting
- Introduction to Marketing Principles and Consumer Behaviour
- Management Accounting and Financial Management
- Organisational Behaviour
- Quantitative Methods and Information Systems for Business
- The Business Environment

Personal development activities: during your course, you’ll also have activities to build practical, digital and employability skills. Learn more about modules: you’ll find module summaries later in this booklet.

International Year One (IYO) with Internship
This integrated course includes an online internship as the final term, with all terms taken in the UK.
- For a 3-term IYO with Internship, terms 1 and 2 will follow the standard curriculum and modules of the 2-term course above.
- For a 3.5 or 4-term IYO with Internship, you’ll also take 0.5 or 1 term(s) of modules from Enhancement and Extended English and Skills options at the start of your course.

Learn more later in this booklet or on our website: kaplanpathways.com/internship-9y

Extra support: for most courses of over 2 terms, you will take additional modules from a selection of Enhancement and Extended English and Skills options (depending mainly on your IELTS score) before the modules to the left.

Students with at least UKVI IELTS 5.5: you can study a 2.5 or 3-term course that typically includes Enhancement modules to maximise your university preparation:
- Critical Reading, Writing and Reasoning for Higher Education
- Independent and Collaborative Study

Plus up to 2 of these modules:
- Digital Applications
- Preparatory Mathematics
- Preparatory Statistics
- UK Society and Culture

Students with less than UKVI IELTS 5.5: you will typically study Extended English and Skills modules to improve your English language level and academic skills.

Students with UKVI IELTS 4.5 or 5.0 will typically take:
- English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 3
- Speaking and Listening 3

Students with UKVI IELTS 4.0 will typically take:
- English for Academic Study 2 + English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 2 + Reading and Writing 3
- Speaking and Listening 2 + Speaking and Listening 3
- Study Skills Preparation

</table>

All students will take the following modules:
- Electrical and Electronic Engineering Principles 1
- English for Academic Purposes
- Mathematics for Engineering
- Mechanical Stress and Dynamics
- Programming
- Research Design and Development
- Thermofluids

Personal development activities: during your course, you’ll also have activities to build practical, digital and employability skills.
Learn more about modules; you’ll find module summaries later in this booklet.

International Year One (IYO) with Internship
This integrated course includes an online internship as the final term, with all terms taken in the UK.
- For a 3-term IYO with Internship, terms 1 and 2 will follow the standard curriculum and modules of the 2-term course above.
- For a 3.5 or 4-term IYO with Internship, you’ll also take 0.5 or 1 term(s) of modules from Enhancement and Extended English and Skills options at the start of your course.

Learn more later in this booklet or on our website: kaplanpathways.com/internship-iyo

Extra support: for most courses of over 2 terms, you will take additional modules from a selection of Enhancement and Extended English and Skills options (depending mainly on your IELTS score) before the modules to the left.

Students with at least UKVI IELTS 5.5: you can study a 2.5 or 3-term course that typically includes Enhancement modules to maximise your university preparation:
- Critical Reading, Writing and Reasoning for Higher Education
- Independent and Collaborative Study

Plus up to 2 of these modules:
- Digital Applications
- Preparatory Mathematics
- Preparatory Science
- Preparatory Statistics
- UK Society and Culture

Students with less than UKVI IELTS 5.5: you will typically study Extended English and Skills modules to improve your English language level and academic skills.

Students with UKVI IELTS 4.5 or 5.0 will typically take:
- English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 3
- Speaking and Listening 3

Students with UKVI IELTS 4.0 will typically take:
- English for Academic Study 2 + English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 2 + Reading and Writing 3
- Speaking and Listening 2 + Speaking and Listening 3
- Study Skills Preparation

* UKVI IELTS alternatives: we can accept alternative tests as proof of English language. Learn more at kaplanpathways.com/uk/ielts/

Academic entry requirements: for all course options above, you need to have completed high school at the required level.
For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: kaplanpathways.com/kicl/ug-degrees

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we’ll check your English and academic level again to make sure you’re on the most suitable study plan, with modules that best fit your skills and goals. This flexibility means that you can follow your path to university, your way.
Academic study, including using and you use digital tools to support
Develop your digital skillset, helping digital applications
Arguments.
and to compose convincing written
Research the work of selected
Creative practice and portfolio
Explore the big issues facing humanity
Contemporary Global Issues
Explore the big issues facing humanity in the 21st century, and critically
evaluate their causes and effects.
Entrepreneurship
Familiarise yourself with varied concepts of creativity,
Entrepreneurship and innovation, and how to apply them in business.
Extended Project
Learn how to plan, carry out and report an extended project; you can choose
a project topic that matches your degree and career goals, and personal
interests.
Financial Accounting
Learn about standard accounting conventions, and the role of financial
accounting within organisation.
Historical Perspectives
Gain an understanding of the historical context of your chosen degree area,
and skills such as researching, evaluating and interpreting sources.
Independent and Collaborative Study
Work individually and in teams on an academic task, and practise applying
your subject knowledge and study skills.
Information Technology
Discover the key concepts of computer science, including data representation
and programming languages.
Intermediate Digital Applications
Develop skills in problem-solving and creative practice using a range of
software packages appropriate to your field of study.
Intermediate Mathematics
Expand your knowledge of mathematical concepts including algebra, geometry, problem-solving, trigonometry and vectors.
Introduction to Marketing
Principles and Consumer Behaviour
Learn about basic theories of marketing and consumer behaviour, using real-world examples and individual consumer experiences.
Logic and Critical Thinking
Explore the concepts, history and skills relating to logic and critical thinking, and how they apply in real-world contexts.
Management Accounting and Financial Management
Gain an understanding of key issues in management accounting, process costing, and profitability analysis.
Mathematics
Develop your mathematical skillset in areas such as algebra, decision maths, probabilities and statistics.
Mathematics for Engineering
Learn mathematical methods, symbolism and notation of engineering, as well as calculus differentiations, integration and differential equations.
Mechanical Stress and Dynamics
Develop an understanding of dynamics including stress and strain, shear force and bending, and Newton’s laws of motion, momentum and force impulse.
Organisational Behaviour
Gain an understanding of management of work in organisations, and human resources and organisations in a global context.
People, Culture and Society
Learn about the history, theories and issues that relate to human culture and society around the world.
Physics
Gain an understanding of astrophysics, electromagnetism, mechanics and thermodynamics.
Preparatory Mathematics
Develop your numeracy skills, including algebra, geometry and graphs.
Preparatory Science
Gain an introduction to core scientific knowledge, and subject-specific language required to study the sciences.
Preparatory Statistics
Build on your knowledge of using statistics, including the use of data to illustrate facts and support theories.
Programming
Learn the basics of programming, engineering principles in the software industry, and how to use software systems to solve engineering problems.
Quantitative Methods and Information Systems for Business
Learn quantitative techniques used in industry, and analyse and interpret data and information systems in a business context.
Research Design and Development
Learn about the methods, tools, manufacturing techniques and materials used in engineering design, planning and implementation of a practical group project.
Speaking and Listening 2
Practise listening and speaking so that you are better prepared for academic debate and discussion.
Speaking and Listening 3
Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.
Statistics
Learn basic algebra, as well as the skills needed to analyse and apply statistics in a range of ways.
Online internship
You’ll take an online work placement as your final term if you study the International Year One with Internship.

The internship is offered in partnership with Virtual Internships, a leading education company in the field. This gives you the chance to gain valuable work experience at one of 3,500+ companies around the world.

You will be assigned one of 18 career fields on your course, based on your chosen progression degree. This will all help you develop important skills, practise your English and give you some great experience to add to your CV.

Find out more on our website: kaplanpathways.com/internship-iyo

Personal development activities (all courses)
Culture and activities
We’ll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

Employability and digital skills
Outside of your academic learning, you’ll also be taught skills that will be useful at university and later in life. You’ll receive help in making the most of your creativity, improving your communication and developing your digital skills. We’ll also help you build a CV, portfolio and online profile to empower you after you graduate.

Social networking
Forming a strong social network can be very beneficial, even if it’s just to discuss and debate ideas. Not only will you get to know your classmates, you’ll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start your career.

### Key:
- **B:** Pre-Master’s for Business, Law and Social Sciences
- **S:** Pre-Master’s for Science and Engineering

#### Business and Finance
- **MSc Air Transport Management**
- **MSc Airport Planning and Management**
- **MSc Finance and Management**
- **MSc Investment Management**
- **MSc Logistics and Supply Chain Management**
- **MSc Management**
- **MSc Management and Corporate Sustainability**
- **MSc Management and Entrepreneurship**
- **MSc Management and Human Resource Management**
- **MSc Management and Information Systems**
- **MSc Procurement and Supply Chain Management**

#### Computing
- **MSc Computer and Machine Vision**
- **MSc Robotics**
- **MSc Software Engineering for Technical Computing**

#### Engineering
- **MSc Advanced Chemical Engineering**
- **MSc Advanced Thermal Energy Systems**
- **MSc Advanced Mechanical Engineering**
- **MSc Advanced Process Engineering**
- **MSc Astronautics and Space Engineering**
- **MSc Automotive Engineering**
- **MSc Automotive Mechanics**
- **MSc Computational and Software Techniques in Engineering**
- **MSc in Design Thinking**
- **MSc Engineering and Management of Manufacturing Systems**
- **MSc Environmental Engineering**
- **MSc Explosives Ordnance Engineering**
- **MSc Earth Systems Design**
- **MSc in Aerospace Vehicle Design - Aircraft Design**
- **MSc in Aerospace Vehicle Design - Structural Design**
- **MSc in Connected and Autonomous Vehicle Engineering (Automotive)**
- **MSc in Maintenance Engineering and Asset Management**
- **MSc Metal Additive Manufacturing**
- **MSc Offshore Engineering**
- **MSc Safety and Human Factors in Aviation**
- **MSc Welding Engineering**

#### Environment and Agriculture
- **MSc Advanced Water Management**
- **MSc Environmental Management for Business**
- **MSc Food Systems and Management**
- **MSc Future Food Sustainability**
- **MSc Geographical Information Management**
- **MSc in Thermal Power - Power, Propulsion and the Environment**
- **MSc Land Reclamation and Restoration**
- **MSc Renewable Energy**
- **MSc Thermal Power**
- **MSc Water and Sanitation for Development**
- **MSc Water and Wastewater Engineering**

#### Marketing and Media
- **MSc Strategic Marketing**

#### Science and Health
- **MSc Advanced Lightweight and Composite Structures**
- **MSc Advanced Materials**
- **MSc Aerospace Dynamics**
- **MSc Aerospace Manufacturing**
- **MSc Aerospace Materials**
- **MSc Applied Bioinformatics**
- **MSc Autonomous Vehicle Dynamics and Control**
- **MSc Computational Fluid Dynamics**
- **MSc Computational Fluid Dynamics**
- **MSc Energy Systems and Thermal Processes**
- **MSc Forensic Investigation of Heritage Crime**
- **MSc in Aerospace Vehicle Design - Aeronautical Systems Design**
- **MSc in Applied Artificial Intelligence**
- **MSc in Thermal Power - Aerospace Propulsion**
- **MSc in Thermal Power - Gas Turbine Technology**
- **MSc in Thermal Power - Rotating Machinery, Engineering and Management**
- **MSc Manufacturing Technology and Management**
- **MSc Military Vehicle Technology**

#### Social Science and Humanities
- **MSc Defence Simulation and Modelling**
- **MSc Forensic Archaeology and Anthropology**
- **MSc Forensic Ballistics**
- **MSc Forensic Investigation**
- **MSc Military Operational Research**

### Key:
- **B:** Pre-Master’s for Business, Law and Social Sciences

#### Business and Finance
- **MSc International Business and Politics**

* UKVI IELTS alternatives: we can accept alternative tests as proof of English language. Learn more at: kaplanpathways.com/uk/ielts/

Academic entry requirements: for all course options above, you need to have completed at least 3 years of higher education in a suitable subject.

For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder:
kaplanpathways.com/kicl/pg-degrees

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you’re on the most suitable study plan, with modules that best fit your skills and goals. This flexibility means that you can follow your path to university, your way.

Common modules taken by all students:
> English for Academic Purposes
> Research Project

You will also take 2 of the following modules to prepare for postgraduate study†:
> Advanced Social Science
> Advanced Statistics
> Philosophy, History and Culture
> Project Management
> Strategic Management
> UK Society and Culture (Advanced)

Personal development activities: during your course, you'll also have activities to build practical, digital and employability skills.

Learn more about modules: you'll find module summaries later in this booklet.

Extra support: for courses of over 2 terms, you will also take Extended English and Skills modules before the modules to the left.

Students with UKVI IELTS 5.0 will typically take these additional modules as part of a 2.5 or 3-term course:
> English for Academic Study 3
> Independent and Collaborative Study
> Reading and Writing 3
> Speaking and Listening 3

Students with UKVI IELTS 4.5 will typically take these additional modules as part of a 3.5 or 4-term course:
> English for Academic Study 2 + English for Academic Study 3
> Independent and Collaborative Study
> Reading and Writing 2 + Reading and Writing 3
> Speaking and Listening 2 + Speaking and Listening 3
> Study Skills Preparation

Advanced Mathematics
You’ll develop a wide range of mathematical and analytical skills essential for postgraduate study in mathematics, engineering and related disciplines.

Advanced Social Science
Learn about the key theories in social sciences, and their relation to methodologies in the field.

Advanced Statistics
Develop a comprehensive mathematical skillset, including the analytical skills required for postgraduate study.

Engineering, Science and Society
Gain an awareness of ethical issues and debates surrounding research and innovation in the sciences.

English for Academic Purposes
Develop your English to the level you need for university study, and to really get involved in academic discussions.

English for Academic Study 2
Improve your English grammar and vocabulary in order to communicate in an academic environment.

English for Academic Study 3
Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Independent and Collaborative Study
Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

Philosophy, History and Culture
Explore Western philosophy and its history, and analyse events and developments in your degree in a historical and cultural context.

Project Management
Gain key skills in project management, and apply your knowledge to a project based on emerging technologies.

Reading and Writing 2
Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Reading and Writing 3
Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

Research Project
Plan, execute and report a comprehensive research project; you’ll choose a research topic based on your degree and career goals, and personal interests.

Speaking and Listening 2
Practise listening and speaking so that you are better prepared for academic debate and discussion.

Speaking and Listening 3
Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

Strategic Management
Explore key concepts of strategic management, and evaluate their impact on businesses and their operations.

Study Skills Preparation
Gain an introduction to the wide range of skills and strategies you’ll need to succeed at university, such as research methods and using and citing sources.

UK Society and Culture (Advanced)
Learn more about a range of aspects of British culture, as well as British cultural and social institutions.

Personal development activities (all courses)
Culture and activities
We’ll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

Digital and employability skills
Outside of your academic learning, you’ll also be taught skills that will be useful at university and later in life. You’ll receive help in making the most of your creativity, improving your communication and developing your digital skills. We’ll also help you build a CV, portfolio and online profile to empower you after you graduate.

Social networking
Forming a strong social network can be very beneficial, even if it’s just to discuss and debate ideas. Not only will you get to know your classmates, you’ll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start a career.
Kaplan International College London

Pre-Doctorate

A Pre-Doctorate will help you prepare for a doctoral degree in the UK. If you successfully complete your course, you’ll be guaranteed an interview at one of our partner universities, provided your research area matches their research priorities.

* UKVI IELTS alternatives: we can accept alternative tests as proof of English language. Learn more at: kaplanpathways.com/uk/ielts/

Leading to degrees at:
University of Aberdeen  |  Cranfield University  |  University of Liverpool  |  UWE Bristol
We can also help you to apply for entry to doctoral degrees at other universities in the UK.

All students will take these core modules:
› Academic Writing and Communication Skills
› Research Proposal Design for Doctoral Study
› The Doctoral Candidate

If you’re on a 3-term course, you’ll also study:
› Critical Reading, Writing and Reasoning for Higher Education 2
› English for Academic Study 3
› Reading and Writing 3
› Speaking and Listening 3

If you’re on a 3-term course, you’ll study all of the modules to the left, plus:
› English for Academic Study 2
› Reading and Writing 2
› Speaking and Listening 2
› Critical Reading, Writing and Reasoning for Higher Education 1

Research Proposal Design for Doctoral Study
Develop a research topic, understand data collection methods and plan a viable proposal for your doctorate.

Critical Reading, Writing and Reasoning for Higher Education 1
Enhance your ability to read and understand complex ideas in English, and to compose convincing written arguments.

Critical Reading, Writing and Reasoning for Higher Education 2
Develop an advanced ability to explore complex concepts and abstract ideas in written and spoken English.

English for Academic Study 2
Improve your English grammar and vocabulary in order to communicate in an academic environment.

English for Academic Study 3
Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Reading and Writing 2
Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Reading and Writing 3
Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

The Doctoral Candidate
Explore the key skills required for doctoral study, learn what makes a successful application and consider your future career.
This publication has been drafted in advance of the academic year to which it applies. Every effort has been made to ensure that the information is accurate at the time of publishing, but changes (for example to course content) are likely to occur given the interval between publishing and commencement of the course. It is therefore very important to check the website or contact us for any updates before you apply. Once you have applied, any change which impacts the terms and conditions of your offer or a significant part of your programme will be communicated to you.
