You’ll gain that knowledge with an MBA program that offers both academic rigor and valuable experience. The Full-Time MBA from Northeastern University’s D’Amore-McKim School of Business gives you the best of both worlds, delivering the proficiency you need to accelerate your career.

The first powerful component of our program is the outstanding classroom experience. MBA coursework is taught by leading professors in their fields, bringing years of expertise and decision-making directly to the academic setting. The knowledge you gain gives you the skills that are in demand, helping you understand the intricacies of business, and more specifically, your field of interest.

The second dynamic component is your 6-month Corporate Residency. Far removed from the typical internship, this will take your work experience to a whole new level. As a valued member of the team at a leading business, you’ll be fully integrated in your company, working side-by-side with staff members to deliver on organizational goals. As you contribute to projects that are business critical, you not only gain experience, but also gain the confidence you need to flourish in today’s marketplace.

What’s more, with our MBA program, you’ll have the added advantage of strengthening your all-important network. Whether you’re in the classroom, working in a company through your Corporate Residency, or taking part in a 10-day International Field Study travel experience, you’ll form relationships with students, employers, and world-class faculty who have rich backgrounds in a variety of companies and industries. Without a doubt, this network will serve you well on your career path.
