Why choose The University of Tulsa?
Expand your educational horizons at a well ranked US university with strong global connections. The University of Tulsa (TU) offers world-class research and academics, top-level sports, and a welcoming campus.

Connect with your professors
With an impressive student-to-faculty ratio at TU of just 11:1, you will get to know your professors personally. Faculty members here don’t just teach; they also become your trusted advisors and mentors. They can even help you to conduct your own advanced research project—an opportunity not always available to undergraduate students at other universities. You’ll receive the attention you need to succeed in your degree and beyond.

See what you can study at TU on page 5

Outstanding STEM facilities
A top 20 US university for Science, Technology, Engineering, and Mathematics (Forbes 2018), TU gives you access to state-of-the-art laboratories designed to build real-world skills. These include robotics, condensed matter, cybersecurity, prototyping, electron microscopy, and experimental design labs. Petroleum engineering students practice on a full-sized drilling rig on campus. Each year, TU hosts the largest computer game development competition in the central US.

Perfect location for study
Tulsa, Oklahoma combines Southern charm and hospitality with the benefits of a major city. Easy access to shops, restaurants, and entertainment options makes this a great place to live and study. Tulsa’s economy is led by the aerospace, energy, health care and high technology sectors, and the city is named in 100 Best Places For Business And Careers (Forbes 2018).

Your degree options

Choose from nearly 50 bachelor’s degrees at The University of Tulsa. Depending on your English language level, you can enter your chosen degree directly, or first complete a pathway or English preparation program.

Collins College of Business
- Accounting, BSBA
- Computer Information Systems, BSBA
- Economics, BSBA
- Energy Management, BSBA
- Finance, BSBA
- International Business & Language, BS
- Management, BSBA
- Marketing, BSBA

Spotlight on Energy Management
This interdisciplinary degree gives you a solid education in business law, finance, environmental economics and energy commodities trading. In addition to studying alternative energy sources, you’ll learn about the engineering aspects of energy-related fields. The program gives you opportunities to gain valuable experience and insight through participation in industry internships.

College of Engineering and Natural Sciences
- Applied Mathematics, BS
- Biochemistry, BS
- Biological Science, BS
- Biology, BA
- Chemical Engineering, BS
- Chemistry, BA/BS
- Computer Science, BS
- Electrical & Computer Engineering, BS
- Electrical Engineering, BS
- Engineering Physics, BS
- Geosciences, BA
- Mathematics, BA/BS
- Mechanical Engineering, BS
- Petroleum Engineering, BS
- Physics, BA/BS

Spotlight on Petroleum Engineering
Prepare for a dynamic career in the development, exploration, drilling, production, and management of oil, natural gas and other raw minerals. TU’s program, ranked 10th nationally for universities with the highest-paid petroleum engineering graduates by U.S. News Education (2019), offers great research opportunities, as well as hands-on training using professional-grade equipment.

Spotlight on Economics
Gain knowledge of resources in modern markets and develop your analytical expertise. Elective courses in this degree include Game Theory, Health Economics, Growth Theory, The Chinese Economy and more. Economics graduates go on to work in a range of professional fields such as education, health development and the environment.

Spotlight on Nursing
You will complete 5 semesters of hands-on clinical training in a new high-tech simulation lab, and gain experience in real healthcare settings. TU’s BS in Nursing boasts a job placement rate of 99%, and its licensing exam pass rates are consistently above the US national average.

Key to degree awards
- BA – Bachelor of Arts
- BFA – Bachelor of Fine Arts
- BM – Bachelor of Music
- BME – Bachelor of Music Education
- BS – Bachelor of Science
- BSBA – Bachelor of Science in Business Administration
- BSN – Bachelor of Science in Nursing

Extended work experience:
- Graduates of these programs are eligible for a 24-month STEM extension to Optional Practical Training.

See page 7 for details

Kendall College of Arts and Sciences
- Anthropology, BA/BS
- Art, BA/BFA
- Art History, BA
- Art Management, BA
- Creative Writing, BA
- Economics, BA/BS
- Education, BA/BS
- Elementary Education, BA
- English, BA
- Environmental Policy, BA/BS
- Film Studies, BA
- French, BA
- German, BA
- History, BA
- Media Studies, BA/BS
- Music, BA/BA
- Music Education, BM
- Organizational Studies, BA
- Political Science, BA
- Psychology, BA/BS
- Sociology, BA/BS
- Spanish, BA
- Women’s & Gender Studies, BA

Spotlight on Oxley College of Health Sciences
- Exercise and Sports Science, BS
- Nursing, BSN
- Speech-Language Pathology, BS

Selma from Morocco
Computer Information Systems / Computer Science, BS
“I chose TU because of its small class sizes, wide variety of majors, and high rank. The faculty are also well qualified; they really pay attention to students’ needs and provide a lot of support.”

Proffessional-level engineering facilities
Find your route to TU

Whether you need extra English preparation or you’re ready to start your degree immediately, we have a route that’s the right fit for you. Let us guide you to your best option.

Do I need a pathway or English preparation?
If you are academically qualified for a TU degree but have an English test score slightly below the minimum requirement, you will first join the pathway program. If you have a lower English level or no English test score, you can be conditionally admitted to The University of Tulsa via an English preparation program. By successfully completing either program, you are guaranteed progression to your chosen TU bachelor’s degree (see page 5 for a list of available degrees).

Can I enter a degree directly?
Yes. If you meet all the academic and English language requirements of the University, we can help you apply for direct admission to any of the TU bachelor’s degrees listed on page 5. You will start full-time undergraduate studies as soon as you arrive on campus, and do not need to study a preparation program. Our education advisors are experts in the US admissions process, and will provide valuable support before and after you make your application.

Quick guide to US undergraduate study
Bachelor’s degrees include a broad range of subjects in the core curriculum, as well as courses in the “major” – your chosen area of specialization – making it easy for students to change major in year 1 or 2.

Optional Practical Training (OPT) allows international students with an F-1 visa to stay in the USA to do paid work related to their degree after graduation. You can work for 12 months, or up to 36 months if you have a STEM degree.

SAT and ACT are standardized high school tests for US undergraduate admission. International students are not required to take either of these tests when applying to TU. However, high SAT or ACT scores can be beneficial for your application—and may even help you qualify for a scholarship.

Pathway and English preparation overview

You can be placed in one of 2 on-campus programs, depending on your English language level:

### Intensive English Program (IEP)
Build your skills in reading, writing, grammar, listening and speaking in 1 to 5 levels, each lasting 8 weeks. All levels of English are offered, including beginner. On completion of Level 3, you will progress into your bachelor’s degree at TU.

### Pathway to Academics
Improve your fluency in spoken and written English, while also earning 6-8 college credits in mathematics and college writing. These credits are transferable to your TU bachelor’s degree when you successfully complete the program.

Warm welcome
TU’s new student orientation will help you get off to the best start possible. You’ll meet key faculty and staff mentors, and also learn about important organizations and resources on campus. In some cases, you can attend a 2-day session designed especially for international students, where you’ll learn how to adjust to a US university. There’s also plenty of time for you to have fun: activity retreats, an athletics rally, and an outdoor dance party, to name just a few!

Get involved
No matter what your interests are, you’ll find a welcoming community at TU. With 200 student organizations, there are many ways to make friends and participate in campus life. The Association of International Students has almost 500 members from 66 countries. Students can also attend weekly on-campus ministries for Jewish, Muslim and several Christian faiths.

Enjoy sports
Take a break from your studies at the well-equipped Fulton and Susie Collins Fitness Center, which includes 3 basketball courts, a workout area with more than 200 pieces of exercise equipment, a game room and an indoor running track. You can join one of the campus recreational leagues, or watch any of the University’s 17 Division I sports teams compete on campus, for free using your TU student ID!

Explore Tulsa
Though you will find lots of events and activities on campus, there’s also plenty to see and do in Tulsa. The city includes amusement parks, museums, concert halls, boutique shops and delicious local and international foods. The city also has over 135 parks and 50 miles of scenic trails for biking and running. Tulsa’s warm southern climate allows you to enjoy these outdoor activities all year round.

Popular TU events

October: Homecoming
Join TU alumni and other students for 3 days of fun, including the annual pep rally and bonfire, an exciting event featuring parades, music and fireworks. It’s a great way to get everyone excited for the Homecoming American football game.

November: International Night Market
Travel the world without leaving campus. Sample traditional foods from different countries and enjoy international music and dance at this event modeled on popular street markets found across the globe.

December: Festival of Lessons and Carols
At this campus favorite, listen to readings by TU faculty and students and traditional Christmas music sung by the Cappella Chamber Singers.

March / April: Springfest
Taking place between Spring Break and final exams, Springfest is a full week of music, free food and fun activities.

International student associations
Connect to others from your country or region. TU has clubs for students from: Africa, Brazil, China, India, Indonesia, Iran, Korea, Latin America, Malaysia, and Saudi Arabia.

Student life at TU
Experience the vibrant energy of American university culture on TU’s 200-acre campus close to the heart of Tulsa, Oklahoma.
TU’s accommodations provide safety as well as convenience. All undergraduate students must live in a University residence for at least 2 years, so you’ll fully experience American university life. Housing is guaranteed, and is assigned on a first-come, first-served basis.

Living in a campus residence hall, you’ll enjoy the following:
• social lounges
• shared kitchens and outdoor barbecue grills
• meal plan with 11 places to eat on campus (cost per semester: $2,350–$3,028**)
• 24-hour security
• WiFi
• on-site laundry facilities
• free shuttle buses to local shopping centers

** These students do not have to live on campus: students who are aged 21+ when the semester begins; students who are married; student who will live in Tulsa with a parent or legal guardian.

** All first- and second-year students are required to live on campus and to participate in a university-provided meal plan.

† These rates are valid for the 2020–21 academic year.

Residence hall options for first-year students**
6 on-campus residences offer suite-style living, an International Living Community, and halls assigned only to first-year or same-gender students.

<table>

</tbody>
</table>

More than 70% of TU undergraduate students live on campus.
How to apply
Download an application guide:
kaplanpathways.com/apply-tulsa

When you apply with Kaplan, the $50 application fee is waived by special arrangement with TU.

A complete application to TU includes:
- Application form submitted using TU’s online portal
- Copy of official transcripts and certificates from all high school and post-high school institutions you have attended, translated into English if necessary
- Copy of passport
- English test results (optional for Intensive English Program)
- Resume (if you have a study gap)
- Personal statement: this is a summary of why you want to study at TU, your future plans, what makes you stand out, etc. (optional but encouraged)
- School counselor or teacher recommendation letters (optional but encouraged)
- SAT or ACT score, if available

Scholarships
The University awards scholarships of up to $16,000 per year to individual students, based on academic merit, extracurricular activities and leadership experience. Scholarships are decided automatically by the University at the time of admission. If you begin in a pathway or English program, any scholarship becomes available when you progress to a degree.

This brochure has been drafted in advance of the academic year to which it applies. Every effort has been made to ensure that the information is accurate at the time of publishing, but changes (for example in program content) are likely to occur given the interval between publishing and commencement of the program. It is therefore very important to check the Kaplan website or contact us if any updates before you apply. Other policies apply, and are subject to reviews for the current and following academic years. Further details of your offer or a significant part of your program will be communicated to you.
