Your path to university

From September 2020, we will be running in-person teaching with a mixture of digital and face-to-face learning (called blended learning). This means you can study safely and effectively, and enjoy UK life. If you’re not able or ready to travel, or you’re starting before September, you can begin your course online.

› Kaplanpathways.com/awc/uk/

Study a degree online

University of Essex degrees online with Kaplan Open Learning.

› online.essex.ac.uk

Study a degree in Singapore

University of Essex bachelor’s top-up degrees with Kaplan Singapore.

› kaplan.com.sg/uoe

For pathway courses starting between: September 2020 and July 2021, leading to degree entry in October 2021 or October 2022

For Pre-Sessional courses starting between: April and August 2020, leading to degree entry in October 2020

Last updated: December 2020

### Your Foundation Certificate options for degree entry in October 2021

- **5.5 overall with no less than 4.5 in any skill**
  - 2 terms
  - £16,880
  - September 2020 | June 2021

- **5.0 overall with no less than 4.0 in any skill**
  - 2.5 terms
  - £18,180
  - October 2020 | July 2021
  - 0.5 terms of Enhancement or Extended English and Skills modules

- **4.5 overall with no less than 4.0 in any skill**
  - 3 terms
  - £18,180
  - September 2020 | July 2021
  - 1 term of Enhancement or Extended English and Skills modules

### Your Foundation Certificate options for degree entry in October 2022

- **5.0 overall with no less than 4.0 in any skill**
  - 2.5 terms
  - £18,180
  - July 2021 | June 2022
  - 0.5 terms of Enhancement or Extended English and Skills modules

- **4.5 overall with no less than 4.0 in any skill**
  - 3 terms
  - £18,180
  - June 2021 | June 2022
  - 1 term of Enhancement or Extended English and Skills modules

- **4.0 overall with no less than 4.0 in any skill**
  - 3.5 terms
  - £21,210
  - April 2021 | June 2022
  - 1.5 terms of Extended English and Skills modules

- **4 terms**
  - £23,920
  - March 2021 | June 2022
  - 2 terms of Extended English and Skills modules

### Common modules for 2-term courses:

- English for Academic Purposes
- Extended Project

You will also take 3 of the following modules that fit your degree and career goals†:

- Contemporary Global Issues
- Entrepreneurship
- Historical Perspectives
- Logic and Critical Thinking
- Mathematics
- People Society and Culture
- Statistics

### Personal development activities: during your course, you’ll also have activities to build practical, digital and employability skills.

Learn more about modules: you’ll find module summaries later in this booklet.

### Extra support: for courses of over 2 terms, you will also take Enhancement modules or Extended English and Skills modules (depending on your IELTS score) before the modules to the left.

### Students with UKVI IELTS 5.5: you can study a 2.5 or 3-term course with Enhancement modules to maximise your university preparation

- Critical Reading, Writing and Reasoning for Higher Education
- Independent and Collaborative Study

### Plus up to 2 of these 3 modules:

- Digital Applications
- Preparatory Statistics
- UK Society and Culture

### Students with less than UKVI IELTS 5.5: you will study Extended English and Skills modules to improve your English language level and academic skills.

### Students with UKVI IELTS 5.0 will typically take:

- English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 3
- Speaking and Listening 3

### Students with UKVI IELTS 4.5 will typically take:

- English for Academic Study 2
- Reading and Writing 2
- Speaking and Listening 2
- Study Skills Preparation

### Students with UKVI IELTS 4.0 will typically take:

- English for Academic Study 1 + English for Academic Study 2
- Reading and Writing 1 + Reading and Writing 2
- Speaking and Listening 1 + Speaking and Listening 2
- Study Skills Preparation

---

* UKVI IELTS alternatives: we can accept alternative tests as proof of English language. Learn more at: kaplanpathways.com/uk/ielts/

Academic entry requirements: for all course options above, you need to have completed high school at the required level.

For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: kaplanpathways.com/essex/ug-degrees

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we’ll check your English and academic level again to make sure you’re on the most suitable study plan, with modules that best fit your skills and goals. This flexibility means that you can follow your path to university, your way.

† For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

* UKVI IELTS alternatives: we can accept alternative tests as proof of English language. Learn more at: KaplanPathways.com/uk/ielts/

Academic entry requirements: for all course options above, you need to have completed high school at the required level.

For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: KaplanPathways.com/essex/ug-degrees

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we’ll check your English and academic level again to make sure you’re on the most suitable study plan, with modules that best fit your skills and goals. This flexibility means that you can follow your path to university, your way.

1 For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.
Common modules for 2-term courses: these are taken by all students

- Constitutional Law
- Contract Law
- Criminal Law
- English for Academic Purposes
- Foundations of Property Law
- Foundations of the Law of Obligations
- Legal Skills and the English Legal System

Personal development activities: during your course, you’ll also have activities to build practical, digital and employability skills.

Learn more about modules: you’ll find module summaries later in this booklet.

Student with UKVI IELTS 5.0 will typically take:

- English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 3
- Speaking and Listening 3

Student with UKVI IELTS 4.5 will typically take:

- English for Academic Study 2
- Reading and Writing 2
- Speaking and Listening 2
- Study Skills Preparation

Student with UKVI IELTS 4.0 will typically take:

- English for Academic Study 1 + English for Academic Study 2
- Reading and Writing 1 + Reading and Writing 2
- Speaking and Listening 1 + Speaking and Listening 2
- Study Skills Preparation

University of Essex International College

Undergraduate module summaries

Biology
Gain an understanding of biological systems and organisms, as well as key laboratory processes.

Chemistry
Gain an understanding of chemical reactions, fundamental particles and the periodic table.

Collaborative Project
Practise your investigative, analytical and collaborative skills on a project carried out with other students.

Co-operation and Conflict
Explore the basic problems of conflict and cooperation in international relations, and how to analyse topics in current world affairs.

Constitutional Law
Gain an understanding of the UK constitution and the foundations of judicial review, as well as an overview of the key powers and functions of the three branches of government.

Contemporary Global Issues
Explore the big issues facing humanity in the 21st century, and critically evaluate their causes and effects.

Contract Law
Build an understanding of the knowledge and skills required to identify and draft a legally enforceable contract, and learn to identify key issues in real life scenarios using the law to solve problems.

Criminal Law
Learn about the concepts and principles of criminal law, and develop your understanding of the legal elements of criminal liability and the major criminal offences and defences in England and Wales.

Critical Reading, Writing and Reasoning for Higher Education
Enhance your ability to read and to understand complex ideas in English, and to compose convincing written arguments.

Digital Applications
Develop your digital skill set, helping you use digital tools to support academic study, including using and citing digital sources.

Economics
Gain an understanding of macro- and micro-economics, and explore current trends and issues in the field.

English for Academic Purposes
Develop your English to the level you need for university study, and to really get involved in academic discussions.

English for Academic Study 1
Gain a better understanding of how English is used in academia.

English for Academic Study 2
Improve your English grammar and vocabulary in order to communicate in an academic environment.

English for Academic Study 3
Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Entrepreneurship
Familiarise yourself with varied concepts of creativity, entrepreneurship and innovation, and how to apply them in business.

Extended Project
Learn how to plan, carry out and report an extended project. You can choose a project topic that matches your degree and career goals, and personal interests.

Financial Accounting
Learn about standard accounting conventions, and the role of financial accounting within organisations.

Foundations of the Law of Obligations
Develop a knowledge of this field of civil law, and apply this knowledge to analyze simulated and real-life cases.

Foundations of Property Law
Explore the fundamental principles of the law of property, and the framework within which property lawyers operate in England and Wales.

Foundations of the Law of Obligations
Develop a knowledge of this field of civil law, and apply this knowledge to analyze simulated and real-life cases.

Foundations of the Law of Obligations
Develop a knowledge of this field of civil law, and apply this knowledge to analyze simulated and real-life cases.

Historical Perspectives
Gain an understanding of the historical context of your chosen degree area, and skills such as researching, evaluating and interpreting sources.

Independent and Collaborative Study
Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

Information Technology
Discover the key concepts of computer science, including data representation and programming languages.

Intermediate Mathematics
Expand your knowledge of mathematical concepts including algebra, geometry, problem-solving, trigonometry and vectors.

Introduction to International Relations
Focusing on international security and international political economy, you’ll learn about state and non-state actors, the causes of war, terrorism, human rights, international institutions, trade, disaster response and foreign aid.

Introduction to Politics
Gain an understanding of political research, theory and philosophy, and explore the origins and organisation of the state, political power, political decisions, ideologies, values, political parties and democracy.

Legal Skills and the English Legal System
Gain an overview of the English legal system, including different forms of dispute resolution, and develop research and communication skills to facilitate your studies.

Logic and Critical Thinking
Explore the concepts, history and skills relating to logic and critical thinking, and how they apply in real-world contexts.

Management Accounting
Find out about the role of financial management in organisations, as well as techniques for financial decision-making.

Management and Organisation
Explore the key theories of business management, and learn to evaluate management practices in context.

Mathematics
Develop your mathematical skill set in areas such as algebra, decision maths, probabilities and statistics.

Mathematics for Economics
Learn the key mathematical knowledge and skills needed to communicate and evaluate economic concepts.

People, Culture and Society
Learn about the history, theories and issues that relate to human culture and society around the world.

Physics
Gain an understanding of astrophysics, electromagnetism, mechanics and thermodynamics.

Preparatory Mathematics
Develop your numeracy skills, including algebra, geometry and graphs.

Preparatory Science
Gain an introduction to core scientific knowledge, and subject-specific language required to study the sciences.

Preparatory Statistics
Build on your knowledge of using statistics, including the use of data to illustrate facts and support theories.

Principles of Marketing
Gain an insight into the key principles of modern marketing, and its role in business and commercial competition.

Preparatory Science
Gain an introduction to core scientific knowledge, and subject-specific language required to study the sciences.
Quantitative Methods and Finance
Enhance your understanding of mathematics and quantitative techniques, and how to apply them to accounting, finance and management.

Reading and Writing 1
Improve your reading and writing in English for academic study.

Reading and Writing 2
Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Reading and Writing 3
Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

Scientific Reasoning and Comparative Political Analysis
Gain an overview of the basics of philosophy and empirical social science, as well as the basic approaches of comparative analysis in political sciences.

Speaking and Listening 1
Work on your listening and speaking in English to aid you during your studies.

Speaking and Listening 2
Practise listening and speaking so that you are better prepared for academic debate and discussion.

Speaking and Listening 3
Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

Statistics
Learn basic algebra, as well as the skills needed to analyse and apply statistics in a range of ways.

Study Skills Preparation
Gain an introduction to the wide range of skills and strategies you’ll need to succeed at university, such as research methods and using and citing sources.

Truth, Justice and the Nature of Politics and Power
Explore concepts of truth, justice, democracy, empire, morality, the fair distribution of resources, labour, gender, liberalism, republicanism and the meaning of mass society.

UK Society and Culture
Learn more about the culture and society of the UK, and how it differs from others.

Personal development activities (all courses)
Culture and activities
We’ll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

Employability and digital skills
Outside of your academic learning, you’ll also be taught skills that will be useful at university and later in life. You’ll receive help in making the most of your creativity, improving your communication and developing your digital skills. We’ll also help you build a CV, portfolio and online profile to empower you after you graduate.

Social networking
Forming a strong social network can be very beneficial, even if it’s just to discuss and debate ideas. Not only will you get to know your classmates, you’ll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start your career.

- Speaking and Listening 3

Students with UKVI IELTS 4.5 will take these additional modules as part of a 3.5 or 4-term course:

- English for Academic Study 2 + English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 2 + Reading and Writing 3
- Speaking and Listening 2 + Speaking and Listening 3
- Study Skills Preparation

† For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.
Advanced Mathematics and Statistics
Develop a comprehensive mathematical skill set, including the analytical skills required for postgraduate study.

Advanced Social Science
Learn about the key theories in social sciences, and their relation to methodologies in the field.

Engineering, Science and Society
Gain an awareness of ethical issues and debates surrounding research and innovation in the sciences.

English for Academic Purposes
Develop your English to the level you need for university study, and to really get involved in academic discussions.

English for Academic Study 2
Improve your English grammar and vocabulary in order to communicate in an academic environment.

English for Academic Study 3
Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Independent and Collaborative Study
Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

Philosophy, History and Culture
Explore Western philosophy and its history, and analyse events and developments in your degree area in a historical and cultural context.

Project Management
Gain key skills in project management, and apply your knowledge to a project.

Reading and Writing 2
Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Reading and Writing 3
Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

Research Project
Plan, execute and report a comprehensive research project. You can choose a research topic based on your degree and career goals, and personal interests.

Speaking and Listening 2
Practise listening and speaking so that you are better prepared for academic debate and discussion.

Speaking and Listening 3
Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

Strategic Management
Explore key concepts of strategic management, and evaluate their impact on businesses and their operations.

Study Skills Preparation
Gain an introduction to the wide range of skills and strategies you’ll need to succeed at university, such as research methods and using and citing sources.

UK Society and Culture (Advanced)
Learn more about a range of aspects of British culture, as well as British cultural and social institutions.

Personal development activities (all courses)

Culture and activities
We’ll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

Employability and digital skills
Outside of your academic learning, you’ll also be taught skills that will be useful at university and later in life. You’ll receive help in making the most of your creativity, improving your communication and developing your digital skills. We’ll also help you build a CV, portfolio and online profile to empower you after you graduate.

Social networking
Forming a strong social network can be very beneficial, even if it’s just to discuss and debate ideas. Not only will you get to know your classmates, you’ll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start your career.
### Conditional offer holders

#### Pre-Sessional English Language

This course will focus on enhancing your English language level, preparing you for undergraduate and postgraduate degree studies. You will develop your English grammar and vocabulary, and gain further reading, writing, speaking and listening skills.

English for Academic Purposes
This module develops students’ speaking, listening, reading and writing. It prepares students for their end of course exam, as well as introducing key language for studying at university.

English for Academic Study: Grammar and Vocabulary 3
This module develops students’ grammar and vocabulary, focusing on how to use this language when speaking, listening, reading and writing.

English for Academic Study: Speaking and Listening 3
This module develops students’ speaking and listening skills, focusing on academic contexts including seminar discussions and lectures.

English for Academic Study: Reading and Writing 3
This module develops students’ reading and writing skills, and looks at the basics of academic style.

Independent Project
This module introduces a range of research and study skills, including planning, drafting and presenting. It also gives students an opportunity to do a short research project on a subject they find interesting.

Introduction to British Culture and Society
This module introduces key concepts in British society and culture. It also focuses on the UK higher education system to help students adapt to adapt to living and studying in the UK.

Personal Development and Employability
This module helps students develop their study skills and be more successful learners by looking at different learning techniques and reflecting on what works well for them. It also introduces key employability skills such as writing CVs and answering interview questions.

Research Project and Study Skills
This module develops students’ academic skills. It introduces academic conventions as well as key concepts such as paraphrasing, referencing and avoiding plagiarism. It also gives students a chance to design and complete a research project in their field of study.
This publication has been drafted in advance of the academic year to which it applies. Every effort has been made to ensure that the information is accurate at the time of publishing, but changes (for example to course content) are likely to occur given the interval between publishing and commencement of the course. It is therefore very important to check the website or contact us for any updates before you apply. Once you have applied, any change which impacts the terms and conditions of your offer or a significant part of your programme will be communicated to you.
