WHAT WILL I STUDY?

YOU WILL STUDY THE FOLLOWING CORE MODULES:

- English for specific purposes
  Develop your English language skills and awareness of language conventions in your chosen degree subject area.
- Research project for postgraduates
  Complete an extended research project relating to your chosen degree subject area.

YOU WILL ALSO STUDY 2 OF THESE ELECTIVE MODULES†:

- Aspects of British society and culture
  Explore issues affecting modern Britain from a range of different perspectives and analyse the ways in which these issues are interpreted and reported.
- Emerging technologies and project management
  Consider emerging technologies in your chosen degree subject area and learn key project management theories and approaches.
- Social science principles
  Discuss the relationship between theory, empirical evidence and ethics in social science research.
- Statistics and mathematics for postgraduates
  Apply your mathematical and statistical knowledge and skills to real-world contexts within your chosen degree subject area.
- Theory and practice of strategic management
  Discuss key management theories and consider these in relation to strategic leadership and management models.

STUDYING A 2.5-TERM OR 3-TERM COURSE?

YOU WILL STUDY THE ABOVE MODULES, PLUS:

- Independent project
  Develop basic academic research and reporting skills.
- Preparation statistics
  Build your knowledge of collecting and using data.

STUDYING A 2.5-TERM OR 3-TERM COURSE?

YOU WILL STUDY THE ABOVE MODULES, PLUS:

- English for specific purposes
