GET TO KNOW THE UNIVERSITY

Just a short distance from London, the University of Essex is a dynamic and innovative place to study abroad. With excellent rankings and some superb new facilities, the University of Essex will challenge you to think, learn and prepare for your future.

Bold thinking

Essex has a reputation for being a bold and innovative university; it was founded in the 1960s in order to challenge the traditional red brick institutions in the UK. This forward-looking attitude and willingness to question conventional thinking has helped Essex become one of the UK’s best universities. It also helps to explain its ever-increasing popularity with international students.

International community

By studying at the University of Essex, you will be joining an incredibly diverse community of students from all over the world. With more than 140 nationalities represented at Essex, you will gain great exposure to a truly worldwide range of views, cultures, beliefs and ideas. The University also understands the different needs of students from overseas, and provides access to special mentoring sessions, academic and language support classes, and one-to-one guidance.

A successful future

The University of Essex is committed to giving you the best start possible to the rest of your life. It received a Gold rating from the Teaching Excellence Framework (2017), which shows the high quality of teaching you can expect. You will also be ready for the world of work, thanks to the University’s excellent careers services and industry connections.

Great for work . . .

The University of Essex has 3 well-equipped campuses. Wherever you study your degree, you’ll have an amazing experience and will join a rewarding student community.

The University’s Colchester Campus is home to a huge 6-floor library, while the Southend Campus features The Forum: a state-of-the-art public and academic library filled with fantastic resources.

The University has also invested over £200 million in other new facilities for you to use, such as:

- Business School
- Media Centre
- Computer suites
- Study pods
- 24-hour-learning hub
- Science, Technology, Engineering and Maths (STEM) Centre

All of these great facilities are open to all students, no matter which campus you are studying at.

. . . and for play

The University of Essex also gives its students a fantastic experience outside the classroom. Its Students’ Union offers expert advice and support, as well as fantastic entertainment, social activities, great chances for personal development, valuable employment opportunities and much more.

There are also more than 160 social clubs and societies to join, covering a wide range of sporting, cultural and other interests. Visit the on-campus theatre to see a professional performance, or even spend an evening with friends at the award-winning night club, Sub Zero, which regularly attracts major music artists.

If you like sports, now is a great time to study at Essex. In fact, the University has recently built a new sports hall, and upgraded the many facilities available, including a £1.4 million gym.

Colchester Campus
The University of Essex is home to students from more than 140 countries, and the Colchester Campus is very internationally diverse. It offers you many amenities, including shops, restaurants, a theatre, a library and numerous study spaces.

Southend Campus
The Southend Campus is situated in a vibrant seaside town, which features over 7 miles of beautiful coastline, plus the world’s longest pleasure pier. The campus itself is packed with cutting-edge facilities, including a 24-hour Learning Hub, and has a close-knit international community.

Loughton Campus
Offering some of the UK’s best performing arts facilities, the Loughton Campus has great amenities, as well as its own theatre, rehearsal space and departments for costumes and props.

I’ve found that Essex is a great place to immerse myself in UK culture. I’m involved with different societies, like the Theatre Arts Society, and I’ve joined the football club. It’s exciting to try new things!

GET TO KNOW ESSEX

Essex is a traditional county where you can explore beautiful villages, lovely countryside and a picturesque coastline. Although it’s just a short train ride from London, you’ll enjoy a far lower cost of living.

A historic landscape
Essex is home to Colchester, the UK’s oldest recorded town, but with modern attractions alongside its historical buildings. You can go shopping, eat at a wide range of restaurants, head to the local bars and cafés, and even explore the town’s nearby zoo. Essex also boasts a 350-mile coastline, which offers you coastal walks with incredible sea views, as well as popular beaches that have won awards for cleanliness. There is so much to do here!

Artistic character
Over the years, the scenic landscapes of Essex have been immortalised in art. While the region is most famous for its appearances in the works of famous painter John Constable, an impressive amount of beautiful art continues to be produced across the county today. From well-known names to emerging local artists, and with hundreds of galleries and art cafés to visit, there are plenty of creative exhibits to satisfy art enthusiasts.

Ticket to anywhere
Essex is one of the UK’s best connected areas. The University’s Colchester and Southend campuses are close to railway stations, while the Loughton Campus is near Debden underground stop. This means London is easy to get to — perfect for a fun day out. It’s also easy to go further afield. Stansted Airport connects you to cities in Europe, Asia and Africa, while Southend Airport has flights to destinations in mainland Europe.

Top 5 things to do
1. Visit Colchester Zoo
2. Experience history at Colchester Castle
3. Discover Colchester Arts Centre
4. Explore Essex’s beautiful coastline and Dedham Vale
5. Enjoy free admission at Adventure Island

GLOBAL SUCCESS

Your University of Essex degree is a great base for a rewarding career, which could take you anywhere.

Continued support
The University makes every effort to prepare its students for successful careers after they graduate. Its Employability and Careers Centre offers many valuable services to help you in your working life. A variety of skills workshops, work experience opportunities and recruitment fairs are available both during and after your degree.

A degree that means more
With an Essex degree, you’ll be ready to go into the world and make a difference. As the map shows, the University’s alumni come from all over the world, and go on to achieve some truly incredible things.

"After I’ve finished my degree, I intend to go back to Mexico and apply all that I have learnt at Essex while working as a researcher at a modern and contemporary art museum. I really want to make a significant contribution!"

David Flores from Mexico, MA Art History and Theory
What is a pathway course?

If you’ve finished high school or university, but don’t qualify for entry to a University of Essex degree, a pathway course can help. You’ll improve your subject knowledge, academic skills and English level so that you’re ready for your degree.

You’ll study your pathway course on the Colchester Campus at the University of Essex International College, and you’re guaranteed entry to your degree when you pass the course at the required level with good attendance.

Whether you want to take an undergraduate or postgraduate degree at Essex, there is a pathway course that’s right for your needs. Below you’ll find more information about the on-campus options available to you.

STUDY AT ESSEX

We can help you find your path to study at the University of Essex. This could be through an on-campus pathway course, or via direct degree admission online or in Singapore.

What is a pathway course?

If you’ve finished high school or university, but don’t qualify for entry to a University of Essex degree, a pathway course can help. You’ll improve your subject knowledge, academic skills and English level so that you’re ready for your degree.

Whether you want to take an undergraduate or postgraduate degree at Essex, there is a pathway course that’s right for your needs. Below you’ll find more information about the on-campus options available to you.

FOUNDATION CERTIFICATE

To qualify for entry to an undergraduate degree at the University of Essex, take a Foundation Certificate. This will prepare you fully for university, and you can progress to the 1st year of your undergraduate degree.

INTERNATIONAL YEAR ONE (IYO)

If you’ve finished high school with good grades, you might qualify to study an IYO. This combines university preparation with content similar to that of the 1st year of your undergraduate degree, allowing you to progress directly to the 2nd year at Essex.

PRE-MASTER’S

If you have 3 years of higher education or equivalent, but don’t qualify for entry to a postgraduate degree, your best option is a Pre-Master’s. This will bring your skills and knowledge up to the level needed to start a postgraduate degree at Essex.

ENROL DIRECTLY ON A DEGREE

Pre-Sessional courses

If you already have a degree offer, it may be conditional on meeting further English language requirements. If this is the case, you may be eligible to take a Pre-Sessional English course. You can also take these courses if you simply want to improve your level of English.

► Find out more on page 60.

Study at Kaplan in Singapore

You can also gain a University of Essex degree from the Kaplan Higher Education Academy if you live in or near Singapore. Like studying online, this is a convenient, cost-effective way of gaining a prestigious Essex degree.

The University of Essex International College is located on the University’s Colchester Campus. As a student at the College, you’ll experience university life from the day you arrive, with all the great additional support that the College provides.

Cutting-edge learning
The University of Essex International College provides a perfect study environment with modern facilities. You’ll benefit from specially designed classrooms, group study spaces and WiFi access. You can also use all campus resources, so you will be just like a University of Essex student from your first day.

Full support
We provide a wide range of support services to ensure you receive an education the way you want to. From a fun and friendly Welcome Week to help you settle in, to specialised one-to-one academic support throughout your pathway course, we’ll do everything we can to help you achieve your best and enjoy your time here.

Daniel Martin
College Director, University of Essex International College
Inspiring teachers

At the College, you’ll receive a high standard of teaching in a well-equipped study environment. Our teachers have years of experience in their subjects, and draw on expertise from both the academic and the professional worlds. Their focus is not only on preparing you for your degree, but also on inspiring you to work hard to achieve your ambitions, and be the best that you can.

Proactive and interactive

You can look forward to a truly dynamic learning experience, including an emphasis on debate and discussion. You’ll receive learning materials before your classes, helping you to really get involved in productive conversations on complex topics. This will help you to develop your understanding of the subject being discussed, all while improving your English, and gaining important skills for university study.

A course designed for you

Your pathway course will feature a set of modules that considers your degree subject and work aspirations, and you’ll have special projects that can usually be based on topics that interest you. This flexibility will help match your course to your unique goals, and you’ll be well placed to succeed on your degree. It can even help you get ahead when you start your career!

Tailored teaching

At the International College, you’ll have the chance to learn at your own pace, receiving the right level of support you need to reach your full potential. You’ll be challenged academically, and be encouraged to think critically and use your initiative. If you need a little extra help in particular areas, you’ll have access to academic advice and more time with teachers.

Throughout your course, we’ll help you build a portfolio that includes your CV, personal statement, selected assignments and more. This ‘career starter pack’ will be really useful when you go on to look for a job. It’s just one of the ways that we provide a well-rounded educational experience that prepares you for university and beyond!

Before you arrive
Before you come to the UK, we’ll give you useful guidance and advise you on the visa process. We’ll send you a pre-arrival guide, full of information about your study destination and what to pack. If you’re under 18 years old, we can arrange a legal guardian during your studies for your wellbeing.

After you arrive
When you arrive in the UK, we’ll make sure you’re comfortable and have everything you need. With our airport transfer services, there will be a friendly face to meet you when you get off the plane, and you can arrive at your new home easily and without stress.

Your first week
The first few days of term are Welcome Week, when you can enjoy fun social activities, adapt to your new environment and meet other new students. Parents can join a special event at this time to see the College and meet staff. We’ll also help you set up a bank account and register with a doctor during this period.

On-going support
We will give you continued support throughout your studies. You just need to talk to a member of the College’s support staff, and they’ll be happy to help you with anything. We’ll organise frequent events, excursions and social activities, and make sure your time in the UK is fun and productive.

Have fun while you study
During your time at the International College, the friendly College Services team will organise a range of fun events and activities. From ping-pong tournaments to excursions around the local areas, there will be plenty of opportunities to spend leisure time making new friends and experiencing life in the UK.

Progressing to your degree
Once you’ve completed your pathway course, we’ll help you on your important next step: progressing to the University of Essex to continue studying. We’ll advise you on how to apply for or extend your visa, and explore your study options if necessary.

YOUR PATH, YOUR WAY:
A COURSE TO FIT YOUR NEEDS
• Your Pre-Master’s course will have a special combination of modules that’s designed to fit your degree and career aspirations. This means that your course is matched to your unique goals.
• Some of these modules will be taken by you and all other students on your course. This gives you a solid base of common study skills that you’ll need at university.
• You can also customise your course, in many cases by choosing some or all additional modules from a selection. For all courses, you can choose some project topics based on your interests and degree subject.
• During your Pre-Master’s, you’ll have frequent assessments to check you’re on track to progress to your University of Essex degree.

GUARANTEED PROGRESSION
You are guaranteed entry to your postgraduate degree, when you pass your Pre-Master’s at the required level with good attendance.

PATHWAYS TO POSTGRADUATE DEGREES
There are a variety of postgraduate degrees to choose from at Essex, and a Pre-Master’s is the right pathway course to help you enrol. Courses are run at the University of Essex International College on the Colchester Campus.

POSTGRADUATE PATHWAY
COURSE MODULES

Find out what you’ll study in your course modules in the summaries on the right.

2-TERM MODULES

Advanced Mathematics and Statistics
Develop a comprehensive mathematical skill set, including the analytical skills required for postgraduate study.

Advanced Social Science
Learn about the key theories in social sciences, and their relation to methodologies in the field.

Engineering, Science and Society
Gain an awareness of ethical issues and debates surrounding research and innovation in the sciences.

English for Academic Purposes
Develop your English to the level you need for university study, and to really get involved in academic discussions.

Philosophy, History and Culture
Explore Western philosophy and its history, and analyse events and developments in your degree area in a historical and cultural context.

Project Management
Gain key skills in project management, and apply your knowledge to a project.

Research Project
Plan, execute and report a comprehensive research project. You can choose a research topic based on your degree and career goals, and personal interests.

2.5 AND 3-TERM MODULES

English for Academic Study 3
Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Independent and Collaborative Study
Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

Reading and Writing 3
Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

Speaking and Listening 3
Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

3.5 AND 4-TERM MODULES

English for Academic Study 2
Improve your English grammar and vocabulary in order to communicate in an academic environment.

Reading and Writing 2
Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Speaking and Listening 2
Practise listening and speaking so that you are better prepared for academic debate and discussion.

Study Skills Preparation
Gain an introduction to the wide range of skills and strategies you’ll need to succeed at university, such as research methods and using and citing sources.

PERSONAL DEVELOPMENT ACTIVITIES (ALL COURSES)

Culture and activities
We will help you to have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts, hobbies and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

Digital and employability skills
Outside of your academic learning, you’ll also be taught skills that will be useful at university and later in life. You’ll receive help in making the most of your creativity, improving your communication and developing your digital skills. We’ll also help you build a CV, portfolio and online profile to empower you after you graduate.

Social network
Forming a strong social network can be very beneficial, even if it’s just to discuss and debate ideas. Not only will you get to know your classmates, you’ll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start a career.
OTHER ROUTES TO ESSEX
PRE-SESSIONAL COURSES

If you meet the academic entry requirements for a degree at the University of Essex, but need to improve your English language to be accepted, you can take a Pre-Sessional course. This will be taught by the University of Essex International College at either the Colchester or Southend campus.

YOUR QUESTIONS ANSWERED

If you still have questions about the University of Essex International College, you can find answers to common queries below. Alternatively, you can contact us for more information.

How much money do I need to study at the College? 
Studying in the UK is a big investment, so you need to plan ahead. You must have at least £1,015 per month of your pathway course, up to a maximum of 9 months, as well as funds to cover any unpaid tuition fees. This money must be held in a recognised bank account for at least 28 days before you apply for your Tier 4 (General) student visa. See the guide below for more information on costs.

What supporting documents do I need to provide? 
For your application to be complete, you need to send us a few extra documents, including:

- copies of your passport and any previous UK visas
- IELTS certificate (UKVI Academic)
- academic transcripts (plus certified translations if the originals aren’t in English)

You can still apply without all these items, and submit them later.

How long does the application process take? 
If your study application is complete and successful, once our Admissions team receives it, they will issue a study offer within 1 working day. The duration of the process that follows can vary, so it’s good to apply at least a few months in advance. This will allow you to meet any conditions of your offer, prepare your visa application and reserve your accommodation.

Do I need insurance during my course? 
Yes, some partial tuition fee scholarships for pathway courses are available for students who hold good grades. You can find out more at: kaplanpathways.com/how-to-apply/scholarships

Do I need a guardian during my studies? 
If you are under 18 years old, you’ll need a legal guardian in the UK until you reach 18. This is something we can help to arrange. Find out more at: collegeguardians.co.uk

Do you speak my language? 
If you, or your parents, would prefer to speak to us in your first language, we can help! Between them, our education experts speak a number of different languages, so you’ll be able to talk to somebody.

How can I apply for a degree online or in Singapore? 
Degree online: online.essex.ac.uk/apply 

Do I need to bring a laptop? 
During your studies, you will need a laptop or similar device. Don’t worry if you don’t have one: we can help you purchase one when you arrive in the UK.

Are scholarships available?

This prospectus was prepared in 2018 and refers to courses that will run from September 2019. We make every effort to ensure that the prospectus contains information that is accurate at the time it is published. However, it can be necessary to make changes, for example to courses, fees or the level of student support. Financial, regulatory or academic reasons. Examples of such reasons might include a change of law or regulatory requirements, changing student numbers, lack of funding, departure of key staff, etc.

Changes to courses may for example consist of variations to the content and method of delivery of programmes, courses and other services; discontinuation of programmes, courses and other services; and the merging or combining of programmes or courses. Changes can for example consist of variations to fees; discontinuation of programmes, courses and other services; and the merging or combining of programmes or courses. We will endeavour to keep such changes to a minimum, and will keep prospective students informed by updating the information on our website. To help you avoid any charges that result from any changes to the fees and conditions of your offer, a significant part of your course will be communicated by you.
