- Business 12
- Economics 14
- Law 16
- Life Sciences 18
- Politics and International Relations 20
- Psychology 22

Undergraduate module summaries 24

Your path to university:

Foundation Certificate
- at the University of Essex International College

Undergraduate degree
- Year 1

International Year One
- at the University of Essex International College

Undergraduate degree
- Year 2

Undergraduate degree
- Year 3

Graduate with a University of Essex Degree

Key:
- Hu: Foundation Certificate for Humanities
- Sc: Foundation Certificate for Science and Health
- So: Foundation Certificate for Social Sciences
- Bi: International Year One in Business
- Es: International Year One in Economics
- Li: International Year One in Law
- Pi: International Year One in Politics and International Relations.

Business and Finance
- BSc (Hons) Accounting **
- BSc (Hons) Accounting and Finance **
- MAcc (Hons) Accounting and Finance **
- BSc (Hons) Accountancy **
- BSc (Hons) Accounting with Economics **
- BSc (Hons) Banking and Finance **
- BBA (Hons) Business Administration **
- BA (Hons) Business Economics **
- BSc (Hons) Business Management **
- BA (Hons) Business and Management Language Studies
- BA (Hons) Business Management and Modern Languages
- BA (Hons) Economics with Psychology **
- BSc (Hons) Economics with Psychology **
- BSc (Hons) Finance **
- BSc (Hons) Finances and Management **
- BSc (Hons) Finance and Mathematics **
- BSc (Hons) International Business and Entrepreneurship **
- BSc (Hons) International Business and Finance **

Computing
- BSc (Hons) Computer Games **
- BSc (Hons) Computer Science **
- MSci (Hons) Computer Science **
- BSc (Hons) Science and Analytics **

Education
- BA (Hons) Teaching English as a Foreign Language **

Engineering
- BEng (Hons) Communications Engineering **
- MEng (Hons) Communications Engineering **
- BEng (Hons) Computer Networks **
- BEng (Hons) Computer Systems Engineering **
- BEng (Hons) Computers with Electronics **
- BEng (Hons) Electronic Engineering **
- MEng (Hons) Electronic Engineering **
- BEng (Hons) Mechatronic Systems **
- BEng (Hons) Neural Engineering with Psychology **
- BEng (Hons) Robotic Engineering **

Hospitality and Tourism
- BA (Hons) Events Management
- BA (Hons) Hospitality Management
- BSc (Hons) Tourism Management **

Law
- LLB (Hons) Law **
- LLB (Hons) Law with Business **
- LLB (Hons) Law with Criminality **
- LLB (Hons) Law with Finance **
- LLB (Hons) Law with Human Rights **
- LLB (Hons) Law with Philosophy **
- LLB (Hons) Law with Politics **

Marketing and Media
- BA (Hons) Communications and Digital Culture **
- BA (Hons) Creative Writing **
- BA (Hons) English Language with Media Communication **
- BA (Hons) Film and Creative Writing
- BA (Hons) Film Studies **
- BA (Hons) Film Studies and Art History
- BA (Hons) Journalism and Criminology **
- BA (Hons) Journalism and English Language **
- BA (Hons) Journalism and Literature **
- BA (Hons) Journalism and Modern Languages
- BA (Hons) Journalism and Politics **
- BA (Hons) Journalism and Sociology **
- BA (Hons) Journalism with Human Rights **
- BSc (Hons) Management and Marketing
- BSc (Hons) Marketing **
- MMan (Hons) Marketing and Management **

Mathematics
- BSc (Hons) Actuarial Science and Data Science
- BSc (Hons) Mathematics
- MMath (Hons) Mathematics and Data Science
- BSc (Hons) Mathematics and Statistics
- BSc (Hons) Mathematics with Computing
- BSc (Hons) Mathematics with Physics

Music and Performing Arts
- BA (Hons) Drama
- BA (Hons) Drama and Literature **

</tbody>
</table>

1. Also available with an additional placement year
2. Also available with an additional year abroad
3. 4-year course
4. 4-year course with compulsory year abroad
5. 5-year course with compulsory year abroad
Common modules taken by all students:
- English for Academic Purposes
- Extended Project

You will also take 3 of the following modules that fit your degree and career goals:
- Contemporary Global Issues
- Entrepreneurship
- Historical Perspectives
- Logic and Critical Thinking
- Mathematics
- People, Culture and Society
- Statistics

Personal development activities: during your course, you’ll also have activities to build practical, digital and employability skills. Learn more about modules; you’ll find module summaries later in this booklet.

Extra support: for courses of over 2 terms, you will take additional modules from a selection of Enhancement and Extended English and Skills options (depending mainly on your IELTS score) before the modules to the left.

Students with at least UKVI IELTS 5.5: you can study a 2.5 or 3-term course that typically includes Enhancement modules to maximise your university preparation:
- Critical Reading, Writing and Reasoning for Higher Education
- Independent and Collaborative Study

Plus up to 2 of these modules:
- Digital Applications
- Preparatory Mathematics
- Preparatory Statistics
- UK Society and Culture

Students with less than UKVI IELTS 5.5: you will typically study Extended English and Skills modules to improve your English language level and academic skills.

Students with UKVI IELTS 4.5 or 5.0 will typically take:
- English for Academic Study 2 + English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 3
- Speaking and Listening 3

Students with UKVI IELTS 4.0 will typically take:
- English for Academic Study 2 + English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 2 + Reading and Writing 3
- Speaking and Listening 2 + Speaking and Listening 3
- Study Skills Preparation

* UKVI IELTS alternatives: we can accept alternative tests as proof of English language. Learn more at kaplanpathways.com/uk/ielts/

Academic entry requirements: for all course options above, you need to have completed high school at the required level. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: kaplanpathways.com/essex/ug-degrees

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we will check your English and academic level again to make sure you’re on the most suitable study plan, with modules that best fit your skills and goals. This flexibility means that you can follow your path to university, your way.

1 For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.
Common modules taken by all students:
- English for Academic Purposes
- Extended Project

You will also take 2 or 3 of the following modules that fit your degree and career goals:
- Biology
- Chemistry
- Contemporary Global Issues
- Entrepreneurship
- Information Technology
- Intermediate Mathematics
- Mathematics
- People, Culture and Society
- Physics
- Statistics

**University of Essex International College**

**International Year One in Business**

**Common modules taken by all students:**
- Collaborative Project
- Economics
- English for Academic Purposes
- Financial Accounting
- Management and Organisation
- Principles of Marketing
- Quantitative Methods and Finance

Personal development activities: during your course, you’ll also have activities to build practical, digital and employability skills. Learn more about modules; you’ll find module summaries later in this booklet.

**International Year One (IYO) with Internship**

This integrated course includes an online internship as the final term, with all terms taken in the UK.
- For a 3-term IYO with Internship, terms 1 and 2 will follow the standard curriculum and modules of the 2-term course above.
- For a 3.5 or 4-term IYO with Internship, you’ll also take 0.5 or 1 term(s) of Extended English and Skills modules at the start of your course.

Learn more in the module summaries section of this booklet, or on our website: kaplanpathways.com/internship-iyo

**Extra support:** for most courses of over 2 terms, you will take additional modules from a selection of Enhancement and Extended English and Skills options (depending mainly on your IELTS score) before the modules to the left.

- **Students with at least UKVI IELTS 5.5:** you can study a 2.5 or 3-term course that typically includes Enhancement modules to maximise your university preparation:
  - Critical Reading, Writing and Reasoning for Higher Education
  - Independent and Collaborative Study

- **Plus up to 2 of these modules:**
  - Digital Applications
  - Preparatory Mathematics
  - Preparatory Statistics
  - UK Society and Culture

- **Students with less than UKVI IELTS 5.5:** you will typically study Extended English and Skills modules to improve your English language level and academic skills.

- **Students with UKVI IELTS 4.5 or 5.0 will typically take:**
  - English for Academic Study 3
  - Independent and Collaborative Study
  - Reading and Writing 1
  - Speaking and Listening 1

- **Students with UKVI IELTS 4.0 will typically take:**
  - English for Academic Study 2 + English for Academic Study 3
  - Independent and Collaborative Study
  - Reading and Writing 2 + Reading and Writing 3
  - Speaking and Listening 2 + Speaking and Listening 3

* UKVI IELTS alternatives: we can accept alternative tests as proof of English language. Learn more at: kaplanpathways.com/uk/ielts/

Academic entry requirements: for all course options above, you need to have completed high school at the required level. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: kaplanpathways.com/essex/ug-degrees

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we’ll check your English and academic level again to make sure you’re on the most suitable study plan, with modules that best fit your skills and goals. This flexibility means that you can follow your path to university, your way.

Common modules taken by all students:
- Collaborative Project
- Economics
- English for Academic Purposes
- Financial Accounting
- Mathematics for Economics
- Quantitative Methods and Finance

You will also take 1 of the following modules that fits your degree and career goals:
- Economic Policy
- Management Accounting
- Management and Organisation

Personal development activities: during your course, you’ll also have activities to build practical, digital and employability skills.

Learn more about modules: you’ll find module summaries later in this booklet.

International Year One (IYO) with Internship

This integrated course includes an online internship as the final term, with all terms taken in the UK.
- For a 3-term IYO with Internship, terms 1 and 2 will follow the standard curriculum and modules of the 2-term course above.
- For a 3.5 or 4-term IYO with Internship, you’ll also take 0.5 or 1 term(s) of Extended English and Skills modules at the start of your course.

Learn more in the module summaries section of this booklet, or on our website: kaplanpathways.com/internship-iyo

Extra support: for most courses of over 2 terms, you will take additional modules from a selection of Enhancement and Extended English and Skills options (depending mainly on your IELTS score) before the modules to the left.

Students with at least UKVI IELTS 5.5: you can study a 2.5 or 3-term course that typically includes Enhancement modules to maximise your university preparation:
- Critical Reading, Writing and Reasoning for Higher Education
- Independent and Collaborative Study

Plus up to 2 of these modules:
- Digital Applications
- Preparatory Mathematics
- Preparatory Statistics
- UK Society and Culture

Students with less than UKVI IELTS 5.5: you will typically study Extended English and Skills modules to improve your English language level and academic skills.

Students with UKVI IELTS 4.5 or 5.0 will typically take:
- English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 3
- Speaking and Listening 3

Students with UKVI IELTS 4.0 will typically take:
- English for Academic Study 2 + English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 2 + Reading and Writing 3
- Speaking and Listening 2 + Speaking and Listening 3
- Study Skills Preparation

1 For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.
Students with at least UKVI IELTS 5.5: you can study a 2.5 or 3-term course that typically includes Enhancement modules to maximise your university preparation:

- Critical Reading, Writing and Reasoning for Higher Education
- Independent and Collaborative Study

Students with less than UKVI IELTS 5.5: you will typically study Extended English and Skills modules to improve your English language level and academic skills.

Students with UKVI IELTS 4.5 or 5.0 will typically take:
- English for Academic Study
- Independent and Collaborative Study
- Reading and Writing
- Speaking and Listening

Students with UKVI IELTS 4.0 will typically take:
- English for Academic Study
- Reading and Writing
- Speaking and Listening
- Study Skills Preparation

University of Essex International College
Undergraduate module summaries

Anatomy and Physiology
Gain an overview of the major systems of the human body, and how these function and relate to one another.

Applied Psychology
Develop an understanding of major psychological theories and key concepts to identify how they can be used in real-life scenarios.

Biochemistry of Macromolecules
Discover the biochemistry of biologically important macromolecules that are essential for life.

Collaborative Project
Practise your investigative, analytical and collaborative skills on a project carried out with other students.

Constitutional Law
Gain an understanding of the UK constitution and the foundations of judicial review, as well as an overview of the key powers and functions of the three branches of government.

Contemporary Global Issues
Explore the big issues facing humanity in the 21st century, and critically evaluate their causes and effects.

Contract Law
Build an understanding of the knowledge and skills required to identify and draft a legally enforceable contract, and learn to identify key issues in real-life scenarios using the law to solve problems.

Co-operation and Conflict
Explore the basic problems of conflict and cooperation in international relations, and how to analyse topics in current world affairs.

Criminal Law
Learn about the concepts and principles of criminal law, and develop your understanding of the legal elements of criminal liability and the major criminal offences and defences in England and Wales.

Critical Reading, Writing and Reasoning for Higher Education
Enhance your ability to read and to understand complex ideas in English, and to compose convincing written arguments.

Digital Applications
Develop your digital skill set, helping you use digital tools to support academic study, including using and citing digital sources.

Economics
Gain an understanding of macro- and micro-economics, and explore current trends and issues in the field.

Economic Policy
Explore topical economic issues in the UK and around the world, and how economics affects policy development.

English for Academic Purposes 1
Develop your English to the level you need for university study, and to really get involved in academic discussions.

English for Academic Purposes 2
Improve your English grammar and vocabulary in order to communicate in an academic environment.

English for Academic Purposes 3
Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Entrepreneurship
Familiarise yourself with varied concepts of creativity, entrepreneurship and innovation, and how to apply them in business.

Extended Project
Learn how to plan, carry out and report an extended project. You can choose a project topic that matches your degree and career goals, and personal interests.

Financial Accounting
Learn about standard accounting conventions, and the role of financial accounting within organisations.

Foundations of Property Law
Explore the fundamental principles of the law of property, and the framework within which property lawyers operate in England and Wales.

Foundations of the Law of Obligations
Develop a knowledge of this field of civil law, and apply this knowledge to analyse simulated and real-life cases.

General and Organic Chemistry
Gain an understanding of general and organic chemistry through the study of the structure, properties, and reactions of organic compounds.

Genetics and Evolution
Learn about DNA, genes, genetic variation, and heredity in organisms. Explore the theories of evolution and natural selection.

Historical Perspectives
Gain an understanding of the historical context of your chosen degree area, and skills such as researching, evaluating and interpreting sources.

Independent and Collaborative Study
Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

Information Technology
Discover the key concepts of computer science, including data representation and programming languages.

Inorganic and Physical Chemistry
Learn about key aspects of inorganic and physical chemistry that are essential to understand the function of biological systems.

Intermediate Mathematics
Expand your knowledge of mathematical concepts including algebra, geometry, problem-solving, trigonometry and vectors.

Introduction to International Relations
Explore the concepts, history and skills relating to logic and critical thinking, and how they apply in real-world contexts.

Intermediate Mathematics
Learn the key mathematical knowledge and skills needed to communicate and evaluate economic concepts.

Microbiology
Discover the key concepts of infectious diseases through the study of microbes and viruses.

Molecular Cell Biology
Gain an understanding of the cell, the basic structural, functional, and biological unit of all known organisms. Explore cell biology through both practical and theoretical methods.

People, Culture and Society
Learn about the history, theories and issues that relate to human culture and society around the world.

Physics
Gain an understanding of astrophysics, electromagnetism, mechanics and thermodynamics.
Preparatory Mathematics
Develop your numeracy skills, including algebra, geometry and graphs.

Preparatory Science
Gain an introduction to core scientific knowledge, and subject-specific language required to study the sciences.

Preparatory Statistics
Build on your knowledge of using statistics, including the use of data to illustrate facts and support theories.

Principles of Marketing
Gain an insight into the key principles of modern marketing, and its role in business and commercial competition.

Quantitative Methods and Finance
Enhance your understanding of mathematics and quantitative techniques, and how to apply them to accounting, finance and management.

Preparatory Science
Gain an introduction to core scientific knowledge, and subject-specific language required to study the sciences.

Research Methods in Psychology
Enhance understanding of qualitative and quantitative research as well as statistical methods to enable a researcher to select the correct methods to undertake effective research in the field of Psychology.

Scientific Reasoning and Comparative Political Analysis
Gain an overview of the basics of philosophy and empirical social science, as well as an the basic approaches of comparative analysis in political sciences.

Speaking and Listening 2
Practise listening and speaking so that you are better prepared for academic debate and discussion.

Speaking and Listening 3
Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

Statistics
Learn basic algebra, as well as the skills needed to analyse and apply statistics in a range of ways.

Statistics for Psychologists
Gain an overview of psychological research through the use of statistical tests and inferential statistics and be able to analyse and interpret information using statistical techniques as well as descriptive statistics.

Study Skills Preparation
Gain an introduction to the wide range of skills and strategies you’ll need to succeed at university, such as research methods and using and citing sources.

Transferable Skills in Life Sciences
Gain valuable skills on presentations, academic writing, critical thinking, and data presentation which are essential across all Life Sciences.

Truth, Justice and the Nature of Politics and Power
Explore concepts of truth, justice, democracy, empire, morality, the fair distribution of resources, labour, gender, liberalism, republican and the meaning of mass society.

UK Society and Culture
Learn more about the culture and society of the UK, and how it differs from others.

Online internship
You’ll take an online work placement as your final term if you study the International Year One with Internship.

The internship is offered in partnership with Virtual Internships, a leading education company in the field. This gives you the chance to gain valuable work experience at one of 3,500+ companies around the world.

You will be assigned one of 18 career fields on your course, based on your chosen progression degree. This will all help you develop important skills, practise your English and give you some great experience to add to your CV.

Find out more on our website: KaplanInternships.com/Internship-IYO

Personal development activities (all courses)
Culture and activities
We’ll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

Employability and digital skills
Outside of your academic learning, you’ll also be taught skills that will be useful at university and later in life. You’ll receive help in making the most of your creativity, improving your communication and developing your digital skills. We’ll also help you build a CV portfolio and online profile to empower you after you graduate.

Social networking
Forming a strong social network can be very beneficial, even if it’s just to discuss and debate ideas. Not only will you get to know your classmates, you’ll also have opportunities to join professional bodies, and network with students and industry professionals; something that can be really helpful when you go on to start your career.

* UKVI IELTS alternatives: we can accept alternative tests as proof of English language. Learn more at: kaplanpathways.com/uk/ielts/

Academic entry requirements: for all course options above, you need to have completed at least 3 years of higher education in a suitable subject.

For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder:
kaplanpathways.com/essex/pg-degrees

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we’ll check your English and academic level again to make sure you’re on the most suitable study plan, with modules that best fit your skills and goals. This flexibility means that you can follow your path to university, your way.

Extra support: for courses of over 2 terms, you will also take Extended English and Skills modules before the modules to the left.

Students with UKVI IELTS 5.0 will typically take these additional modules as part of a 2.5 or 3-term course:
- English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 3
- Speaking and Listening 3

Students with UKVI IELTS 4.5 will typically take these additional modules as part of a 3.5 or 4-term course:
- English for Academic Study 2 + English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 2 + Reading and Writing 3
- Speaking and Listening 2 + Speaking and Listening 3
- Study Skills Preparation

¹ For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

† For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.
Advanced Mathematics and Statistics
Develop a comprehensive mathematical skill set, including the analytical skills required for postgraduate study.

Advanced Social Science
Learn about the key theories in social sciences, and their relation to methodologies in the field.

Engineering, Science and Society
Gain an awareness of ethical issues and debates surrounding research and innovation in the sciences.

English for Academic Purposes
Develop your English to the level you need for university study, and to really get involved in academic discussions.

English for Academic Study 2
Improve your English grammar and vocabulary in order to communicate in an academic environment.

English for Academic Study 3
Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Independent and Collaborative Study
Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

Philosophy, History and Culture
Explore Western philosophy and its history, and analyse events and developments in your degree area in a historical and cultural context.

Project Management
Gain key skills in project management, and apply your knowledge to a project.

Reading and Writing 2
Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Reading and Writing 3
Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

Research Project
Plan, execute and report a comprehensive research project. You can choose a research topic based on your degree and career goals, and personal interests.

Speaking and Listening 2
Practise listening and speaking so that you are better prepared for academic debate and discussion.

Speaking and Listening 3
Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

Strategic Management
Explore key concepts of strategic management, and evaluate their impact on businesses and their operations.

Study Skills Preparation
Gain an introduction to the wide range of skills and strategies you’ll need to succeed at university, such as research methods and using and citing sources.

UK Society and Culture (Advanced)
Learn more about a range of aspects of British culture, as well as British cultural and social institutions.

Personal development activities (all courses)
Culture and activities
We’ll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

Employability and digital skills
Outside of your academic learning, you’ll also be taught skills that will be useful at university and later in life. You’ll receive help in making the most of your creativity, improving your communication and developing your digital skills. We’ll also help you build a CV, portfolio and online profile to empower you after you graduate.

Social networking
Forming a strong social network can be very beneficial, even if it’s just to discuss and debate ideas. Not only will you get to know your classmates, you’ll also have opportunities to join professional bodies, and network with students and industry professionals something that can be really helpful when you go on to start your career.

University of Essex International College

Pre-Sessional courses
If you meet the academic entry requirements for an undergraduate or postgraduate degree at the University of Essex, but need to improve your English language level to be accepted, you can take a Pre-Sessional course. You can also take a Pre-Sessional course if you have an unconditional offer, but just want a little extra preparation before you start your degree. These courses are for degree entry in October 2021 or January 2022.

Pre-Sessional course options

Pre-Sessional modules summaries

Your path to University:
Pre-Sessional courses

Conditional offer holders

Pre-Sessional English Language
This course will focus on enhancing your English language level, preparing you for undergraduate and postgraduate degree studies. You will develop your English grammar and vocabulary, and gain further reading, writing, speaking and listening skills.

Academic Study Skills
This module develops your academic skills through an extended project proposal. It introduces academic conventions, key concepts such as paraphrasing, referencing and academic integrity. It also provides you with the opportunity to design, produce and present an extended research proposal in your field of study.

English for Academic Purposes
This module develops your speaking, listening, reading and writing. It prepares you for your end of course exam, as well as introducing key language for studying at university.

English for Academic Study: Grammar and Vocabulary 3
This module develops your grammar and vocabulary, focusing on how to use this language when speaking, listening, reading and writing.

English for Academic Study: Reading and Writing 3
This module develops your reading and writing skills, and looks at the basics of academic style.

English for Academic Study: Speaking and Listening 3
This module develops your speaking and listening skills, focusing on academic contexts including seminar discussions and lectures.

Independent Project
This module introduces a range of research and study skills, including planning, drafting and presenting. It also gives you an opportunity to do a short research project on a subject you find interesting.

Introduction to British Culture and Society
This module introduces key concepts in British society and culture. It also focuses on the UK higher education system to help you adapt to living and studying in the UK.

Personal Development and Employability
This module helps you develop your study skills and be more successful learners by looking at different learning techniques and reflecting on what works well for you. It also introduces key employability skills such as writing CVs and answering
This publication has been drafted in advance of the academic year to which it applies. Every effort has been made to ensure that the information is accurate at the time of publishing, but changes (for example to course content) are likely to occur given the interval between publishing and commencement of the course. It is therefore very important to check the website or contact us for any updates before you apply. Once you have applied, any change which impacts the terms and conditions of your offer or a significant part of your programme will be communicated to you.
