THE UNIVERSITY

To stand out in today’s job market, you’ll need the skills, knowledge and mindset to succeed. You’ll need a 360º educational experience. That’s exactly what you’ll get at UWE Bristol.

Shape your future

UWE Bristol’s goal is to make sure you’re prepared for the future you want: academically, professionally and socially. Its focus on real-world learning means that you’ll be adaptable, creative and ready for work. You’ll find one of the UK’s largest paid internship programmes here, which arranged over 8,000 industry placements for students in 2017-18.

Everything you need

Tailored learning methods, modern buildings, high-tech facilities—you’ll find all this and more at UWE Bristol. By 2020, the University will have invested £300 million in its accommodation, equipment and technology, including a new Engineering building with engine test cells, wind tunnels and more. You can be sure that UWE Bristol is fully committed to enabling your success.

Your new community

You’ll receive a great welcome at UWE Bristol, and have all that you need to feel at home. The University is home to students from 140+ countries, creating a truly global campus. There are many resources and services to help you settle in, such as student societies with an international theme, which are great for making friends!

UK SUBJECT RANKINGS

9th | Architecture
6th | Building
10th | Forensic Science
18th | Health Professions

24th | Mechanical Engineering
16th | Physiotherapy
13th | Town and Country Planning

At UWE Bristol, we will offer you an excellent experience in a vibrant, healthy and happy learning environment. Your education and wellbeing are priorities, and we invite you to join our friendly and diverse campus community.

Professor Steve West
Vice-Chancellor at UWE Bristol

THE CAMPUS

UWE Bristol has three beautiful and environmentally friendly campuses in and around the city. With fantastic study and leisure facilities, you’re sure to have an incredible campus experience.

I UWE Bristol’s campuses

Frenchay Campus
UWE Bristol’s main campus is just four miles outside Bristol city centre. It’s home to the £55 million Bristol Business School and Bristol Law School, and the £16.5 million West of England University Enterprise Zone (UEZ), one of only four in the country. As part of the UEZ, Future Space is a dynamic new workspace for innovative start-ups and small and medium-sized businesses, specialising in science and high-tech areas.

City Campus
UWE Bristol’s creative and cultural industry degree programmes are studied here. It consists of Bower Ashton and Spike Island, as well as studio spaces at the Arnolfini gallery and Watershed—both internationally renowned contemporary art and design centres.

Glenside Campus
Based in the Fishponds area of the city, and home to most of UWE Bristol’s allied health, nursing and midwifery students.

I Get involved

As a UWE Bristol student, you can experience student life at its best. Whether you love sports, music, theatre, debating or something else, UWE Bristol has a club or society that’s right for you. You’ll be able to do something you enjoy while making new friends.

Everything on campus
UWE Bristol’s campuses have more than just learning facilities. You can find so many other amenities to help you enjoy student life, such as:
• Cafés, bars and shops
• The Centre for Sport
• The Centre for Music
• A Community Hub
• A cinema
• A post office
• A health centre.
Get to know

BRISTOL

Discover Bristol: one of the most beautiful cities in the UK. With its vibrant culture, pretty countryside and environmentally friendly reputation, Bristol has a lot to love.

I A great place to live
Bristol was named best place to live in Britain in 2017 by The Sunday Times. It’s known as a friendly, welcoming, safe, creative and diverse city. With an airport, and two major railway stations as well as a coach terminal, it’s well connected, and it’s also only 90 minutes by train from London—perfect for a day trip.

I A city of opportunity
Bristol is also a city full of opportunities, being a popular base for multinational companies such as Rolls-Royce, Airbus, Sony, Aardman Animations and OVO Energy. From well-established national companies to growing start-ups, Bristol’s economy is thriving. Now is a great time to come and study here.

I A diverse culture
International cuisine, independent and designer stores, free museums: it’s all here in Bristol. Then of course there is the music, technology, culture, clubs, sports, art and festivals, plus Bristol’s famous artist, Banksy. Whatever you’re looking for, Bristol will not disappoint, so come and see it for yourself.

Top 5 things to do in Bristol
• Discover the Bristol International Balloon Fiesta.
• Visit the historic Clifton Suspension Bridge.
• Take a tour of Redcliffe Caves.
• See a show at the Old Vic theatre—the oldest continuously working theatre in the English-speaking world.
• Go shopping in the city centre.

GLOBAL SUCCESS

Students from around the world have studied at UWE Bristol, and many have gone on to impressive careers. With a UWE Bristol degree, you could go anywhere.

1 Industry links
You’ll benefit from the University’s strong partnerships, links and networks with employers. From placements and internships to field trips and live projects, you’ll have so many opportunities to enhance your career prospects at UWE Bristol.

1 Your careers service
Throughout your UWE Bristol degree, and for three years after you graduate, you’ll have access to a friendly careers team, in person and online. This includes Gradlink, UWE Bristol’s award-winning careers website for international students. It’s a valuable tool that allows you to connect with companies around the world, and to find your perfect job once you’ve graduated.

140+
countries represented by students who have come to study at UWE Bristol (marked in green on the map)
YOUR PATH TO UNIVERSITY
Whether you want to study a bachelor’s or master’s degree, an on-campus pathway course at UWE Bristol’s International College can help you enrol.

What is a pathway course?
If you have completed high school or university, but don’t meet the entry requirements for a UWE Bristol undergraduate or postgraduate degree, you can still gain a place through a pathway course. This will give you the skills and knowledge you need to progress to your degree at UWE Bristol. You’re guaranteed entry if you pass at the required level with good attendance.*

On-campus pathway courses

Foundation Certificate
To qualify for entry to an undergraduate degree at UWE Bristol, you can take a Foundation Certificate. You’ll be fully prepared for your studies, and can progress to the first year of your degree.

International Year One (IYO)
If you’ve finished high school with good grades, you might qualify to study an IYO. This combines university preparation with content that’s similar to that of undergraduate first year, allowing you to progress directly to the second year of your degree.

Pre-Master’s
If you already have three years of higher education or equivalent from your home country, but you don’t qualify for entry to a postgraduate degree, a Pre-Master’s is ideal. This will bring your skills up to the level needed for entry to a UWE Bristol postgraduate degree.

Off-campus pathway course

Pre-Doctorate
If you already have a degree, and wish to study a UWE Bristol doctoral degree, you can prepare with a Pre-Doctorate at Kaplan’s International College in London. The course will help you to navigate the process of applying for a UK doctoral degree, and show you how to best present yourself and your research ideas to universities at doctoral level.

* This guarantee applies only to Foundation Certificate, International Year One and Pre-Master’s courses. For the Pre-Doctorate, you are guaranteed an interview for a doctoral degree at UWE Bristol if your research topic matches the University’s priority areas.

More

INTERNATIONAL COLLEGE

UWE Bristol’s International College can help you prepare for university with a pathway course. It’s based on campus, has modern facilities, and specialises in teaching international students.

The university experience
While you study at the College to prepare for your degree, you’ll be just like a UWE Bristol student from your first day. You’ll be living and studying on the Frenchay Campus with other students, and you can access all the same facilities that UWE Bristol students can, like libraries, IT labs, the Centre for Sport and the Students’ Union.

All the support you’ll need
At the International College, you’ll receive all the necessary support to progress to your degree. Teachers will give you expert academic help, and our support staff will make sure you have everything else you need, and are comfortable with life in Bristol.

Full preparation
You’ll be fully ready for your degree, thanks to the College’s experienced academic staff and excellent learning facilities. Our courses are designed for international students like you. They will focus on raising your academic skills, subject knowledge and English language to the level you need to qualify for your degree, and to succeed when you get there.

Find us online at: www.kaplanpathways.com/uwe-bristol

Our guarantee
You’re guaranteed entry to your UWE Bristol degree if you pass your on-campus pathway course at the required level and with good attendance.

We are delighted you are thinking about studying at the International College.
You’ll develop all the skills and knowledge required to be successful at university and beyond. And of course, you’ll make lots of new friends along the way!
I wish you the best of luck, and can’t wait to welcome you to Bristol.

Martin Jones
Director of UWE Bristol’s International College
LEARN YOUR WAY

At Kaplan, we believe that inspiring teachers are the key to effective learning. The experienced academic staff at UWE Bristol’s International College are committed to giving you the best possible education.

I Discover your potential
The College’s teachers have experience working with international students, and their teaching is specifically designed to fit your particular needs. Teachers will help you to achieve your very best, and make sure that you’re ready for your degree at UWE Bristol. When you progress, you’ll be fully prepared to succeed.

I More than just classes
While you are studying at the International College, your teachers will focus on helping you to improve your subject knowledge, academic skills and English language level. In addition, they will give as much time to each student as possible, both inside and outside of the classroom. You will receive learning materials before classes, which will help you get involved in productive discussions in the classroom, and learn in a thoughtful, interactive environment.

I Individual attention
You will have frequent meetings with your tutor, where you can ask any questions you may have, while carefully timed assessments will help you track your progress towards your university degree. We’ll send reports on your attendance, plus how you’re settling in and progressing, to your agent, your parents and, where applicable, your sponsor and / or guardian, so they can help you work towards your goals.

I Customise your course
Your course can often be customised based on your interests and progression degree. You might be able to choose some of the modules you study, or pick the topic you explore in major projects. This will help you study the way you want to.

More
Watch our video with tips from teachers: kp.in/teachers-tips

I love teaching at the International College, and it’s so satisfying to see students grasping ideas and exploring their own. It’s also great to see them go on to their university degree with confidence.

At the College, we tailor our teaching for different cultures to help make sure everyone can understand. This means the College is a great place for you to adjust to university life!

Ajay Sarda
Academic Director at UWE Bristol’s International College (pictured)

Need additional help?
You can receive additional time with tutors on a one-to-one basis if you feel you need it.
SUPPORT AT EVERY STEP

Studying abroad is a big step in your life. When you come to UWE Bristol’s International College, we’ll make sure you receive the support you need.

Before you arrive
The College will support you even before you come to the UK. You will be advised on the visa process, and you’ll be sent a useful pre-arrival pack, so you can prepare to study abroad and learn more about UK life. If you’re under 18 years old, the College can also arrange the legal guardian that you’ll need during your studies for your wellbeing.

After you arrive
When you arrive, College staff can meet you at the airport and take you straight to your new home. They will make sure you are comfortable and have everything you need.

Your first week
The College organises a special Welcome Week, which takes place before your pathway course classes start. There will be lots of fun activities to participate in, and you’ll get to know the College staff and other students.

On-going support
Your welfare is important to us, and the College staff’s top priority is to ensure your safety. In addition, the College will organise activities and events after Welcome Week, to make sure you have an amazing time in the UK. If there’s anything else you need, just ask, and staff will be happy to help.

Progressing to your degree
When it’s time to progress from your pathway course to university, we will help you to take that step. If need be, we’ll also advise you on other suitable study options, helping to keep you on the path to success.

The Students’ Union at UWE Bristol has many clubs and societies you can join. These are a great way to make friends.

We want to make sure you’re happy in Bristol. That way, you can focus on achieving your best!

Francesca Colangelo
College Services at UWE Bristol’s International College

Have fun while you study
To help you make the most of your time in Bristol, you can join in a wide range of activities organised by the College, such as:
• Tours of local landmarks.
• Visits to museums and galleries.
• Trips to amusement parks.
• Days out in other English cities like Bath and London.

LIVE YOUR WAY

No matter where you’re from, you’ll want to live somewhere that feels like home while you’re in Bristol. The carefully selected on-campus accommodation is comfortable, modern, and includes all the facilities you need to enjoy student life.

Comfortable living
The accommodation available to you during your course is designed specially for students. You’ll have a quiet and comfortable bedroom with everything you need, including a dedicated study area, perfect for when you have a tight assignment deadline coming up! You’ll also have your own private bathroom, plus a shared kitchen and an area where you can socialise with other students.

Frenchay Student Village
Your accommodation during your pathway course will be in the University’s excellent student residences, situated in the Frenchay Student Village. It’s a wonderful place to live, study and relax, and all the campus facilities, including the International College, are just a short walk away. A cleaning service is available on request, and on-site 24/7 security staff will ensure your safety at all times.

What’s included
• Your own private bedroom.
• All electricity, gas and water bills.
• WiFi.
• Shared kitchen and dining area.
• Comfortable lounge area.
• Entertainment facilities.
• Access to shared laundry room (usage charges apply).
• Student starter pack that includes bedding, cooking equipment and other essentials.

Guaranteed accommodation
You’re guaranteed housing during your pathway course at UWE Bristol’s International College.*

* On the condition that you pay your tuition deposit, accept your study offer and submit the accommodation booking form before the deadline for your intake.
BOOKING YOUR ACCOMMODATION

You’ll enjoy many benefits in UWE Bristol’s accommodation during your pathway course. Plus, the booking process is quick and easy!

1 Why choose UWE Bristol’s residences?
All the University’s residences are safe, secure and close to your classes. You’ll also receive dedicated booking and post-arrival support, which you might not get if you look for your own housing in the private sector.

1 Accommodation availability
The residences featured in this brochure are examples only. The exact accommodation available to you depends on your College course type, start date and length.

1 How to book
You can apply for accommodation at the same time that you apply for your pathway course.

1. Indicate on the application form that you require accommodation.
2. After receiving your study offer, book your accommodation by completing the online form and paying the holding fee (typically £1,000) when you accept your offer.
3. You’ll then receive your accommodation agreement. Read, sign and return this to reserve your room.

1 Example accommodation prices
Accommodation prices depend on your course length and housing choice.

UNDERGRADUATE PATHWAYS

Your route to an undergraduate degree at UWE Bristol will depend on your academic qualifications, English language level and subject preference.

1. Foundation Certificate
   For entry to the first year of an undergraduate degree.
   Offered for the following subject areas:
   - Business, Law and Social Sciences \( \rightarrow \) page 36
   - Science and Engineering \( \rightarrow \) page 38

2. International Year One
   For fast-track entry to the second year of an undergraduate degree. Available in these subject areas:
   - Business \( \rightarrow \) page 40
   - Engineering \( \rightarrow \) page 42

Your path, your way:

- Your Foundation Certificate or International Year One course will have a special combination of modules that’s designed to fit your degree and career aspirations. This means that your course is matched to your unique goals.
- Some of these modules will be taken by you and all other students on your course. This gives you a solid base of common study skills that you’ll need at university.
- In many cases, you can also customise your pathway course by choosing some or all additional modules from a selection, and / or by completing one or more pieces of work based on your interests and degree subject.
- During your Foundation Certificate or International Year One, you’ll have frequent assessments to check that you’re on track to progress to your UWE Bristol degree.

What’s the right path for me?

Turn to page 34 to find the undergraduate degree you want, and to see which pathway course or courses lead there.

Foundation Certificate or IYO?

Visit www.kaplanpathways.com/degree-finder/bristol or contact us at www.kaplanpathways.com/bristol-contact to find out which course best matches your qualifications.

Guaranteed entry

You’re guaranteed entry to your UWE Bristol undergraduate degree when you pass your pathway course at the required level and with good attendance.

“Studying in the UK was my dream. I always wanted to come to the UK. At first I found it a little difficult because we weren’t really taught much English at school in Myanmar.

However, now I’m used to it and it’s fine. The staff are really nice, especially Francesca, and all the teachers are nice too!

Course modules
(see page 44 for module contents)

2 terms

All students study these modules to gain a solid base of skills:
• English for Academic Purposes
• Extended Project

You’ll also take 3 of the following modules that best fit your degree and career goals (for progression to some degrees, the University will require you to take particular modules):
• Entrepreneurship
• Mathematics
• People, Culture and Society
• Statistics

You’ll also study these modules if your English level is below UKVI IELTS 5.5:
• English for Academic Study 3
• Independent and Collaborative Study
• Reading and Writing 3
• Speaking and Listening 3

Or if you have at least UKVI IELTS 5.5, or do not need to take an IELTS test, you’ll study these modules:
• Critical Reading, Writing and Reasoning for Higher Education
• Independent and Collaborative Study
• Preparatory Statistics
• UK Society and Culture

Study additional modules to help you reach university:
• English for Academic Study 2
• Reading and Writing 2
• Speaking and Listening 2
• Study Skills Preparation

Personal development activities
During your pathway course, you’ll also work on developing your online personal portfolio and practical skills, giving you a truly well-rounded experience. See page 47 for more details.

Your degree possibilities
See page 34 for specific degrees that this Foundation Certificate can lead to.
Foundation Certificate for SCIENCE AND ENGINEERING

Gaining an education within the fields of Science or Engineering is a great way to prepare for a rewarding career at the cutting edge of many different industries. You’ll gain a lot of technical, practical knowledge, making you highly valuable to employers. On this course, you will develop the skills needed to succeed on a related degree at university.

**Example careers:** Aerospace Engineer | Architect | Biomedical Scientist | Civil Engineer | Electronic Engineer | Physiotherapist

### Course modules

(see page 44 for module contents)

- **2 terms**
- **2.5 and 3 terms**
- **3.5 and 4 terms**

All students study these modules to gain a solid base of skills:
- English for Academic Purposes
- Extended Project

You’ll also take 2 or 3 of the following that best fit your degree and career goals (for progression to some degrees, the University will require you to take particular modules):
- Biology
- Mathematics
- Chemistry
- Physics
- Entrepreneurship
- Statistics
- Intermediate Mathematics
- Critical Reading, Writing and Reasoning for Higher Education
- Independent and Collaborative Study
- Preparatory Mathematics
- Preparatory Science

You’ll also study these modules if your English level is below UKVI IELTS 5.5:
- English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 3
- Speaking and Listening 3

Or if you have at least UKVI IELTS 5.5, or do not need to take an IELTS test, you’ll study these modules:
- Critical Reading, Writing and Reasoning for Higher Education
- Independent and Collaborative Study
- Preparatory Mathematics
- Preparatory Science

Study additional modules to help you reach university:
- English for Academic Study 2
- Reading and Writing 2
- Speaking and Listening 2
- Study Skills Preparation

---

### Personal development activities

During your pathway course, you’ll also work on developing your online personal portfolio and practical skills, giving you a truly well-rounded experience. See page 47 for more details.

### Your degree possibilities

See page 34 for specific degrees that this Foundation Certificate can lead to.
Business is an incredibly broad field of study, and can encompass everything from Accounting to Investing to Marketing. Studying Business will give you an insight into a wide range of topics, and help you begin an interesting career in industry. This pathway course will allow you to progress directly to the second year of a degree in a related field.

Example careers: Accountant | Advertising Copywriter | Banker | Finance Officer | HR Manager | Marketing Executive

### Course modules

(see page 44 for module contents)

#### 2 terms

- **2.5 and 3 terms**

- **3.5 and 4 terms**

- **All students study these modules to gain a solid base of skills:**
  - Economics
  - English for Academic Purposes
  - Entrepreneurship and Business Development
  - Financial Reporting
  - Management Accounting
  - Quantitative Methods for Business

- **You’ll also study a module in one of the following pathways, based on your progression degree subject:**
  - Accounting and Finance pathway
    - Management Accounting and Financial Analysis
  - Business pathway
    - Marketing in the Operational Context

- **You’ll also study these modules if your English level is below UKVI IELTS 5.5:**
  - English for Academic Study 3
  - Independent and Collaborative Study
  - Reading and Writing 3
  - Speaking and Listening 3

- **Or if you have at least UKVI IELTS 5.5, or do not need to take an IELTS test, you’ll study these modules:**
  - Critical Reading, Writing and Reasoning for Higher Education
  - Independent and Collaborative Study
  - Preparatory Statistics
  - UK Society and Culture

- **Study additional modules to help you reach university:**
  - English for Academic Study 2
  - Reading and Writing 2
  - Speaking and Listening 2
  - Study Skills Preparation

### Personal development activities

During your pathway course, you’ll also work on developing your online personal portfolio and practical skills, giving you a truly well-rounded experience. See page 47 for more details.

### Your degree possibilities

See page 34 for specific degrees that this International Year One can lead to.
Engineering is a universal subject, and an education in this area will ensure you have skills and knowledge that will always be highly valuable and in demand. You could go on to work on exciting engineering projects in the future, in all kinds of interesting fields. This pathway course will allow you to progress directly to the second year of a related degree.

Example careers: Automotive Engineer | Civil Engineer | Electronic Engineer | Environmental Engineer | Mechanical Engineer

Course modules

(see page 44 for module contents)

2 terms

All students study these modules to gain a solid base of skills:
• English for Academic Purposes
• Mathematics for Engineers 1

You’ll also study modules in one of the following pathways, based on your progression degree subject:

Aerospace, Automotive and Mechanical Engineering pathway
• Design, Manufacture and Materials
• Fluid Mechanics
• Mathematics for Engineers 2
• Mechanical Stress and Dynamics
• Thermodynamics

Civil Engineering pathway
• Civil Engineering Field Study
• Civil Engineering Technology and Drawing
• Design, Manufacture and Materials
• Mechanical Stress and Dynamics
• Surveying and GIS

Electronic Engineering pathway
• Digital Electronic Systems
• Electrical and Electronic Engineering Principles 1
• Electrical and Electronic Engineering Principles 2
• Mathematics for Engineers 2
• Programming

Study additional modules to help you reach university:
• English for Academic Study 2
• Reading and Writing 2
• Speaking and Listening 2
• Study Skills Preparation

You’ll also study these modules if your English level is below UKVI IELTS 5.5:
• English for Academic Study 3
• Independent and Collaborative Study
• Reading and Writing 3
• Speaking and Listening 3

Or if you have at least UKVI IELTS 5.5, or do not need to take an IELTS test, you’ll study these modules:
• Critical Reading, Writing and Reasoning for Higher Education
• Independent and Collaborative Study
• Preparatory Mathematics
• Preparatory Science

Personal development activities

During your pathway course, you’ll also work on developing your online personal portfolios and practical skills, giving you a truly well-rounded experience. See page 47 for more details.

Your degree possibilities

See page 34 for specific degrees that this International Year One can lead to.
UNDERGRADUATE PATHWAY

COURSE MODULES

Find out what you'll study in your course modules in the summaries below.

1. 2-term modules

**Biology**
Gain an understanding of biological systems and organisms, as well as key laboratory processes.

**Chemistry**
Gain an understanding of chemical reactions, fundamental particles and the periodic table.

**Civil Engineering Field Study**
Learn about Civil Engineering methodologies and gain field skills, as well as the ability to analyse place-specific information.

**Civil Engineering Technology and Drawing**
Explore key elements of Civil Engineering technology and systems, and develop your skills in sketching and in drawing.

**Design, Manufacture and Materials**
Explore various methods, tools, manufacturing techniques and materials, and develop practical workshop skills.

**Digital Electronic Systems**
Learn about digital design methods and systems, and how they function alongside engineering principles.

**Economics**
Gain an understanding of macro and micro economics, and explore current trends and issues in the field.

**Entrepreneurship**
Familiarise yourself with concepts of creativity, entrepreneurship and innovation, and learn how to apply them in business.

**Entrepreneurship and Business Development**
Develop your practical business skills through team-based business planning, and by exploring the concepts of enterprise and entrepreneurship.

**Extended Project**
Learn how to plan, carry out and report an extended project. You can choose a project topic that matches your degree and career goals, and personal interests.

**Financial Reporting**
Discover how to interpret financial statements and explore the role of IT in processing financial data.

**Fluid Mechanics**
Explore the principles of fluid dynamics, including pressure, density, mass flow rates and Bernoulli’s equation.

**Intermediate Mathematics**
Expand your knowledge of various mathematical concepts including algebra, geometry, problem-solving, trigonometry and vectors.

**Management Accounting**
Find out about the role of financial management in different organisations, and techniques for financial decision-making.

**Management Accounting and Financial Analysis**
Explore management and financial accounting issues, process costing and profitability analysis.

**Marketing in the Operational Context**
Expand your knowledge of how companies use marketing processes, and learn their effects on an organisation’s performance.

**Mathematics**
Develop your mathematical skill set in areas such as algebra, decision maths, probabilities and statistics.

**Mathematics for Engineers 1**
Gain a better understanding of algebra, modelling techniques and many of the other mathematical methods that are needed in engineering.

**Mathematics for Engineers 2**
Expand your knowledge of calculus, differentiation, integration and differential equations, as well as mathematical methods of engineering.

**Mechanical Stress and Dynamics**
Explore stress and strain, shear force and bending, Newton’s laws of motion and more.

**People, Culture and Society**
Learn about the history, theories and issues that relate to human culture and society around the world.

**Physics**
Gain an understanding of areas such as astrophysics, electromagnetism, mechanics and thermodynamics.

**Programming**
Learn the basics of programming, engineering principles in the software industry, and how to use software systems to solve engineering problems.

**Quantitative Methods for Business**
Discover quantitative techniques, and gain analytical and evaluation skills.

**Statistics**
Learn basic algebra, as well as the skills needed to analyse and apply statistics in a range of ways.

**Surveying and GIS**
Gain an understanding of data visualisation and effective cartography, as well as GIS data structures, level surveying and more.

**Thermodynamics**
Analyse combustion-powered gas and steam power plants, and explore thermodynamic principles.
UNDERGRADUATE PATHWAY

COURSE MODULES

(continued)

I 2.5 and 3-term modules

Critical Reading, Writing and Reasoning for Higher Education
Enhance your ability to read and understand complex ideas in English, and to compose convincing written arguments yourself.

English for Academic Study 3
Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Independent and Collaborative Study
Work individually and in teams on an academic task, and practise applying your subject knowledge and study skills.

Preparatory Mathematics
Develop your numeracy skills, including algebra, geometry and graphs.

Preparatory Science
Gain an introduction to core scientific knowledge and the subject-specific language required to study sciences.

Preparatory Statistics
Build on your knowledge of using statistics, including the use of data to illustrate facts and support theories.

Reading and Writing 2
Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Speaking and Listening 2
Practise listening and speaking so that you are better prepared for academic debate and discussion.

Study Skills Preparation
Gain an introduction to the wide range of skills and strategies you’ll need to succeed at university, such as research methods and using and citing sources.

I 3.5 and 4-term modules

English for Academic Study 2
Improve your English grammar and vocabulary in order to communicate in an academic environment.

Reading and Writing 2
Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Speaking and Listening 2
Practise listening and speaking so that you are better prepared for academic debate and discussion.

Study Skills Preparation
Gain an introduction to the wide range of skills and strategies you’ll need to succeed at university, such as research methods and using and citing sources.

Personal development activities (all courses)
Culture and activities
We’ll help you have a hugely beneficial cultural and social experience, as well as encourage you to explore different activities, crafts and more. You might learn about the local history and culture, or develop your wider subject knowledge and understanding of related industries.

Digital and employability skills
Outside of your academic learning, you’ll also be taught skills that will be useful at university and later in life. You’ll receive help in making the most of your creativity, improving your communication and developing your digital skills. We’ll also help you build a CV, portfolio and online profile to empower you after you graduate.

Social network
Forming a strong social network can be very beneficial, even if it’s just to discuss and debate ideas. Not only will you get to know your classmates, you’ll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start a career.
POSTGRADUATE PATHWAYS

Your most suitable route to a UWE Bristol postgraduate degree will depend on your qualifications, English language level and subject preference.

1 Pre-Master’s
For entry to a postgraduate degree, you can take a Pre-Master’s for one of the following subject areas:
- Business, Law and Social Sciences ............................ page 52
- Science and Engineering ........................................ page 54

PRE-MASTER’S
at UWE Bristol’s International College

Postgraduate degree
1 year
at UWE Bristol

GRADUATE
with a degree from
UWE Bristol

1 Your path, your way:
• Your Pre-Master’s will have a special combination of modules that is designed to fit your degree and career aspirations. This means your course is matched to your unique goals.
• Some of these modules will be taken by you and all other students on your course. This gives you a solid base of common study skills that you’ll need at university.
• You can also customise your course, in many cases by choosing some or all additional modules from a selection. For all courses, you can choose some project topics based on your interests and degree subject.
• During your Pre-Master’s, you’ll have frequent assessments to check you’re on track to progress to your UWE Bristol degree.

1 Pre-Doctorate
To help you prepare for a doctoral degree. See page 58 for more information.

PRE-DOCTORATE
at Kaplan International College London

Doctoral degree
typically 3 years
at UWE Bristol

GRADUATE
with a degree from
UWE Bristol

1 What’s the right path for me?
Turn to page 50 to find the postgraduate degree you want, and to see which pathway course or courses lead there.

Guaranteed entry
You’re guaranteed progression to a postgraduate degree at UWE Bristol, when you pass your Pre-Master’s at the required level with good attendance.

What’s the right path for me?

The course at the College really prepared me for my degree at university. If I hadn’t done it, I would have really struggled because the writing style is so different here.

The teachers are also very friendly, it’s really good. Even back home in Nigeria, I never had a teacher who was so interesting.

Joshua from Nigeria
Followed his path from a Pre-Master’s to MSc Biomedical Science.
Choose your
POSTGRADUATE DEGREE

Find your preferred UWE Bristol postgraduate degree in the tables below, and use the key to discover which International College pathway course is right for you.

### Key
- **Pre-Master's**

POSTGRADUATE PATHWAY COURSE MODULES

Find out what you’ll study in your course modules in the summaries below.

2-term modules

Advanced Statistics
Critique research data and apply standard statistical tools for the analysis of research quality.

English for Academic Purposes
Develop your English to the level you need for university study, and to really get involved in academic discussions.

Project Management
Gain key skills in project management, and apply your knowledge to a project.

Research Project
Plan, execute and report a comprehensive research project. You can choose a research topic based on your degree and career goals, and personal interests.

Strategic Management
Explore key concepts of strategic management and evaluate their impact on businesses and their operations.

2.5 and 3-term modules

English for Academic Study 3
Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Independent and Collaborative Study
Work individually and in teams on an academic task, and practise applying your subject knowledge and study skills.

Reading and Writing 3
Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

Speaking and Listening 3
Practise listening and speaking so that you are better prepared for academic debate and discussion.

3-term modules

English for Academic Study 2
Improve your English grammar and vocabulary in order to communicate in an academic environment.

Reading and Writing 2
Develop your English reading and writing so you can understand and articulate ideas and reasoning.

Speaking and Listening 2
Practise listening and speaking so that you are better prepared for academic debate and discussion.

Digital and employability skills
Outside of your academic learning, you’ll also be taught skills that will be useful at university and later in life. You’ll receive help in making the most of your creativity, improving your communication and developing your digital skills. We’ll also help you build a CV, portfolio and online profile to empower you after you graduate.

Social network
Forming a strong social network can be very beneficial, even if it’s just to discuss and debate ideas. Not only will you get to know your classmates, you’ll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start a career.

3.5 and 4-term modules

English for Academic Study 2

Develop your English reading and writing so you can understand and articulate ideas and reasoning.

Speaking and Listening 2
Practise listening and speaking so that you are better prepared for academic debate and discussion.

Study Skills Preparation
Gain an introduction to the wide range of skills and strategies you’ll need to succeed at university, such as research methods and using and citing sources.

Personal development activities (all courses)
Culture and activities
We’ll help you have a hugely beneficial cultural and social experience, as well as encourage you to explore different activities, crafts and more. You might learn about the local history and culture, or develop your wider subject knowledge and understanding of related industries.
The Pre-Doctorate course is specially designed around the needs of a doctoral-level international student, and will help guide you through the process of applying for a UK doctoral degree. You'll take the Pre-Doctorate at Kaplan International College London, in the UK’s capital, giving you the chance to further enrich your study experience.

### Course modules

**1 term**
- **All Pre-Doctorate students will take:**
  - Academic Skills and Communication for Doctoral Study
    - Become familiar with key terminology
    - Develop your written and spoken critical thinking
    - Understand your subject specialism

- September 2019
- February 2020
- October 2019

**Course end**
- December 2019
- July 2020
- September 2020

**Degree entry**
- January 2020
- September 2020
- January 2021

**Tuition fees**
- £4,685
- £7,170
- £9,165

**Interview guarantee**
As a Pre-Doctorate student, you are guaranteed an interview for a UWE Bristol degree if your research topic matches the University's priority areas. If not, or if you do not pass the interview, we will advise you on other universities you can apply to.
HOW TO APPLY

Applying to UWE Bristol with Kaplan is easy. Just follow this step-by-step guide, and if you have any questions, our friendly advisers will be happy to help.

Join us at UWE Bristol’s International College in ten simple steps

1. Apply online at www.kaplanpathways.com/bristol-apply
2. Submit supporting documents, including a copy of your passport and any previous UK visas, now or at a later stage
3. Receive your admissions decision
4. Meet the conditions of your offer
5. Pay deposit and administration fee or send financial guarantee to accept your offer, and book your accommodation*
6. Receive your accommodation agreement, pre-arrival guide and CAS (Confirmation of Acceptance for Studies)
7. Apply for a visa—see www.gov.uk/ukvi for more information
8. Receive your visa and send us a scan
9. Book your flight and fill in the online pre-arrival form
10. Arrive in the UK—we look forward to welcoming you!

* To book your accommodation, complete the accommodation booking form and pay the holding fee when you accept your study offer. You will then receive your accommodation agreement, which you will need to read, sign and return to reserve your room.

Unconditional offer
No conditions to meet or additional documents to send

Conditional offer
You need to meet certain academic conditions and/or send extra documents so we can fully accept your application.

Other options
Explore alternative or more suitable study options with your education adviser.

Any questions?
See page 62 for answers to common questions, and details of how to contact us.

Pre-Doctorate
If you’re interested in studying the Pre-Doctorate, please visit: www.kaplanpathways.com/pre-doc
If you still have questions about studying at UWE Bristol with Kaplan, let us try to answer them below. Alternatively, you can contact us for more information.

I How much does it cost to study at the College?

Studying in the UK is a big financial investment, so you need to plan ahead. You must have at least £1,015 for each month of your pathway course, up to a maximum of nine months, as well as funds to cover any unpaid tuition fees. This money must be held in a recognised bank account for at least 28 days before you apply for your Tier 4 (General) student visa. See the guide on the next page for more information on costs.

I What supporting documents do I need to provide?

For your application to be complete, you need to send us a few extra documents, including:

• Copies of your passport and any previous UK visas.

• IELTS certificate (UKVI Academic).

• Academic transcripts (plus certified translations if the originals aren’t in English).

You can still apply without these items, and submit them later.

I How long does the application process take?

If your study application is complete and successful, once our Admissions team receives it, they will issue an offer within one working day. The duration of the process that follows can vary, depending on the information you provide. If your study application is not complete, we will contact you to clarify any issues.

I Do I need a guardian during my studies?

If you are under 18 years old, you’ll need a legal guardian in the UK until you reach the age of 18. This is something we can help arrange. Find out more at: www.collegeguardians.co.uk

I Do I need a laptop or other device for studying?

You will need a device like a laptop for your pathway course. If you don’t have one, we can help you purchase one when you arrive in the UK.

I Do you speak my language?

If you, or your parents, would prefer to speak with us in your first language, we can help. Our education experts speak many different languages between them.

I Guide to UWE Bristol’s International College costs

Tuition fees £12,590 to £20,640 (depending on your course level, subject and length), typically including a £5,000 deposit

Administration fee £200 (payable at the same time as the tuition deposit)

Course books Up to £500 (depending on your course length and subject)

Accommodation £6,619 to £9,000* (depending on your housing option and course length), typically including a £1,000 holding fee

Living expenses At least £1,015 per month (in line with UKVI regulations)

Insurance £227 to £700 (depending on your course length)

* These amounts are based on previous academic years. Costs for 2019–20 will be available online soon. Contact us for more information.
