

**Enrolment
extended to
29 November for
many courses!**

Start a pathway course in October or November 2021, with progression to university in September 2022

Do you have students who can't start in time for the September 2021 intake? Explore our wide range of courses beginning in October and November, which still allow entry to a degree next year.

Undergraduate pathway courses

Foundation Certificate ^(FC)

For entry to the 1st year of an undergraduate degree in England (or 2nd year in Scotland).

English entry requirement: typically UKVI IELTS 5.0 overall with at least 4.0 in all skills, or accepted equivalent (contact us for details)

International Year One ^(IYO)

For fast-track entry to the 2nd year of an undergraduate degree at selected universities in England.

English entry requirement: typically UKVI IELTS 5.0 overall with at least 4.5 in all skills, or accepted equivalent (contact us for details)

A course that fits: most Foundation Certificate and International Year One options are available with:

- additional Extended English and Skills modules, marked (EES) – to improve students English language level and academic skills
- extra Enhancement modules, marked (E) – for students with higher IELTS (typically 5.5 with no less than 4.5 in any skill or accepted equivalent) to maximise their university preparation

Selected Foundation Certificates also have a Maths and Science (MS) option with extra modules for maths and science preparation, plus an intensive (I) 2-term option. In many cases, students have the flexibility to combine modules that best fit their skills and goals.

Start in the UK: colleges are open, with online starts offered as back-up. Whichever path students take, they can study with confidence.

Guaranteed degree entry when students pass their course – either in the UK or online – at the required level with good attendance.

Key: (EES) Additional Extended English and Skills | (E) Extra academic Enhancement modules | (MS) Extra Maths and Science modules | (I) Intensive 2-term course

Postgraduate pathway courses

Pre-Master's ^(PM)

For entry to a postgraduate degree in England or Scotland.

English entry requirement: typically UKVI IELTS 5.0 in all skills, or accepted equivalent (contact us for details)

Pre-Doctorate ^(PD)

To help you apply for a doctoral degree in England or Scotland.

English entry requirement: typically UKVI IELTS 5.5 overall with at least 5.0 in all skills, or accepted equivalent (contact us for details)

Additional English language preparation: all courses below include extra English language modules to help students reach the required language level for entry to their postgraduate or doctoral degree at university.

Start in the UK: colleges are open, with online starts offered as back-up. Whichever path students take, they can study with confidence.

The same guaranteed degree entry when students pass their Pre-Master's at the required level with good attendance, for both UK and online starts. On the Pre-Doctorate, students who pass are guaranteed an interview at a partner university when their research area matches the university's priorities.
