You'll also study 3 of these modules that fit with your degree and career goals:**

- Business Organisations and Management
- Contemporary Global Issues
- Entrepreneurship
- Logic and Critical Thinking

** For some degrees, the University will require you to take particular modules

You'll take part in personal development activities during your course, designed to boost your employability, confidence and independence, and help you make new friends.

Course modules: terms 3 and 4

All students will study the following modules:

- Accounting and Finance for Managers
- Business Development and Entrepreneurship
- Economics
- English for Academic Purposes
- Marketing in the Operational Context
- Quantitative Methods for Business
- Skills for Study 2

You'll also study 1 of these 2 pathway modules to match your degree and career goals:***

Accounting and Finance pathway

- Financial and Management Accounting

OR

Business pathway

- Organisational Behaviour

*** For some degrees, the University will require you to take a particular pathway

You'll have additional personal development activities similar to those in terms 1 and 2.

Module summaries for terms 1 and 2

Business Organisations and Management

Examine key concepts in management theory and practice, and discuss issues relating to management in modern organisations.

Contemporary Global Issues

Explore the big issues facing humanity in the 21st century, and critically evaluate their causes and effects.

English for Academic Purposes

Develop your English to the level you need for university study, and to really get involved in academic discussions.

Entrepreneurship

Familiarise yourself with varied concepts of creativity, entrepreneurship and innovation, and how to apply them in business. Students who successfully complete this module will receive a special Certificate of Achievement from the Institute of Enterprise and Entrepreneurs (IoEE).

Extended Project

Learn how to plan, carry out and report an extended project; you can choose a project topic that matches your degree and career goals, and personal interests.

Logic and Critical Thinking

Explore the concepts, history and skills relating to logic and critical thinking, and how they apply in real-world contexts.

Module summaries for terms 3 and 4

Accounting and Finance for Managers

Apply main principles and techniques for financial reporting and analysis and management accounting.

Business Development and Entrepreneurship

Learn how to produce and present a business plan, and how to apply consultancy techniques.

Economics

Gain an understanding of macro and micro-economics and explore current trends and issues in the field.

English for Academic Purposes

Further develop your English to the level you need for your degree, and to fully participate in academic discussions.

Financial and Management Accounting

Interpret financial statements and explore the relationship between IT and the processing of financial information.

Marketing in the Operational Context

Learn about marketing as it is used within a business, and the impact of core activities on performance.

Organisational Behaviour

Explore the effects of management, human resources and organisations in a global context.

Quantitative Methods for Business

Learn about quantitative techniques as used in the modern business environment.

Skills for Study 2

Improve your analytical skills in written and spoken information and practise a university assignment.

Personal development activities

Digital and employability skills

Outside of your academic learning, you'll also be taught skills that will be useful at university and later in life. You will receive help in making the most of your creativity, improving your communication and developing your digital skills. We will also help you build a CV, portfolio and online profile to empower you after you graduate.

Social networking

Forming a strong social network can be hugely beneficial, even if it's just to discuss and debate ideas. Not only will you get to know your classmates, you'll also have opportunities to join professional organisations, and network with students and industry professionals: something that can be really beneficial when you go on to start your career.

Culture and activities

We'll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture or develop your wider subject knowledge and understanding of related industries.

Your degree options

The International Year One Plus offers progression to year 2 of the following degrees at Nottingham Trent University:
