	3 terms	£19,575	June 2022	June 2023	1 term of Enhancement modules
5.0 overall with no less than 4.0 in any skill	2.5 terms	£19,575	July 2022	June 2023	0.5 terms of Extended English and Skills modules
4.5 overall with no less than 4.0 in any skill	3 terms	£19,575	June 2022	June 2023	1 term of Extended English and Skills modules
4.0 overall with no less than 4.0 in any skill	3.5 terms	£22,835	April 2022	June 2023	1.5 terms of Extended English and Skills modules
	4 terms	£25,240	February 2022	June 2023	2 terms of Extended English and Skills modules

* UKVI IELTS alternatives: we can accept alternative tests as proof of English language. Learn more at: [kaplanpathways.com/uk/ielts/](https://www.kaplanpathways.com/uk/ielts/)

Academic entry requirements: for all course options above, you need to have completed high school at the required level. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: [kaplanpathways.com/glasgow/ug-degrees](https://www.kaplanpathways.com/glasgow/ug-degrees)

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals. This flexibility means that you can follow your path to university, your way.

Foundation Certificate

for Business and Social Sciences

Common modules taken by all students:

- › English for Academic Purposes
- › Extended Project

You will also take 3 of the following modules that fit your degree and career goals†:

- › Business and Management
- › Economics
- › Politics
- › Sociology

Personal development activities: during your course, you'll also have activities to build practical, digital and employability skills.

Learn more about modules: you'll find module summaries later in this booklet.

Extra support: for courses of over 2 terms, you will take additional modules from a selection of Enhancement and Extended English and Skills options (depending mainly on your IELTS score) before the modules to the left.

Students with at least UKVI IELTS 5.5: you can study a 2.5 or 3-term course that typically includes Enhancement modules to maximise your university preparation:

- › Critical Reading, Writing and Reasoning for Higher Education
- › Independent and Collaborative Study

Plus up to 2 of these 3 modules:

- › Digital Applications
- › Preparatory Mathematics
- › Preparatory Science

Students with less than UKVI IELTS 5.5: you will typically study Extended English and Skills modules to improve your English language level and academic skills.

Students with UKVI IELTS 4.5 or 5.0 will typically take:

- › English for Academic Study 3
- › Independent and Collaborative Study
- › Reading and Writing 3
- › Speaking and Listening 3

Students with UKVI IELTS 4.0 will typically take:

- › English for Academic Study 2 + English for Academic Study 3
- › Independent and Collaborative Study
- › Reading and Writing 2 + Reading and Writing 3
- › Speaking and Listening 2 + Speaking and Listening 3
- › Study Skills Preparation

† For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

- › Speaking and Listening 2 + Speaking and Listening 3
- › Study Skills Preparation

[†] For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

Biochemistry

Study organic chemistry and biological science, and develop the laboratory skills you'll need on a degree.

Biology

Gain an understanding of biological systems and organisms, as well as key laboratory processes.

Business and Management

Analyse and connect theory and practice, using contemporary examples and applications in organisational behaviour, management, marketing and finance.

Chemistry

Gain an understanding of chemical reactions, fundamental particles and the periodic table.

Critical Reading, Writing and Reasoning for Higher Education

Enhance your ability to read and understand complex ideas in English, and to compose convincing written arguments.

Digital Applications

Develop your digital skill set, helping you use digital tools to support academic study, including using and citing digital sources.

Economics

Gain an understanding of macro and micro economics, and explore current trends and issues in the field.

Engineering

Study the key principles of engineering, including statics, dynamics, thermofluids and electronics.

English for Academic Purposes

Develop your English to the level you need for university study, and to really get involved in academic discussions.

English for Academic Study 2

Improve your English grammar and vocabulary in order to communicate in an academic environment.

English for Academic Study 3

Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Extended Project

Learn how to plan, carry out and report an extended project. You can choose a topic that matches your degree and career goals, and personal interests.

Geography and Earth Science

Discover the history of the Earth, its system development and processes, and the evolution of life and natural environments.

Independent and Collaborative Study

Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

Intermediate Mathematics

Expand your knowledge of mathematical concepts including algebra, geometry, problem-solving, trigonometry and vectors.

Introduction to Sociology

Explore the classic and contemporary social theories, and the effects of globalisation and global economics.

Laboratory Skills and Scientific Writing

Develop practical laboratory skills and lab report writing, plus an awareness of laboratory safety procedures.

Mathematics

Develop your mathematical skill set in areas such as algebra, decision maths, probabilities and statistics.

Physics

Gain an understanding of astrophysics, electromagnetism, mechanics and thermodynamics.

Politics

Learn about democratic, authoritarian and hybrid political systems, and about political institutions and cultures.

Preparatory Mathematics

Develop your numeracy skills, including algebra, geometry and graphs.

Preparatory Science

Gain an introduction to core scientific knowledge, and subject-specific language required to study the sciences.

Programming

Learn basic programming concepts, common programming problems and problem-solving methodologies.

Reading and Writing 2

Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Reading and Writing 3

Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

Science and Society

Investigate and critique contemporary scientific issues and debates verbally and in writing.

Sociology

Evaluate the aims, methods and applications of social scientific research across the social sciences, with a particular emphasis on sociology.

Speaking and Listening 2

Practise listening and speaking so that you are better prepared for academic debate and discussion.

Speaking and Listening 3

Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

Study Skills Preparation

Gain an introduction to the wide range of skills and strategies you'll need to succeed at university, such as research methods and using and citing sources.

Personal development activities (all courses)**Culture and activities**

We'll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

Employability and digital skills

Outside of your academic learning, you'll also be taught skills that will be useful at university and later in life. You'll receive help in making the most of your creativity, improving your communication and developing your digital skills. We'll also help you build a CV, portfolio and online profile to empower you after you graduate.

Social networking

Forming a strong social network can be very beneficial, even if it's just to discuss and debate ideas. Not only will you get to know your classmates, you'll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start your career.

Pre-Master's

for Arts and Humanities

1/2

Minimum English level: UKVI IELTS score*	Course length	Course tuition	Course start	Course end	Extra support
> Your Pre-Master's options for degree entry in September 2022					
6.0 overall with no less than 5.5 in any skill	2 terms	£21,930	September 2021	June 2022	
			January 2022	August 2022	
5.5 overall with no less than 5.5 in any skill	2.5 terms	£24,480	October 2021	August 2022	0.5 terms of Extended English and Skills modules
5.5 overall with no less than 5.0 in any skill	3 terms	£24,480	September 2021	August 2022	1 term of Extended English and Skills modules
> Your Pre-Master's options for degree entry in September 2023					
5.5 overall with no less than 5.5 in any skill	2.5 terms	£24,480	July 2022	June 2023	0.5 terms of Extended English and Skills modules
5.0 overall with no less than 5.0 in any skill	3.5 terms	£28,560	July 2022	August 2023	1.5 terms of Extended English and Skills modules
5.0 overall with no less than 4.5 in any skill	4 terms	£30,420	June 2022	August 2023	2 terms of Extended English and Skills modules

* UKVI IELTS alternatives: we can accept alternative tests as proof of English language. Learn more at: kaplanpathways.com/uk/ielts/

Academic entry requirements: for all course options above, you need to have completed at least 3 years of higher education in a suitable subject. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: kaplanpathways.com/glasgow/pg-degrees

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals. This flexibility means that you can follow your path to university, your way.

Pre-Master's

for Arts and Humanities

2/2

Common modules taken by all students:

- > English for Academic Purposes
- > Research Project

You will also take 2 of the following modules to prepare for postgraduate study[†]:

- > Accounting and Finance
- > Advanced Social Science
- > Advanced Statistics
- > Critical Thinking for Academic Writing
- > Organisational Management
- > Philosophy, History and Culture
- > Scottish, European and International Law

Personal development activities: during your course, you'll also have activities to build practical, digital and employability skills.

Learn more about modules: you'll find module summaries later in this booklet.

Extra support: for courses of over 2 terms, you will also take Extended English and Skills modules before the modules to the left.

Students with UKVI IELTS 5.5 will typically take these additional modules as part of a 2.5 or 3-term course:

- > English for Academic Study 3
- > Independent and Collaborative Study
- > Reading and Writing 3
- > Speaking and Listening 3

Students with UKVI IELTS 5.0 will typically take these additional modules as part of a 3.5 or 4-term course:

- > English for Academic Study 2 + English for Academic Study 3
- > Independent and Collaborative Study
- > Reading and Writing 2 + Reading and Writing 3
- > Speaking and Listening 2 + Speaking and Listening 3
- > Study Skills Preparation

[†] For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

Accounting and Finance

Evaluate various financial and accounting concepts, models and techniques, and apply them to a firm's strategic decision making.

Advanced Social Science

Learn about the key theories in social sciences, and their relation to methodologies in the field.

Advanced Statistics

Critique research data and apply standard statistical tools for the analysis of research quality.

Critical Thinking for Academic Writing

To develop critical thinking skills on selected relevant academic research, and to present this critique orally and in writing.

Engineering, Science and Society

Gain an awareness of ethical issues and debates surrounding research and innovation in the sciences.

English for Academic Purposes

Develop your English to the level you need for university study, and to really get involved in academic discussions.

English for Academic Study 2

Improve your English grammar and vocabulary in order to communicate in an academic environment.

English for Academic Study 3

Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Independent and Collaborative Study

Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

Organisational Management

Evaluate the key issues, theories and techniques relating to organisational behaviour, environmental analysis and global strategy.

Philosophy, History and Culture

Explore Western philosophy and its history, and analyse events and developments in your degree area in a historical and cultural context.

Practical Training for Science and Engineering Research

Research required skills, complete a skills audit, and critically reflect on your participation in relevant training activities for progression in your area of study.

Project Management

Gain key skills in project management, and apply your knowledge to a project.

Research Project

Plan, execute and report a comprehensive research project. You can choose a research topic based on your degree and career goals, and personal interests.

Reading and Writing 2

Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Reading and Writing 3

Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

Scottish, European and International Law

Apply legal principles in the areas of UK and Scottish constitutional law, European Union Law and Public International Law.

Speaking and Listening 2

Practise listening and speaking so that you are better prepared for academic debate and discussion.

Speaking and Listening 3

Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

Study Skills Preparation

Gain an introduction to the wide range of skills and strategies you'll need to succeed at university, such as research methods and using and citing sources.

Personal development activities (all courses)**Culture and activities**

We'll help you have a hugely beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

Employability and digital skills

Outside of your academic learning, you'll also be taught skills that will be useful at university and later in life. You'll receive help in making the most of your creativity, improving your communication and developing your digital skills. We'll also help you build a CV, portfolio and online profile to empower you after you graduate.

Social networking

Forming a strong social network can be very beneficial, even if it's just to discuss and debate ideas. Not only will you get to know your classmates, you'll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start your career.
