QS Best Student Cities 2018
Research Excellence Framework 2014

GET TO KNOW THE UNIVERSITY

Come to Westminster, and you’ll be part of a truly diverse university with students from 169 countries. You will be able to enjoy excellent facilities here, while you study in the exciting city of London.

CAREER PREPARATION
Westminster degrees are designed to be highly practical, with a focus on your future professional life and the skills employers look for. You will have access to mentoring schemes, employer-led skills sessions, expert careers consultants and specially designed online resources such as Engage, where you can access internship and job opportunities.

The University also has a business network of over 3,000 employers, which can help you find great work placements with some of the world’s leading companies during your degree.

WORLD-CLASS FACILITIES
Westminster offers the latest equipment in its high-tech laboratories, TV studios and multimedia newsrooms. If you are a Business student, you can use the Bloomberg Suite to simulate working in the world’s financial markets. Meanwhile, the Students’ Union will introduce you to the many fun sports and hobbies you can enjoy on campus. Here, you’ll find well-equipped gyms, multi-sport playing fields, and more than 100 different clubs and societies to join.

INNOVATIVE RESEARCH
You will be joining a university known for world-leading research across a wide range of interesting subjects, from Business Management to Media Studies and Linguistics. Westminster has been awarded over £5 million in research grants, and these studies have advanced the fight against huge global problems like breast cancer, Alzheimer’s, malaria and Ebola.

THE HEART OF LONDON
With 4 campuses, 3 of which are in central London, the city’s most famous landmarks and attractions will be all around you. Even the University itself has a place in history. Its Regent Street building was home to Europe’s first photographic studio, and remains the site of Britain’s oldest cinema.

A WARM WELCOME
“At the University of Westminster, we offer you a hugely stimulating environment where you can learn and develop. Educating people for their professional lives is now more important than ever before, so we’re committed to investing in our students’ long-term futures. We look forward to welcoming you to the city of London, and to the University of Westminster.”

Professor Alex Hughes
Deputy Vice-Chancellor (Global Engagement), University of Westminster

Top 10 in the UK for Land and Property Management

Top 20 in the UK for Architecture

Top 20 in the UK for Media and Film Studies

Top 15 in the UK for Fashion and Textiles

Top 15 in the UK for Film Production and Photography

Top 20 in the UK for Building

Top 20 in the UK for Creative Writing
The University of Westminster has 4 campuses, in some of London’s most fascinating and iconic areas. Each campus can offer you a unique experience, with great facilities and support for international students.

REGENT CAMPUS
The Regent Campus is based in central London, near the famous shopping area of Oxford Street and Regent Street. You’ll be studying in beautiful historic buildings, with state-of-the-art equipment, a gym and an on-site café. Nearby is the Little Titchfield Street site, where £3.5 million was recently spent on a new library, lecture theatre and social spaces. The Regent Campus is home to The School of Humanities, The School of Science and Engineering, which has recently been upgraded as part of a £30 million modernisation plan. Cavendish is situated close to green open spaces and playing fields,广播 equipment in Europe. You’ll also be close to green open spaces and playing fields, as well as the beautifully preserved Victorian village of Harrow-on-the-Hill. It’s located only a 20-minute tube journey from the centre of London!

MARYLEBONE CAMPUS
The Marylebone Campus is known for its leading Business and Architecture programmes, it’s the location of the Westminster Business School, and of the School of Architecture and Cities. Marylebone’s fab Lab has the latest high-tech digital 3D printing and fabrication equipment, and there’s also Ambika P3, a huge underground exhibition space. Near the campus, you can visit Hyde Park, Marble Arch, Madame Tussaud’s and ZSL London Zoo.

CAVENDISH CAMPUS
Cavendish Campus is home to Westminster’s School of Life Sciences and School of Computer Science and Engineering, which has recently been upgraded as part of a £30 million modernisation plan. Cavendish is situated close to London’s West End, so you’ll be well placed to enjoy its famous theatres and entertainment venues. The campus also has its own café and Students’ Union shop, and there are many restaurants and bars on your doorstep.

HARROW CAMPUS
At Harrow Campus, you’ll find the Westminster School of Arts and the Westminster School of Media and Communication. You will have access to some of the very best educational film, TV and music studios, computer technology and broadcast equipment in Europe. You’ll also be close to green open spaces and playing fields, as well as the beautifully preserved Victorian village of Harrow-on-the-Hill. It’s located only a 20-minute tube journey from the centre of London!

Investing in your future
The University of Westminster has spent more than £60 million in recent years on refurbishing its cutting-edge campuses in central London and Harrow. You’ll enjoy upgraded labs and lecture rooms, plus improved halls of residence, social spaces and sports facilities.

GET TO KNOW THE CAMPUS
GET TO KNOW LONDON

At the University of Westminster, London is your campus. It’s a city like no other, with so much history, culture, diversity and entertainment for you to enjoy.

WORLD-FAMOUS LANDMARKS
London is home to some of the most iconic attractions in the world. You can visit Buckingham Palace, Big Ben and Westminster Abbey, and go to see the waxworks of Madame Tussaud’s. Many of the city’s most famous sights are just minutes away from where you’ll study, so you’ll have a great chance to see them!

BEAUTIFUL GREEN SPACES
Take a walk through leafy Regent’s Park, Hyde Park, Kensington Gardens and many more of London’s pretty open spaces. These are within easy reach of the Regent, Cavendish and Marylebone campuses, while the Harrow campus is surrounded by greenery. You can even walk alongside the River Thames and admire the city skyline.

A GLOBAL CITY
London is a truly diverse city, with over 270 nationalities represented by its 8 million people. You can find food from all around the world, and enjoy celebrations from a wide variety of cultures, including Chinese New Year and the Notting Hill Carnival – Europe’s biggest festival of Caribbean music, dancing, costumes and food.

FANTASTIC SHOPPING
Few cities can rival London when it comes to shopping. You’ll be close to the luxury stores of Knightsbridge and Oxford Street, and the vintage markets of Portobello Road. The UK capital is also home to Westfield, the largest shopping centre of its kind in Europe.

TOP 5 THINGS TO DO
1. Visit the Houses of Parliament
2. Enjoy London’s many free museums
3. Go shopping in the West End
4. Hang out in Hyde Park
5. Enjoy a boat ride along the River Thames

Learn more about life in London at: kaplanpathways.com/london-life

Want to travel further?
London is home to a number of international airports, so it’s easy to explore Europe or even destinations across the world. You can reach Gatwick Airport in only 30 minutes by rail from the city centre, and you can get to Heathrow Airport easily using London’s Tube (underground railway) network.
GET TO KNOW THE STUDENTS

YOUR PATH TO UNIVERSITY
At Kaplan, we can help you gain entry to a Westminster degree through a pathway course at Kaplan International College (KIC) London. We offer several degree preparation options to undergraduate and postgraduate students.

**PATHWAY COURSES AT KIC LONDON**

**Foundation Certificate**
To qualify for entry to an undergraduate degree, take a Foundation Certificate. You will be fully prepared for university, and can progress to the 1st year of your undergraduate degree.

**International Year One (IYO)**
If you’ve finished high school with good grades, you might qualify to study an IYO. This combines university preparation with content similar to that of undergraduate 1st year, allowing you to progress straight to the 2nd year of a Westminster degree.

**Pre-Master’s**
If you have at least 3 years of higher education or equivalent, but don’t quite qualify for entry to a postgraduate degree, your best option is a Pre-Master’s. This will bring your skills and knowledge up to the level needed to start a postgraduate degree at Westminster.

Watch our video explaining pathway courses at: [kpln.org/pathway-course-info](http://kpln.org/pathway-course-info)
You can study a pathway course at our newly refurbished Kaplan International College (KIC) London, and prepare for your degree at the University of Westminster. You’ll enjoy modern learning spaces and interactive lessons, and leave feeling ready for university.

BRAND NEW FACILITIES
Having access to the right tools is key to helping you succeed in your studies. KIC London has recently been refurbished, and offers you some wonderful learning facilities, including flexible study spaces, social areas and a games room, interactive classrooms and WiFi and charging points throughout the building. As a KIC London student, you can also make use of the amenities of a nearby London university. These include an excellent library and cutting-edge IT facilities.

A LOCATION TO INSPIRE YOU
You’ll be based in the heart of London. Step outside the College building, and Borough Market is right there, where you can enjoy delicious food from all over the world. The River Thames’ famous South Bank district – home to the London Eye and popular street performers – is just a short walk away. Exploring the rest of the city is easy, too. In only 5 minutes, you can walk to London Bridge station, from where a short Tube journey takes you to famous attractions like Oxford Street and the Houses of Parliament.

HELPING YOU ADJUST
Studying abroad is an exciting experience. It’s also one that might be new to you, which is why we support you at every step. We can meet you at the airport when you arrive, and take you to your new home. Before your KIC London classes begin, we organise Welcome Week, where you’ll meet the friendly College staff, and become familiar with your new surroundings. You’ll also meet other international students, who, just like you, will be feeling nervous, excited, and keen to make new friends. You are all together on this life journey, and we are here to give that journey the best possible start.

Find out more at: Kaplanpathways.com/kicl-westminster

“The College welcomed students of 75 nationalities in 2017–18”

Our guarantee
When you study at KIC London pathway course, you are guaranteed entry to the University of Westminster if you pass at the required level with good attendance.

“KIC London is an outstanding college in a truly global city. It is located in the heart of London, and we’ve recently refurbished the whole building to give you a modern, flexible space to fit your needs. We hope you’ll enjoy studying, relaxing and socialising at the College, as you begin your path to success.”

Andy Quin
College Director, KIC London
At Kaplan, we know that everyone learns differently. Our expert teachers will help you to get the most out of your studies, so you can succeed, your way.

INSPIRING TEACHERS
Our teachers want you to be successful. That’s what they work towards every day, and during every lesson. Their expertise, knowledge and care, combined with your hard work, will help you develop academically and personally. This helps ensure you are ready for your next step: a degree at the University of Westminster.

A COURSE DESIGNED FOR YOU
Your pathway course will feature a combination of modules that factors in your degree and career goals, and you’ll have special projects that can usually be based on the topics that interest you most. This adaptability will help ensure your course is matched to your unique goals, and you will be well placed to succeed.

PROACTIVE AND INTERACTIVE
You’ll enjoy a dynamic learning experience with an emphasis on debate and discussion. You will receive learning materials before your classes, so that you can get involved in productive conversations. This will help you to gain a deeper understanding of the subject, learn skills for university, as well as improve your English at the same time.

TAILORED TEACHING
You will have frequent meetings with your tutor, where you can ask any questions that you have, while carefully timed assessments help you track your progress towards your university degree. We’ll send reports on your attendance, as well as how you are settling in and progressing, to your agent, parents, and where applicable, your sponsor and/or guardian, so they can help you work towards your goals.

Watch our top tips from teachers video: kpln.org/teachers-tips

LEARN YOUR WAY

22 23
Do more than just study

At KIC London, you’ll learn both inside the classroom and out. You’ll want to discover London and the rest of the UK, and to spend time with your new friends. For that reason, we organise a whole range of social activities and trips while you’re here. You can enjoy:

• sports afternoons
• cinema visits
• trips to museums and galleries
• outings within London to places such as Greenwich Park and Spitalfields Market
• trips to other UK cities like Brighton, Cambridge and Oxford
• board game club
• conversation club

These are also a fun way of practising your English, so you’ll learn without even realising!

SUPPORT AT EVERY STEP

Studying abroad is a big decision. It’s also an amazing, life-changing experience, and we’ll be there to support you as you follow your path to university.

BEFORE YOU ARRIVE

We’ll start helping you before you even fly to the UK. You’ll receive a handy pre-arrival pack, which will have essential information about your study destination and UK life. We’ll also advise you on how to get your visa. If you’re under 18 years old, we can arrange the legal guardian that you’ll need during your studies for your wellbeing.

AFTER YOU ARRIVE

When you arrive in the UK, we’ll make sure you’re comfortable and have everything you need. With our airport transfer services, there will be a friendly face to meet you off the plane, and you can arrive at your new home easily and without stress. We want you to have a great start to your experience in the UK.

WELCOME WEEK

Before your classes start, there’s Welcome Week, full of events designed to welcome all new students. You will learn about the area and get to know everyone, and we’ll even invite your parents to a special event at the beginning of your course. Our staff will help you set up a bank account and register with a doctor, so you’re ready for life in the UK.

PROGRESSING TO YOUR DEGREE

Once you’ve completed your pathway course, we’ll assist you on your next step: continuing to your university degree. We’ll help you with your new visa application, and explore your study options if necessary.

Learn more about our support services at:
kaplanpathways.com/london-support

Explore the area... while having fun!

During your first week at KIC London, you can take part in fun activities like our team treasure hunt. It’s a great way to learn about the neighbourhood around the College, and to make new friends. There are even prizes for the winners!
As a student at KIC London, you’ll want a place that feels like home. And that’s exactly what we offer. You can stay in a comfortable and secure student residence that’s ideal for enjoying London life.

OUR RESIDENCES INCLUDE:
• bills, WiFi and maintenance
• a variety of room preferences, including under-18 and single gender options
• access to common rooms or lounges
• in-house laundry facilities (usage charges apply)
• a student starter pack including bedding and cooking equipment

See the opposite page for our great student accommodation options. These are examples of what might be available to you.

Housing guarantee
You are guaranteed accommodation while you study at KIC London.*

Prices and booking
For example prices, and for details of how to book your accommodation with us, see page 28.

* On the condition that you pay your tuition deposit, accept your study offer and submit the accommodation booking form before the accommodation guarantee deadline date.

MAGENTA HOUSE
Nearest station: 10-minute walk to Aldgate East, which is a 10-minute Tube journey to London Bridge station.
Room type: private rooms in a shared flat
Bathroom: private
Social space: common room, study space and TV area

IQ SHOREDITCH
Nearest station: 5-minute walk to Old Street, which is a 5-minute Tube journey to London Bridge station.
Room type: studios
Bathroom: private
Social space: a range of dedicated social spaces for study, eating, music and gaming

TUFNELL HOUSE
Nearest station: 5-minute walk to Tufnell Park, which is a 20-minute Tube journey to London Bridge station.
Room type: private rooms in a shared flat
Bathroom: private
Social space: study spaces and common rooms with games and satellite TV

HOMESTAY
Alternatively, you can live in a homestay with a local host. It’s a great way to practise your English and experience British culture.
WHY CHOOSE OUR ACCOMMODATION?
All our residences are safe, secure and have good transport connections to the College. You’ll also receive dedicated booking and post-arrival support, which you might not get with accommodation in the private sector.

ACCOMMODATION AVAILABILITY
The residences featured in this brochure are examples only. Please note that the exact accommodation available to you depends on your KIC London course start date and length.

YOUR OWN SPACE
“...I love my accommodation! The staff are so friendly, and there are lots of people with different nationalities in the building, so you get to hang out with people from around the world. Plus, it’s only 15 minutes from the College, so it’s easy to get to classes.”

Michelle from Panama
Foundation Certificate student staying at a KIC London residence

Visit our website for more details on accommodation: kaplanpathways.com/london/accommodation

HOW TO BOOK
You can apply for accommodation at the same time that you apply for your course.

1. Indicate on the College application form that you require accommodation.
2. After receiving your study offer, book your accommodation by completing the online form and paying the holding fee (typically £1,000) when you accept your offer.
3. You’ll then receive your accommodation agreement. Read, sign and return this to reserve your room.
UNDERGRADUATE PATHWAYS

You have several pathway options leading to a University of Westminster undergraduate degree. The right one for you depends on your English language level and preferred degree subject.

FOUNDATION CERTIFICATE
To help you qualify for entry to the 1st year of your undergraduate degree. Offered in:
- Art and Design ........................................ page 34
- Business, Law and Social Sciences ............ page 36
- Science and Engineering ........................... page 38

INTERNATIONAL YEAR ONE (IYO)
For progression directly to the 2nd year of an undergraduate degree. Available in:
- Business ............................................. page 40

What’s the right path for me?
See page 32 to find the undergraduate degree you want, and to see which pathway course or courses lead there.

Foundation Certificate or IYO?
Find out which courses best match your qualifications:
> KaplanPathways.com/westminster/ug-degrees
> KaplanPathways.com/westminster/contact

YOUR GUARANTEED PATH TO UNIVERSITY
You’re guaranteed entry to your degree at the University of Westminster, when you pass your Foundation Certificate or International Year One course at the required level, with good attendance.

YOUR GUARANTEED PATH TO UNIVERSITY
You’re guaranteed entry to your degree at the University of Westminster, when you pass your Foundation Certificate or International Year One course at the required level, with good attendance.

YOUR PATH, YOUR WAY: A COURSE TO FIT YOUR NEEDS
- Your undergraduate pathway course will have a special combination of modules designed to fit your degree and career aspirations. This means that your course is matched to your goals.
- Some modules will be taken by you and all other students on your course. This gives you a solid base of common study skills that you’ll need at university.
- In many cases, you can also customise your pathway course by choosing some or all additional modules from a selection, and/or by completing 1 or more pieces of work based on your interests and degree subject.
- During your pathway course, you will have frequent assessments to check that you’re on track to progress to your University of Westminster degree.

READY FOR UNIVERSITY
“On my Foundation Certificate, I’m in a very nice, small class with a maximum of 15 students, so I can get a lot of work done. The teachers are very professional and patient, so it’s a nice environment. I feel fully prepared for my degree.”

Alexandros from South Africa
Followed his path to BSc (Hons) Biomedical Sciences (pictured left)

FOUNDATION CERTIFICATE FOR ART AND DESIGN

An education in the arts can give you a great base from which to explore an artistic career. This course will cover a wide variety of skills and study areas that will be useful when taking a degree in a creative field. You’ll be fully prepared to succeed on a related undergraduate degree at university.

All students study these modules to gain a solid base of skills:
• Creative Practice and Portfolio
• English for Academic Purposes
• Visual Culture

You’ll also take 2 of the following that best fit your degree and career goals:
• Entrepreneurship
• Intermediate Digital Applications
• People, Culture and Society

You’ll also study these modules if your English level is below UKVI IELTS 5.5:
• Art, Design and Media
• Critical Reading, Writing and Reasoning for Higher Education

Or if you have at least UKVI IELTS 5.5, or do not need to take an IELTS test, you’ll study these modules:
• Art, Design and Media

Plus 2 of the following 4:
• Contemporary Art in Context
• Digital Applications
• Preparatory Statistics
• UK Society and Culture

Personal development activities
During your course, you’ll also work on developing your online personal portfolio and practical skills, giving you a truly well-rounded experience. See page 43 for more details.

Your degree possibilities
See page 32 for specific degrees that this Foundation Certificate can lead to.
FOUNDATION CERTIFICATE FOR BUSINESS, LAW AND SOCIAL SCIENCES

Business, Law and Social Sciences explores a broad range of topics and subjects. This Foundation Certificate allows you to choose the area you would like to focus on, preparing you for your university degree. An education in this field could help you go on to a truly interesting and meaningful career.

Example careers: Accountant | Business Manager | Diplomat | Economist | Financial Trader | Journalist | Lawyer | Property Manager

You’ll also study these modules to help you reach university:
- English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 3
- Speaking and Listening 3

3.5 and 4 terms

Study additional modules to help you reach university:
- English for Academic Study 2
- Reading and Writing 2
- Speaking and Listening 2
- Study Skills Preparation

Your degree possibilities
See page 32 for specific degrees that this International Year One can lead to.
Familiarise yourself with varied concepts of English for Academic Purposes, economics, and explore current trends and issues. Gain an understanding of macro and micro Economics. Improve your ability to listen and speak in English, allowing you to fully engage with academic topics. "UK Society and Culture" Learn more about the culture and society of the UK, and how it differs from others. Preparatory Science Gain an introduction to core scientific knowledge, and subject-specific language required to study the sciences. Preparatory Statistics Build on your knowledge of using statistics, including the use of data to illustrate facts and support theories. Reading and Writing 3 Develop your English reading and writing skills to a sufficient level to communicate complex ideas. Speaking and Listening 3 Improve your ability to read and speak in English, allowing you to fully engage with academic topics. UK Society and Culture Learn more about the culture and society of the UK, and how it differs from others.

**Personal development activities**

**Culture and activities**

We'll help you to have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or you could develop your wider subject knowledge and understanding of related industries.

**Digital and employability skills**

Outside of your academic learning, you'll also be taught skills that will be useful at university and later in life. You'll receive help in making the most of your creativity, improving your communication and developing your digital skills. We'll also help you build a CV, portfolio and online profile to help empower you after you graduate.

**Social network**

Forming a strong social network can be very useful, even if it’s just to discuss and debate ideas. Not only will you get to know your classmates, you’ll also have opportunities to join professional bodies, and network with students and industry professionals—something that can be hugely helpful when you go on to start a career.

Find out what you'll study in your course modules in the summaries below.

### 2-term modules

- **Biology**
  - Gain an understanding of biological systems and organisms, as well as key laboratory processes.
- **Business Organisations and Management**
  - Examine key concepts in management theory and practice, and discuss issues relating to management in modern organisations.
- **Chemistry**
  - Gain an understanding of chemical reactions, fundamental particles and the periodic table.
- **Contemporary Global Issues**
  - Explore the big issues facing humanity in the 21st century, and critically evaluate their causes and effects.
- **Creative Practice and Portfolio**
  - Research the work of selected practitioners in your field, responding to and evaluating their work, in your own illustrative portfolio.
- **Economics**
  - Gain an understanding of macro and micro economics, and explore current trends and issues in the field.
- **English for Academic Purposes**
  - Develop your English to the level you need for university study, and to really get involved in academic discussions.
- **Entrepreneurship**
  - Familiarise yourself with varied concepts of creativity, entrepreneurship and innovation, and how to apply them in business.
- **Extended Project**
  - Learn how to plan, carry out and report an extended project. You can choose a project topic that matches your degree and career goals, and personal interests.
- **Financial Accounting**
  - Learn about standard accounting conventions, and the role of financial accounting within business organisations.
- **Historical Perspectives**
  - Gain an understanding of the historical context of your chosen degree area, and skills such as researching, evaluating and interpreting sources.
- **Information Technology**
  - Discover some of the key concepts of computer science, including data representation and programming languages.
- **Intermediate Digital Applications**
  - Develop skills in problem-solving and creative practice using a range of software packages appropriate to your field of study.
- **Intermediate Mathematics**
  - Expand your knowledge of mathematical concepts including algebra, geometry, problem-solving, trigonometry and vectors.
- **Introduction to Marketing Principles and Consumer Behaviour**
  - Learn the basic principles of marketing within international business organisations, and understand consumer engagement.
- **Logic and Critical Thinking**
  - Explore the concepts, history and skills relating to logic and critical thinking, and how they apply in real-world contexts.
- **Management Accounting and Financial Management**
  - Find out about the role of financial management in organisations, and techniques for financial decision-making.
- **Mathematics**
  - Develop your mathematical skill set in areas such as algebra, decision maths, probabilities and statistics.
- **Organisational Behaviour**
  - Gain an understanding of management of work in organisations, and human resources and organisations in a global context.
- **People, Culture and Society**
  - Learn the history, theories and issues that relate to human culture and society around the world.
- **Physics**
  - Learn about astrophysics, electromagnetism, mechanics and thermodynamics.
- **Quantitative Methods and Information Systems for Business**
  - Learn quantitative techniques used in industry, and analyse and interpret data and information systems in a business context.
- **Skills for Study 2**
  - Improve your analytical skills in written and spoken information, and practise a university assignment.
- **Statistics**
  - Learn basic algebra, and the skills needed to analyse and apply statistics in a range of ways.
- **The Business Environment**
  - Engage in interactive projects that integrate practical, real-life situations with your knowledge of business theory.

### 2.5 and 3-term modules

- **Art, Design and Media**
  - Explore a range of materials, workshop techniques, processes and practical skills, and begin to develop your research, interpretation and critical evaluation skills.
- **Contemporary Art in Context**
  - Review the key movements and practitioners in the 20th century within your field, considering trends within historical, political and cultural contexts.
- **Critical Reading, Writing and Reasoning for Higher Education**
  - Enhance your ability to read and understand complex ideas in English, and to compose convincing written arguments.
- **Digital Applications**
  - Develop your digital skill set, helping you use digital tools to support academic study, including using and citing digital sources.
- **English for Academic Study 1**
  - Develop your reading and writing skills to a sufficient level to communicate complex ideas.
- **English for Academic Study 2**
  - Improve your English grammar and vocabulary in order to be able to communicate in an academic environment.
- **English for Academic Study 3**
  - Expand your knowledge of English grammar and vocabulary to the level required for degree study.
- **Independent and Collaborative Study**
  - Work independently and in teams on an academic task, and practice applying your subject knowledge and study skills.
- **Preparatory Mathematics**
  - Develop your numeracy skills, including algebra, geometry and graphs.
YOUR PATH, YOUR WAY:
A COURSE TO FIT YOUR NEEDS

• Your Pre-Master’s course will have a combination of modules designed to fit your degree and career aspirations. This means that your course is matched to your unique goals.

• Some modules will be taken by you and all other students on your course. This gives you a solid base of common skills you’ll need at university.

• In many cases, you can also customise your pathway course by choosing some or all additional modules from a selection.

• During your Pre-Master’s, you’ll have frequent assessments to check that you’re on track to progress to your University of Westminster degree.

YOUR GUARANTEED PATH TO UNIVERSITY
You’re guaranteed entry to your degree at the University of Westminster, when you pass your Pre-Master’s at the required level with good attendance.

YOUR GUARANTEED PATH TO UNIVERSITY
You’re guaranteed entry to your degree at the University of Westminster, when you pass your Pre-Master’s at the required level with good attendance.

YOUR GUARANTEED PATH TO UNIVERSITY
You’re guaranteed entry to your degree at the University of Westminster, when you pass your Pre-Master’s at the required level with good attendance.

POSTGRADUATE PATHWAYS
A Pre-Master’s is your best route to a postgraduate degree at Westminster. The best one for you depends on your English language level and preferred degree subject.

PRE-MASTER’S
For entry to a postgraduate degree, you can take a Pre-Master’s for one of the following subject areas:

Business, Law and Social Sciences .......................................................... page 48
Science and Engineering ................................................................. page 50

What’s the right path for me?
Turn to page 46 to find the postgraduate degree you want, and to see which pathway course or courses lead there.

All students study these modules to gain a solid base of skills:
- English for Academic Purposes
- Research Project

You’ll also take 2 of the following that best fit your degree and career goals (for progression to some degrees, the University will require you to take particular modules):
- Advanced Statistics
- Engineering, Science and Society
- Project Management
- UK Society and Culture (Advanced)

You’ll also study these modules to help you prepare for university:
- English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 3
- Speaking and Listening 3

Study additional modules to help you reach university:
- English for Academic Study 2
- Reading and Writing 2
- Speaking and Listening 2
- Study Skills Preparation

Personal development activities
During your course, you’ll also work on developing your online personal portfolio and practical skills, giving you a truly well-rounded experience. See page 53 for more details.

Your degree possibilities
See page 47 for specific degrees that this Pre-Master’s can lead to.

**COURSE MODULES**

(see page 52 for module contents)
We'll help you have a very beneficial cultural and social experience, and we'll encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or you could develop your wider subject knowledge and understanding of related industries.

Outside of your academic learning, you'll also be taught skills that will be useful at university and later in life. You'll receive help in making the most of your creativity, improving your communication and developing your digital skills. We'll also help you build a CV, portfolio and online profile to empower you after you graduate.

Forming a social network can be very useful, even if it's just to discuss and debate your ideas. Not only will you get to know your classmates, you'll also have opportunities to join professional bodies and network with students and industry professionals: something that can be really helpful when you go on to start a career.

QUESTIONS AND ANSWERS

If you still have questions about studying with Kaplan, let us try to answer them below.
Or, you can contact us for more information. You’ll find contact details on the next page.

HOW MUCH MONEY DO I NEED TO STUDY A PATHWAY COURSE?
Studying in the UK is a big life investment, so you will need to plan ahead. You must have at least £1,265 for each month of your pathway course, up to a maximum of 9 months, plus funds to cover any unpaid tuition fees.
The money must be in a recognised bank account for at least 28 days before you apply for your Tier 4 (General) student visa. See the table below for more information on costs.

WHAT SUPPORTING DOCUMENTS DO I NEED TO PROVIDE WITH MY APPLICATION?
For a complete application, you need to send us a few extra documents. These include:
• copies of your passport and any previous UK visas
• IELTS certificate (UKVI Academic)
• academic transcripts (plus certified translations if the originals aren’t in English)
You can still apply without all these items, and submit them later.

HOW LONG DOES THE APPLICATION PROCESS TAKE?
If your application is complete and successful, once our Admissions team receives it, they will issue a study offer within 1 working day. The duration of the process that follows can vary, so it is good to apply at least a few months in advance. This will allow you enough time to apply for your visa, reserve your accommodation and get ready for your trip.

DO I NEED INSURANCE DURING MY COURSE?
You’ll need to be fully covered by student insurance for the whole of your pathway course in the UK. We can offer you a comprehensive policy in partnership with Endsleigh, a leading insurance provider.

ARE SCHOLARSHIPS AVAILABLE?
Yes, some partial tuition fee scholarships for pathway courses and degrees are available for students who achieve good grades.
You can find out more at: ► kaplanpathways.com/how-to-apply/scholarships

DO I NEED A GUARDIAN DURING MY STUDIES?
If you are under 18 years old, you need a legal guardian in the UK until you reach 18. This is something we can help arrange.
Find out more at: ► collegeguardians.co.uk

DO I NEED TO BRING A LAPTOP OR OTHER DEVICE FOR STUDYING?
You’ll need to bring a device to use during your studies, ideally a laptop. If you don’t have one, the College Services team can assist you in buying one when you arrive.

This prospectus has been drafted in advance of the academic year to which it applies. Every effort has been made to ensure that the information is accurate at the time of publishing, but changes (for example to course content) are likely to occur given the nature between publishing and commencement of the course. Therefore, Kaplan reserves the right to change the application details, terms and conditions, contact details, or any other offer, at any time before entry. Any changes to your offer at any stage of your programme will be communicated to you in writing. Kaplan International College London is operated by Kaplan International Group Limited (company number: 06533974), with registered address: 2nd Floor, Warwick Building, Kensington Village, Avesbury Road, London W14 8HQ.

* Kaplan fees are compared to the private tuition fees in the UK, which include course fees and living expenses. Kaplan fees are exclusive of accommodation and other personal expenses, such as travel and books. Kaplan fees do not include external exams. Kaplan fees are subject to change without notice.

1 These amounts are based on previous academic years. Confirmed figures for 2019–20 will be available online soon — contact us for more information.
