## What is UK University Ready?

UK University Ready is a short summer course that you can study between finishing your pathway course and starting your degree. It is specially designed to make your transition to university as smooth as possible. It's a great way to further develop your English and academic skills, meet some of your classmates and get to know the campus and the city, particularly if you studied some or all of your pathway course online.

## Course content

You can choose between a 2, 4 and 6-week course, all taught on campus in and around the University of Essex International College. You'll enjoy a project and activity-based study experience, 15 hours of contact per week and a range of social and cultural activities in the evenings and on weekends.

### UK University Ready will help you to:

- get to know the city and the campus, and what life in the UK is like
- meet your classmates and College staff in person
- see more of the country with a trip to another major city
- learn more about academic conventions like note-taking and referencing
- recognise your strengths and weaknesses and set personal goals
- maximise opportunities to gain employability skills on your degree
- develop your networking skills to get ahead at university and in your career.

## Where will I live?

During your course, you can stay at The Meadows, a modern, comfortable residence located right next to the Colchester campus. Living here will help you feel part of the student community, even before you start your degree.

### Features include:

- private bedroom and bathroom
- café and common room
- 24-hour, on-site management team
- all bills included
- friendly student community
