MPW offers a broad range of courses and intensive, exam-oriented tuition. It is this expertise which forms the basis of our Easter revision courses.

Our tutors are all highly qualified graduates with considerable teaching experience. Many are GCSE or A level examiners and are therefore attuned to the requirements and approaches demanded by the various examining boards.

Small classes are essential in order to provide the close attention which each student requires. There is an absolute maximum of nine students in a group, although the average is usually five or six.

We focus on the following aspects which, in our experience, are central to students’ confidence and academic performance:

- Courses are board-and syllabus-specific
- Intensive revision of core topics
- Emphasis on understanding rather than learning
- Development of appropriate question-answering techniques
- Improvement of study and revision skills

Oxbridge Programme

Oxford and Cambridge are two of the best universities in the world, with an international reputation for academic excellence. Winning a place to study there is a comprehensive and competitive process.

Around 6,600 undergraduates start their first years at Oxford or Cambridge every year and with a lot of hard work and preparation you can give yourself the best chance of being one of them.

At MPW, in addition to our world-class tuition and personal tutor system, we offer help to prospective Oxbridge candidates in three main areas:

- Details of what studying at an Oxbridge college is really like
- How to write an effective UCAS application, including sample personal statements
- Advice on how to prepare for and make a great impression at interview
- Case studies from students who have been through the Oxbridge application process
Medicine

Becoming a doctor is an incredibly popular career choice and with around ten applications made for every university place, competition is tougher than ever. It’s not enough to have top A level grades and evidence of work experience – to be in with a chance you need a sound knowledge of current medical issues and be able to demonstrate true commitment to a career in medicine.

Aspiring medical students are provided with additional support in a number covers four main areas:

- Personal statement review
- Interview practice
- Expert tuition to prepare for specialist tests
- Additional lecture series to cover topical issues

Aspiring medics at MPW are automatically enrolled onto our preparation programme free of charge.

"If you are prepared to show commitment, MPW will support you all the way. Attention to the individual, rigorous teaching and genuinely good pastoral care."

Rebecca, from Australia. Now studying Medicine at the University of Leicester.

Every year, James Barton (MPW London Director of Admissions) and Simon Horner (MPW London Head of Science) publish “Getting into Medical School”. This guide is packed with essential advice and useful tips to help land a place at the medical school of your choice, giving you everything you need to embark on your dream career.
Enrichment and Extra-Curricular

MPW students are diverse and friendly, and most take full advantage of the wide range of extra-curricular activities and projects on offer.

These activities help to develop students’ intellectual, sporting and cultural interests – and to make new friends outside the classroom.

All three colleges offer a range of different activities. Students can take part in social events ranging from raising awareness through a charity campaign, joining a debating session, playing football and netball to joining Maths Olympiads.
Accommodation

MPW students stay in a range of accommodation options. Most popular are the fully-supervised student residences, provided by Kensington Student Services (KSS).

Within walking distance of the colleges, students have the choice of single studio rooms, single en-suite or rooms with shared bathrooms. Some students choose to live with local families or in privately rented apartments or shared houses.

Live-in resident assistants and houseparents provide 24 hour support and supervision throughout term time (and ensure residents observe house rules and curfews).

All our accommodation has breakfast served daily and is part of the room package. To encourage independent living, guidance on cooking and healthy eating is provided. Our optional evening meal plan is served daily and prepared and served by our caterers or on site chefs.
