

KAPLAN

INTERNATIONAL
PATHWAYS

Enrolment
extended to
30 November for
many courses!

**Start a pathway course in October or November 2020,
with progression to university in September 2021**

Do you have students who can't start in time for the September 2020 intake? Explore our wide range of courses beginning in October and November, which still allow entry to a degree next year.

Undergraduate pathway courses

Foundation Certificate ^(FC)

For entry to the 1st year of an undergraduate degree in England (or 2nd year in Scotland).

English entry requirement: typically UKVI IELTS 5.0 overall with at least 4.0 in all skills, or accepted equivalent (contact us for details)

International Year One ^(IYO)

For fast-track entry to the 2nd year of an undergraduate degree at selected universities in England.

English entry requirement: typically UKVI IELTS 5.0 overall with at least 4.5 in all skills, or accepted equivalent (contact us for details)

A course that fits: most Foundation Certificate and International Year One options have extra English language modules, marked (L). For students with higher IELTS (typically 5.5 with no less than 4.5 in any skill or accepted equivalent), selected Foundation Certificates also have Enhancement (E) or Maths and Science (MS) options, with additional focus on academic or maths and science preparation. In some cases, an intensive (I) 2-term Foundation is also available.

Start in the UK: colleges are open, with online starts offered as back-up. Whichever path students take, they can study with confidence.

The same guaranteed degree entry when students pass their pathway course at the required level with good attendance, for both UK and online starts.
