The University of Essex has 3 campuses, each with its own special features. Wherever you study your degree, you’ll have a unique experience and be part of a rewarding student community.

Colchester Campus
The Colchester Campus is home to students from more than 140 countries, making it one of the most diverse in the world. It offers you many amenities, including shops, restaurants, a theatre, a library and study spaces.

Southend Campus
The Southend Campus is situated in a vibrant seaside town, which features over 7 miles of beautiful coastline, plus the world’s longest pleasure pier. The campus itself is well-equipped, with many cutting-edge facilities.

Loughton Campus
Offering some of the UK’s best performing arts facilities, the Loughton Campus has great amenities, as well as its own theatre, rehearsal space and departments for costume and props.

Great for work...

The University of Essex also offers students a fantastic experience outside the classroom. Its Students’ Union offers you support, advice, entertainment, social activities, personal development, employment opportunities and much more.

There are also over 165 social clubs and societies to join at Essex, an on-campus theatre with frequent professional performances, and the su and housing night club, Sub Zero, that regularly attracts major music artists. Recent investments have also upgraded the many sports facilities available, including a £1.4 million gym.

...and for play

I chose Essex because there are many international students; I knew I would fit in and make friends living on campus. The wide range of academic and social facilities enables you to settle in, and to adjust to your new surroundings easily.

ESSEX LIFE

Essex is a traditional English county that’s popular with students, thanks to its beautiful villages, countryside and coastline. It’s also just a short train ride from bustling London, but with a much lower cost of living, giving you the best of both worlds.

A historic landscape

Essex is home to Colchester, the UK’s oldest recorded town and the first capital of Roman Britain. Today, it’s an appealing town with a great mixture of historic buildings and modern attractions. You can go shopping, eat at a wide range of restaurants, head to the local bars and cafés, and even explore the nearby zoo.

Coastal county

Essex also boasts a 350-mile coastline, the 2nd longest of any county in England. From coastal walks with incredible sea views, to popular beaches that have won awards for cleanliness, there is so much to do. Try a plate of freshly caught oysters, or take a boat trip from Walton-on-the-Naze to see the local seals!

Artistic character

Over the years, the scenic landscapes of Essex have been immortalised in art. While it’s most famous for appearances in the works of popular painter John Constable, an impressive amount of beautiful art continues to be produced across the county today. From well-known names to emerging local artists, and with hundreds of galleries and art cafés, there are so many creative exhibits to satisfy art enthusiasts.

Ticket to anywhere

Essex is one of the UK’s best connected areas. The University’s Colchester and Southend Campuses are close to railway stations, while the Loughton Campus is near Debden underground stop. This means London is just over an hour away — perfect for a fun day out. It’s also easy to go further afield. Nearby Stansted Airport connects you to cities in Europe, Asia and Africa, while Southend Airport has flights to destinations in mainland Europe.

STUDENT STORIES

The University of Essex offers a truly unique experience – let its students show you how.

“Here at Essex, there are lots of sports clubs and societies to get involved in. I think they are a great way to help students to fully immerse themselves in university life, and to create a balance between study and relaxation. My favourite place on campus is the library; it is a perfect place to study or relax.”

Jiang Li from China
BSc (Hons) Banking and Finance

“My time at Essex was both challenging and exciting. To achieve good results, I had to study a lot, but it was so amazing to obtain new knowledge, broaden my experience, and find new friends. The structure of my degree was excellent, combining financial modules and mathematical subjects, which complemented each other well.”

Maryan Belgibayeva from Kazakhstan
MSc Mathematics and Finance

“I really enjoyed living as part of a community on our Colchester Campus; there was a really vibrant and friendly atmosphere. The facilities, especially those in the library, are state-of-the-art, and helped me so much with my learning. I also loved the surrounding areas, including the lake – it is very beautiful.”

Swathi Kantharaja from India
MSc Computer Science

“I am finding my studies very interesting and I am really enjoying them. I share a flat in the University Quays with other postgraduate degree students, many of whom are now my friends. I have also met friends through the Islamic Society and the volleyball club.”

HOW CAN I STUDY AT ESSEX?
YOUR ROUTE TO ESSEX

Kaplan are experts in helping you find your best route to the University of Essex. This could be through a pathway course on the University campus, or you could enrol directly on a degree in Singapore or online.

What is a pathway course?

If you've finished high school or university, but don't qualify for entry to a University of Essex degree, a pathway course can help. You'll improve your subject knowledge, academic skills and English level, so that you're ready for your degree.

You'll study your pathway course on the Colchester Campus at the University of Essex International College, and you're guaranteed entry to your degree when you pass the course at the required level with good attendance.

Whether you want to take an undergraduate or postgraduate degree at Essex, there is a pathway course that's right for your needs. Below you'll find more information about the on-campus options available to you.

FOUNDATION CERTIFICATE

To qualify for an undergraduate degree at the University of Essex, you should take a Foundation Certificate. This will prepare you fully for university, and you can progress to the 1st year of your undergraduate degree.

INTERNATIONAL YEAR ONE (IYO)

If you've finished high school with very good grades, you might qualify for an IYO. This combines university preparation with the 1st year of your undergraduate degree, allowing you to progress directly to the 2nd year at the University of Essex.

PRE-MASTER'S

If you have 3 years of higher education or equivalent, but don't quite qualify for a postgraduate degree, your best option is a Pre-Master's. This will bring your skills and knowledge up to the level needed for a postgraduate degree at Essex.

ENROL DIRECTLY ON A DEGREE

If you already qualify for a University of Essex degree, Kaplan can help you apply in one of the following ways:

* Study online at home (see page 54)
* Study at Kaplan in Singapore (see page 55)

PATHWAYS TO POSTGRADUATE DEGREES

A Pre-Master’s is your best route to a University of Essex postgraduate degree. The right one for you depends on your academic qualifications, English level and subject preference. Courses are run at the University of Essex International College on the Colchester Campus.

PRE-MASTER’S
For entry to a postgraduate degree. Offered in:
- Humanities (page 46)
- Science and Health (page 48)
- Social Sciences (page 50)

WHAT WILL I STUDY?
- The Pre-Master’s has a combination of core modules (taken by all students) and elective modules (you’ll take a selection of these).
- This combination offers you a course that is flexible and relevant to your postgraduate degree. The International College will help you to choose the most suitable elective modules for your degree subject.
- Assessment will be through project work, coursework, presentations, group work, exams and practical tasks, as appropriate for your degree subject area.
- Personal development activities will form part of your College timetable. These will build your confidence and independence, boost your academic skills, and enhance your employability.

GUARANTEED PROGRESSION
You are guaranteed entry to your postgraduate degree, when you pass your Pre-Master’s course at the required level with good attendance.
WHAT WILL I STUDY?

YOU WILL STUDY THE FOLLOWING CORE MODULES:

**English for specific purposes**
Develop your English language skills and awareness of language conventions in your chosen degree subject area.

**Research project for postgraduates**
Complete an extended research project relating to your chosen degree subject area.

YOU WILL ALSO STUDY 2 OF THESE ELECTIVE MODULES†:

**Aspects of British society and culture**
Explore issues affecting modern Britain from a range of different perspectives, and analyse the ways in which these issues are interpreted and reported.

**Emerging technologies and project management**
Consider emerging technologies in your chosen degree subject area and learn key project management theories and approaches.

**Philosophy, history and cultural studies**
Use theories and examples from philosophy, history and cultural studies to explore issues and express ideas in your chosen subject area.

**Social science principles**
Discuss the relationship between theory, empirical evidence and ethics in social science research.

STUDYING A 2.5-TERM OR 3-TERM COURSE?

YOU WILL STUDY THE ABOVE MODULES, PLUS:

**English for specific purposes**
Develop your reading, writing, speaking and listening skills in preparation for university study.

**Questions and Answers**

If you still have questions about studying at the University of Essex International College, let us try to answer them below. Alternatively, you can contact us for more information.

**How much money do I need to study at the College?**

Studying in the UK is a big investment, so you need to plan ahead. You must have at least £1,015 per month of your pathway course, up to a maximum of 9 months, as well as funds to cover any unpaid tuition fees. This money must be held in a recognised bank account for at least 28 days before you apply for your Tier 4 (General) student visa. See the guide below for more information on costs.

**What supporting documents do I need to provide?**

For your application to be complete, you need to send us a few extra documents, including:
- copies of your passport and any previous UK visas
- IELTS certificate (UKVI Academic)
- academic transcripts (plus certified translations if the originals aren’t in English)
- and any previous UK visas

You can still apply without all these items, and submit them later.

**How long does the application process take?**

If your application is complete and successful, once our Admissions team receives it, they will issue a study offer within 1 working day. The duration of the process that follows can vary, so it is good to apply at least a few months in advance. This will allow you enough time to prepare your visa application, reserve your accommodation and get ready for your trip.

**Do I need insurance during my course?**

You’ll need to be fully covered by student insurance for all of your pathway course in the UK. We can offer you a comprehensive policy in partnership with Endsleigh, a leading insurance provider. Find out more at: [kaplanpathways.com/insurance](http://kaplanpathways.com/insurance)

**How can I apply for a degree online or in Singapore?**

This prospectus was prepared in 2017 and refers to courses that will run from September 2018. We take every effort to ensure that the prospectus is accurate at the time it is published in exceptional cases. It can be necessary to make changes for various courses, facilities or fees because of legitimate staffing, financial, regulatory or academic reasons. Changes of this nature might include the size of the enrolment, requirements, student action, loss of funding, and a change in government policy that impact the University. Changes might also include a change in how the University delivers programmes and services and other reasons. We reserve the right to make changes to the contents, format, and materials of the prospectus in the interests of improving it and changing the structure, organisation, and delivery of programmes, courses and other services. We will endeavour to keep such changes to a minimum, and will keep prospective students informed by updating the information on our website. Once you have accepted any changes that impact(s) the terms and conditions of your offer, or a significant part of your course, you will be committed to them.

The University of Essex International College is operated by Kaplan Essex Limited (company number: 10846169), with registered address: 2nd Floor, Warwick Building, Kensington Village, Avonmore Road, London W14 8HQ.
