BEAUTIFUL 500-ACRE CAMPUS, CLOSE TO YORK CITY CENTRE

BASED IN YORK: A POPULAR STUDENT CITY WITH A GREAT MIX OF OLD AND NEW
Prestigious education

At the University of York, you’ll get an education that will help you stand out. With consistently excellent rankings both nationally and worldwide, the University has a superb international reputation. This is why York degrees are valued so highly by employers - as a York graduate, you’ll have a great career advantage.

International experience

It won’t take long for you to feel at home at York. Right from your first day, you will benefit from a fantastic support network, including guaranteed accommodation for the whole of your degree*. And you won’t be alone: the University has an incredibly diverse campus community, welcoming students from 145 countries around the world.

Research powerhouse

As a member of the elite Russell Group of universities, York is one of the world’s premier institutions for life-changing research. Its research impact was also ranked 10th out of 155 higher education institutions in the 2014 Research Excellence Framework†. With this expertise, you’ll benefit from state-of-the-art facilities, great teaching, and the University’s strong links with leading global companies such as IBM, Mercedes-Benz and Microsoft.

GET TO KNOW THE CAMPUS

THE UNIVERSITY OF YORK OFFERS YOU A SAFE CAMPUS IN A VIBRANT, STUDENT-FRIENDLY CITY. HERE, YOU CAN STUDY IN A BEAUTIFUL ENVIRONMENT WITH MODERN FACILITIES, AND BE PART OF A DIVERSE ACADEMIC COMMUNITY.

Ideal campus environment
The University has an attractive campus with over 500 acres of green parkland, lakes and woodland, plus a mix of modern and historic buildings. Based just outside the medieval centre of York, the campus is also full of wildlife — you can find ducks, swans, rabbits and geese here!

Everything you need
You’ll have so many ways to fill your time at York; the campus has a wide range of study and leisure facilities. The University has invested £500m in study spaces, libraries, IT suites, halls of residence, sports facilities and more. When you’re not writing essays or revising for exams, you can make use of on-campus shops, restaurants, cafes and bars, or explore the city centre.

Join the fun
Outside of studying, there is so much to get involved in at the University of York. The Students’ Union runs over 200 societies for all kinds of interests. If you love staying active and healthy, there are over 60 sports clubs to join, so you’re sure to find an activity you enjoy.

CAMPUS LOCATION
The main University of York campus has two areas: Campus West and Campus East. They are a short walk from each other, and each has its own modern facilities. You are also just a quick cycle ride or bus journey from the centre of York. In town, the historic King’s Manor is home to the Department of Archaeology and several study and research centres.
YORK IS RENOWNED FOR ITS RICH HISTORY AND HERITAGE, AND WALKING ITS STREETS FEELS LIKE YOU’RE STEPPING BACK IN TIME. IT’S ALSO A THRIVING MODERN CITY THAT’S SAFE FOR STUDENTS AND ATTRACTS VISITORS FROM AROUND THE WORLD.

GET TO KNOW YORK

Explore history
York’s important place in British history is clear as soon as you arrive. The huge York Minster, one of the largest Gothic cathedrals in the world, dominates the city’s landscape.

York was a very powerful city in both the Roman and Medieval eras, and one Roman emperor was even crowned here. This impressive past is still evident today, most clearly from York’s famous city walls.

Enjoy superb shopping
The cobbled streets and medieval buildings may seem like something from a historic film, but York is in fact a paradise for modern shoppers, and you won’t be disappointed.

There are many different shops here, ranging from department stores to designer outlets. Shambles Market is also popular, offering you everything from North African street food to imported cosmetics and clothing.

Experience unique culture
You have so much to see and do in York: food and drink festivals, Science Week and a Christmas Market, as well as a popular Viking Festival – York was historically known by the name “Jorvik”. You can explore the city’s exciting Viking history at Jorvik Viking Museum, one of several museums that examine York’s important past.

Just some of the exciting cultural events in York include productions at the York Theatre Royal and horse racing at York Racecourse.

Travel the UK
In York, you’ll be well placed to experience the rest of the UK. The nearby Yorkshire countryside is beautiful and easy to visit. For an exciting day out, London is under two hours away by train. The major cities of Leeds and Manchester are even closer, and each has its own international airport with flights to many parts of the world.

If you want a weekend away, you can easily get to Edinburgh by rail, and discover incredible Scottish history and scenery.

Careers advice
A York degree is already a valuable asset when you look for jobs, but the University also offers extra services to help you decide on your future career. You can receive expert advice on how to plan ahead, both as a student and as a graduate.

A degree that creates opportunities
Your time at the University of York will have a big impact on the rest of your life. You’ll get an excellent education, which will give you a great advantage when you graduate and start a career that could take you anywhere. As the map shows, York alumni come from 180 countries all over the world, and go on to achieve truly incredible things.

ROUTES TO THE UNIVERSITY OF YORK

YOU HAVE A RANGE OF PATHS TO THE UNIVERSITY OF YORK. IF YOU’D LIKE TO GAIN A PRESTIGIOUS YORK DEGREE, A PATHWAY COURSE AT THE UNIVERSITY OF YORK INTERNATIONAL PATHWAY COLLEGE CAN HELP YOU GAIN ENTRY.

What is a pathway course?
If you’ve finished high school, a pathway course can help you gain entry to a UK Bachelors degree. Similarly, if you’ve completed at least three years of higher education, a pathway course can be your route to a UK Masters degree. The course will bridge the gap between your current qualifications and your degree entry requirements, and give you a solid base for success at university.

You’ll take your pathway course on campus at the University of York International Pathway College. The course will give you the study skills, language ability and academic knowledge you need to progress to a York degree. You are guaranteed entry if you pass your pathway course at the required level with good attendance.

The courses to the right are taught at the University of York International Pathway College.

Alternatively, you can take a Foundation Certificate or Pre-Masters at Kaplan International College London, for entry to a University of York degree.

GRADUATE with a university degree

1 If you have a lower IELTS score, you could still take a pathway course at Kaplan International College (KIC) London, leading to a University of York degree. For more information about KIC London, see page 30.
2 Please note that selected undergraduate degrees include an additional year of study abroad, a work placement in industry or an integrated Masters (MSci, MBiomedSci, MChem, MEng, MPhys, MPsych).
Exceptional resources
At the International Pathway College, you’ll have access to excellent resources and state-of-the-art facilities. You can also make the most of everything offered by the University, including libraries, IT suites, study spaces, the Students’ Union and York Sports Village. You’re just like a degree student from your first day!

Social setting
You’ll receive dedicated support while you’re at the Pathway College, including a fun-filled Welcome Week when you arrive. It’s a great chance to meet students from the Pathway College and the University. You can also enjoy social activities that we organise throughout the year, allowing you to settle in and make friends.

Full preparation
With high-quality facilities and talented teaching staff, you can be confident that your pathway course will fully prepare you for your degree. Courses are tailored to the needs of international students, and staff will do everything they can to ensure you successfully progress to your University of York degree.

We’re so pleased that you’re thinking about studying at the International Pathway College. Our great teachers and support staff will help you to achieve your very best, and to succeed on your degree at the University of York. We look forward to welcoming you to campus!

Dr Matthew Perry
Director at the University of York International Pathway College

OUR GUARANTEE
When you study at the International Pathway College, you are guaranteed entry to a University of York degree if you pass at the required level, with good attendance.

kaplanpathways.com/york
Inspiring teachers
The best teachers are those who can inspire their students, and who have in-depth knowledge in their field. While at the Pathway College, you’ll be taught by University of York staff who are highly respected academic experts, with many years of experience in their subjects.

Tailored support
At the Pathway College, you’ll take a course that has been specifically designed for international students. Your teachers will focus on improving your subject knowledge, academic skills and English language level, preparing you for your University of York degree. Tutors often tailor the module content to the needs of their students, and will monitor your progress with assessments and reports.

REAL-LIFE TEACHING
AT THE INTERNATIONAL PATHWAY COLLEGE
On their Pre-Masters, students were asked to examine the corporate culture of a business from their home country. One group chose to study the practices and policies of a famous chain restaurant in China. By applying theories and concepts they learnt in lectures and seminars to something familiar, the students were quickly able to understand complex ideas, and adapt to the British style of university education.”
Before you arrive
We’ll begin supporting you even before you come to the UK. When you accept your study offer, we’ll send you a useful pre-arrival pack with key information about studying in York. If you’re under 18 years old, we can arrange the legal guardian that you’ll need during your studies for your wellbeing.

After you arrive
When you land in the UK, we can meet you at the airport and take you directly to your accommodation. We want to be sure that you’re happy and comfortable, so that you have the best possible start to your York experience.

Ongoing support
We’ll support you throughout your pathway course, as your happiness is our top priority. We’ll also organise frequent events, trips and activities to make your time here enjoyable. You’ll be able to leave with fantastic memories and new friends, and you’ll feel confident on campus.

Progressing to your degree
When you finish your pathway course, we will help you with your next big step: continuing to your degree at the University of York. We’ll advise you on extending your visa, and explore your study options if necessary.

WELCOME WEEK
Before your Pathway College classes start, there’s Welcome Week. It is full of activities and on-campus events, designed to welcome new students. It’s a chance to find your way around campus and meet new people, and we’ll even invite your parents to a special event at the beginning of your course. Our staff will also help you set up a bank account and register with a doctor, so that you’re ready for student life in York.

JOIN IN THE FUN!
It’s important to take a break from your studies every now and then. That’s why the International Pathway College organises fun activities and trips for everyone.

You might visit York Minster together, enjoy fun-filled nights out, or even explore the nearby Yorkshire Dales National Park.

Guaranteed accommodation
You are guaranteed housing during your time at University of York International Pathway College*, and for the full length of your York degree†. It’s our way of making sure that you have a happy living environment while you study.

Comfortable living
You’ll have a private room with a desk, chair and comfortable bed, giving you a quiet place to study, relax and sleep. You’ll also have a private bathroom, plus access to a shared kitchen and dining area, meaning you can easily make new friends when you arrive.

Live on campus
As a York student, you’ll be a member of a residential college community on campus, which will provide you with an immediate support network. There are many events and activities throughout the year, so you will meet lots of people.

Convenient location
You’ll live close to your new friends, making it easy to meet at nearby campus restaurants and cafés. The University facilities, including the Library, sports halls and Students’ Union, are just minutes away. The city centre is also easily accessible from your new home.

WHAT’S INCLUDED?
• Your own private bedroom
• Private bathroom facilities
• All electricity and water bills
• WiFi and 100Mbs wired internet access
• Shared kitchen and dining area
• Student bedding and cooking equipment pack

* On the condition that you pay your tuition deposit, accept your study offer and submit by the accommodation guarantee deadline date.
† Excludes work placements and years studying abroad.

IT’S IMPORTANT TO HAVE A PRIVATE SPACE THAT’S YOUR HOME FROM HOME. THAT’S EXACTLY WHAT THE INTERNATIONAL PATHWAY COLLEGE OFFERS: COMFORTABLE, HIGH-QUALITY HOUSING FOR INTERNATIONAL STUDENTS.
BOOKING YOUR ACCOMMODATION

THERE ARE MANY BENEFITS TO STAYING IN OUR ACCOMMODATION DURING YOUR PATHWAY COURSE, STARTING WITH THE EASY BOOKING PROCESS!

Accommodation availability
The residences featured in this brochure are examples only. The exact accommodation available to you depends on your College course type, start date, and length.

Example accommodation prices
Prices depend on your course length and accommodation choice.

<table>
<thead>
<tr>
<th>Intake</th>
<th>Course length (contract length)</th>
<th>Approximate prices*</th>
</tr>
</thead>
<tbody>
<tr>
<td>Autumn 2019</td>
<td>2 terms (37 weeks)</td>
<td>£6,503–£6,688</td>
</tr>
<tr>
<td></td>
<td>3 terms (49 weeks)</td>
<td>£8,482–£9,413</td>
</tr>
<tr>
<td>Spring 2020</td>

LONDON STUDY CENTRE

IT’S ALSO POSSIBLE TO PROGRESS TO THE UNIVERSITY OF YORK THROUGH KAPLAN INTERNATIONAL COLLEGE (KIC) LONDON. YOU CAN TAKE A PATHWAY COURSE IN THE UK’S CAPITAL CITY, BEFORE TRANSFERRING TO YORK FOR YOUR DEGREE.

KIC LONDON

Two locations, one great experience
Studying your pathway course at KIC London, then your degree at the University of York, lets you experience two fantastic but very different British cities. You’ll see more of the UK, and have a hugely rewarding study experience.

Brand new facilities and support
KIC London has everything you need to succeed on your pathway course. Recently refurbished to provide you with brand new facilities, the College offers high-tech, flexible learning spaces, free WiFi and plenty of areas to study or relax. It’s a great place for you to meet other students, and you’ll be supported at every stage of your study experience. You can also choose to live in our comfortable, secure accommodation close to KIC London.

Superb location
The College is located on the south bank of the River Thames, in the heart of London. There are many iconic attractions nearby, like the Shard, the Globe Theatre and the Tate Modern art gallery. The rest of London is easy to explore, with world-class shopping and entertainment on nearly every corner.

COURSE MODULES (SEE PAGE 54 FOR MODULE CONTENTS)

All students study these modules to gain a solid base of skills:
- English for Academic Purposes
- Extended Project

You will also take 2–3 of the following that best fit your degree and career goals (for progression to some degrees, the University will require you to take particular modules):
- Business Organisations and Management
- Contemporary Global Issues
- Economics
- Entrepreneurship
- Historical Perspectives
- Intermediate Mathematics
- Logic and Critical Thinking
- Mathematics
- People, Culture and Society
- Statistics

You’ll also study these modules if your English level is below UKVI IELTS 5.5:
- English for Academic Study 3
- Independent and Collaborative Study
- Reading and Writing 3
- Speaking and Listening 3

Or if you have at least UKVI IELTS 5.5, or do not need to take an IELTS test, you’ll study:
- Critical Reading, Writing and Reasoning for Higher Education
- Independent and Collaborative Study

Plus 2 of the following 4 modules:
- Digital Applications
- Preparatory Mathematics
- Preparatory Statistics
- UK Society and Culture

Personal development activities During your pathway course, you’ll also work on developing your online personal portfolios and practical skills, giving you a truly well-rounded experience. See page 85 for more details.

Your degree possibilities See page 34 for specific degrees that this Foundation Certificate can lead to.
Foundation Certificate for Science and Engineering at Kaplan International College London

Science and Engineering covers many subjects, from Chemistry to Information Technology. During this Foundation Certificate, you'll gain a solid base of scientific skills and knowledge, which will help you prepare for your degree and an exciting career path.

UNDERGRADUATE PATHWAY COURSE MODULES

FIND OUT WHAT YOU’LL STUDY IN YOUR COURSE MODULES IN THE SUMMARIES PROVIDED BELOW.

UNIVERSITY OF YORK INTERNATIONAL PATHWAY COLLEGE MODULE CONTENTS

2-TERM MODULES

21st Century Media
Study topical issues in media such as TV, film, games and the internet, and analyse media trends, issues and technologies.

Advanced Mathematics
Learn the mathematical skills needed for economics and actuarial science, and explore calculus, matrices, vectors, algebra and trigonometry.

Biology
Understand key concepts, structures and process within biology, and participate in a field trip to carry out an ecology project.

Business and Management
Explore the basics of national and international business environments, and understand the role of management and strategy in business.

Chemistry
Study physical, organic and inorganic chemistry, explore patterns in the periodic table, and learn to describe chemical reactions.

Contemporary Global Issues
Explore topical issues and their historical origins, and study the short and long-term implications of a variety of current affairs.

Introduction to Economics
Learn about micro and macro economics, and study aggregate economic behaviour and how an open economy works.

Introduction to Law
Learn about English law, and understand how to structure solutions to legal problems.

Language and Study Skills 2
Develop academic English knowledge, and apply academic style to written and spoken work.

Mathematics for Life Scientists
Learn the mathematics skills needed in life science studies.

Physics
Learn to use physics to explain common phenomena, and explore subatomic processes, fields, properties of materials, electricity and mechanics.

Robotics, Programming and Electronics
Design and programme a robot, and design and build simple electronic circuits.

State and Society
Explore the fundamentals of politics and sociology, and consider the relationship between the state, society and the individual.

Statistics
Learn basic algebra, as well as the skills needed to analyse and apply statistics in a range of ways.

3-TERM MODULES

Contemporary Global Issues
Explore topical issues and their historical origins, and study the short and long-term implications of a variety of current affairs.

Core Science
Learn about key scientific concepts and principles, and explore the most important topics in biology, chemistry and physics.

Foundation Mathematics
Understand core concepts of mathematics, and learn algebra, calculus and trigonometry.

Language and Study Skills 1
Learn how to speak, read, write and listen in an academic context, and improve your vocabulary, grammar and pronunciation.
UNDERGRADUATE PATHWAY COURSE MODULES

FIND OUT WHAT YOU’LL STUDY IN YOUR COURSE MODULES IN THE SUMMARIES PROVIDED BELOW.

KAPLAN INTERNATIONAL COLLEGE LONDON MODULE CONTENTS

**2-TERM MODULES**

**Biology**
- Gain an understanding of biological systems and organisms, as well as key laboratory processes.

**Business Organisations and Management**
- Examine key concepts in management theory and practice, and discuss issues relating to management in modern organisations.

**Chemistry**
- Gain an understanding of chemical reactions, fundamental particles and the periodic table.

**Contemporary Global Issues**
- Explore topical issues and their historical origins, and study the short and long-term implications of a variety of current affairs.

**Economics**
- Gain an understanding of macro and micro economics, and explore current trends and issues in the field.

**English for Academic Purposes**
- Develop your English to the level you need for university study, and to really succeed at university, such as research methods and using and citing sources.

**Entrepreneurship**
- Familiarise yourself with varied concepts of creativity, entrepreneurship and innovation, and how to apply them in business.

**Extended Project**
- Learn how to plan, carry out and report an extended project. You can choose a project topic that matches your degree and career goals, and personal interests.

**Historical Perspectives**
- Gain an understanding of the historical context of your chosen degree area, and skills such as researching, evaluating and interpreting sources.

**Information Technology**
- Discover the key concepts of computer science, including data representation and programming languages.

**Intermediate Digital Applications**
- Develop skills in problem-solving and creative practice using a range of software packages appropriate to your field of study.

**Intermediate Mathematics**
- Expand your knowledge of mathematical concepts including algebra, geometry, problem-solving, trigonometry and vectors.

**Logic and Critical Thinking**
- Explore the concepts, history and skills relating to logic and critical thinking, and how they apply in real-world contexts.

**Mathematics**
- Develop your mathematical skill set in areas such as algebra, decision maths, probabilities and statistics.

**People, Culture and Society**
- Learn about the history, theories and issues that relate to human culture and society around the world.

**Physics**
- Gain an understanding of astrophysics, electromagnetism, mechanics and thermodynamics.

**Statistics**
- Learn basic algebra, as well as the skills needed to analyze and apply statistics in a range of ways.

**2.5 AND 3-TERM MODULES**

**Contemporary Global Issues**
- Explore the big issues facing humanity in the 21st century, and critically evaluate their causes and effects.

**Critical Reading, Writing and Reasoning for Higher Education**
- Enhance your ability to read and understand complex ideas, and to compose convincing written arguments.

**Digital Applications**
- Develop your digital skill set, helping you use digital tools to support academic study, including using and citing digital sources.

**English for Academic Study 3**
- Expand your knowledge of English grammar and vocabulary to the level required for degree study.

**Extended Project**
- Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

**Preparatory Mathematics**
- Develop your numeracy skills, including algebra, geometry and graphs.

**Preparatory Science**
- Gain an introduction to core scientific knowledge, and subject-specific language required to study the sciences.

**Preparatory Statistics**
- Build on your knowledge of using statistics, including the use of data to illustrate facts and support theories.

**Reading and Writing 3**
- Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

**Speaking and Listening 3**
- Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

**UK Society and Culture**
- Learn more about the culture and society of the UK, and how it differs from others.

**3.5 AND 4-TERM MODULES**

**English for Academic Study 2**
- Improve your English grammar and vocabulary in order to communicate in an academic environment.

**Reading and Writing 2**
- Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

**Speaking and Listening 2**
- Practise listening and speaking so that you are better prepared for academic debate and discussion.

**Study Skills Preparation**
- Gain an introduction to the wide range of skills and strategies you’ll need to succeed at university, such as research methods and using and citing sources.

**Social network**
- Forming a strong social network can be very beneficial, even if it’s just to discuss and debate ideas. Not only will you get to know your classmates, you’ll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start a career.

**PERSONAL DEVELOPMENT ACTIVITIES**

**Culture and activities**
- We’ll help you have a very beneficial cultural and social experience, and encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

**Digital and employability skills**
- Outside of your academic learning, you’ll also be taught skills that will be useful at university and later in life. You’ll receive help in making the most of your creativity, improving your communication and developing your digital skills.

**We’ll also help you build a CV, portfolio and online profile to empower you after you graduate.**
YOUR PATH TO A POSTGRADUATE DEGREE

A PRE-MASTERS IS YOUR IDEAL ROUTE TO A POSTGRADUATE DEGREE AT THE UNIVERSITY OF YORK. THE ONE THAT’S RIGHT FOR YOU WILL DEPEND ON YOUR ACADEMIC AND ENGLISH LANGUAGE LEVEL, PLUS YOUR SUBJECT PREFERENCE.

Pre-Masters
You’re guaranteed entry to a York postgraduate degree if you pass at the required level with good attendance.

Study on campus in York
You can study a Pre-Masters in one of the following subject areas at the University of York International Pathway College:

Business, Law, Social Sciences
Science, Engineering

Study off campus in London
You can study a Pre-Masters in one of the following subject areas at Kaplan International College London:

Business, Law and Social Sciences
Science and Engineering

What’s the right path for me?
See page 58 to find the postgraduate degree you want, and to see which pathway course or courses lead there.

YOUR PATH, YOUR WAY: A COURSE TO FIT YOUR NEEDS
Your Pre-Masters will have a special combination of modules that’s designed to fit your degree and career aspirations. This means that your course is matched to your unique goals.

During your Pre-Masters, you’ll have frequent assessments to check that you’re on track to progress to your University of York degree.

“All of my tutors are very enthusiastic. They try to make us think for ourselves and encourage us to be creative. Studying abroad is a very good experience for me, because I now have a lot of time to focus on my studies and research, as well as on my hobbies.”

Kyungmin from South Korea
Followed his path to Social Policy MA

POSTGRADUATE PATHWAY COURSE MODULES

FIND OUT WHAT YOU'LL STUDY IN YOUR COURSE MODULES IN THE SUMMARIES PROVIDED BELOW.

UNIVERSITY OF YORK INTERNATIONAL PATHWAY COLLEGE MODULE CONTENTS

2-TERM MODULES

European Liberal Democracy
Understand liberal democracy as the dominant type of political system in Europe, and study the relationship between politics and the media.

Global Corporate Marketing Strategies
Learn about global corporate and marketing strategies, and the marketing mix in a global environment.

Introduction to English, European and International Law
Understand key areas of English, European and international law, and learn legal principles and research techniques.

Introduction to Management
Understand functions of management and management models, and the contexts in which they are practised.

Language for Study 3
Learn how to make complex arguments in English and give evidence of research.

Mathematics for Postgraduates
Learn key differentiation and integration techniques, and study limits, sequences and series, equations of lines, planes and surfaces, and double and triple integrals and vector calculus.

Research Design and Critique
Define research problems and design projects to find solutions to those problems.

Research Project
Develop organisational and planning skills, and your ability to support arguments with evidence and text references.

Research Project – Science and Engineering
Develop organisational and planning skills, and support arguments with evidence and text references, and join an academic field trip.

Skills for Study 1
Learn presentation, note-taking and essay-writing skills, and develop research skills to avoid plagiarism.

Skills for Study 2
Develop analytical skills in written and spoken information.

Skills for Study 3
Research and analyse information to a high standard, and structure written and oral arguments.

Social Science Principles
Study natural and social phenomena, and learn about social science theories.

Statistics for Postgraduates
Learn methods of probability and statistics, experimental design and sampling, and develop data handling skills.

3-TERM MODULES

Applied Academic Skills
Develop listening and speaking skills, and methods for independent learning as an international student.

English for Academic Skills
Learn English language skills in an academic context, and improve your writing and speaking skills.

Research Project Basics
Learn good practices for academic research projects.

KAPLAN INTERNATIONAL COLLEGE LONDON MODULE CONTENTS

2-TERM MODULES

Advanced Social Science
Learn about the key theories in social sciences, and their relation to methodologies in the field.

Advanced Statistics
Critique research data and apply standard statistical tools for the analysis of research quality.

Engineering, Science and Society
Gain an awareness of ethical issues and debates surrounding research and innovation in the sciences.

English for Academic Purposes
Develop your English to the level you need for university study, and to really get involved in academic discussions.

Philosophy, History and Culture
Explore Western philosophy and its history, and analyse events and developments in your degree area in a historical and cultural context.

Project Management
Gain key skills in project management, and apply your knowledge to a project based on emerging technologies.

Research Project
Plan, execute and report a comprehensive research project; you'll choose a research topic based on your degree and career goals, and personal interests.

Strategic Management
Explore key concepts of strategic management, and evaluate their impact on businesses and their operations.

UK Society and Culture (Advanced)
Learn more about a range of aspects of British culture, as well as British cultural and social institutions.

2.5 AND 3-TERM MODULES

English for Academic Study 3
Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Independent and Collaborative Study
Work independently and in teams on an academic task, and practise applying your subject knowledge and study skills.

Reading and Writing 3
Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

Research Project
Develop your ability to listen and speak in English, allowing you to fully engage with academic topics.

3.5 AND 4-TERM MODULES

English for Academic Study 2
Improve your English reading and writing skills, and support arguments with evidence and text references.

Project Management
Gain key skills in project management, and apply your knowledge to a project based on emerging technologies.

Research Project
Plan, execute and report a comprehensive research project; you’ll choose a research topic based on your degree and career goals, and personal interests.

Strategic Management
Explore key concepts of strategic management, and evaluate their impact on businesses and their operations.

UK Society and Culture (Advanced)
Learn more about a range of aspects of British culture, as well as British cultural and social institutions.

PERSONAL DEVELOPMENT ACTIVITIES

Culture and activities
We will help you have a hugely beneficial cultural and social experience, and we will encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

Digital and employability skills
Outside of your academic learning, you'll also be taught skills that will be useful at university and later in life. You'll receive help in making the most of your creativity, improving your communication and developing your digital skills. We'll also help you build a CV, portfolio and online profile to empower you after you graduate.

Social network
Forming a strong social network can be very beneficial, even if it’s just to discuss and debate ideas. Not only will you get to know your classmates, you’ll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be very helpful when you go on to start a career.
Pre-Sessional English
at the University of York International Pathway College

If you meet the academic requirements for a degree at the University of York, but just need to improve your English to be accepted, you can take a Pre-Sessional English course at the University of York International Pathway College.

CONDITIONAL OFFER HOLDERS

PRE-SESSIONAL ENGLISH
This comprehensive course will focus on developing your reading, writing, listening and speaking skills for academic purposes, helping you prepare for degree-level study. You will have the chance to develop English language and study skills related to your chosen degree area.

SUBJECT AREAS
You can choose from three different subject areas:
- Arts and Humanities*
- Sciences, Engineering and Maths*
- Social Sciences*

Alternatively, you can choose a Pre-Sessional English course for Postgraduate Language Teaching, or Postgraduate Management.

FULL USE OF THE CAMPUS
During your Pre-Sessional English course at the Pathway College, you’ll have full access to University of York facilities.

FIND OUT MORE
For more information, please visit: kaplanpathways.com/york-pse

*Students who hold an offer from another university may apply to this course, but must ensure that they will meet the conditions of their degree offer by successfully completing the course.
HOW TO APPLY

APPLYING TO A PATHWAY COURSE FOR THE UNIVERSITY OF YORK IS EASY! JUST FOLLOW THIS STEP-BY-STEP GUIDE, AND IF YOU HAVE ANY QUESTIONS, OUR FRIENDLY ADVISERS WILL BE HAPPY TO HELP.

Join us on a University of York pathway course in 10 simple steps

1. Apply online at kaplanpathways.study/york-apply
   (For KIC London, apply at kaplanpathways.com/london-apply)

2. Include supporting documents, including a copy of your passport and any previous UK visas, now or at a later stage

3. Receive admissions decision

   - **Unconditional offer**: No conditions to meet or additional documents to send.
   - **Conditional offer**: You need to meet certain academic conditions and/or send extra documents so we can fully accept your application.
   - **Other options**: Explore alternative or more suitable study options with your education adviser.

4. Meet the conditions of your offer

5. Pay deposit or send financial guarantee to accept your offer, and book your accommodation*

6. Receive accommodation agreement, pre-arrival guide and CAS (Confirmation of Acceptance for Studies)

7. Apply for a visa – see gov.uk/ukvi for more information

8. Receive your visa and send us a scan

9. Book your flight and fill in the online pre-arrival form

10. Arrive in the UK – we look forward to welcoming you!

ANY QUESTIONS?
See page 74 for answers to common questions, plus contact information.

* To book your accommodation, complete the accommodation booking form and pay the holding fee when you accept your offer. You will then receive your accommodation agreement, which you will need to read, sign and return to reserve your room. Note that students accepting an offer to study at KIC London also need to pay a £200 administration fee at the same time as the deposit.
QUESTIONS AND ANSWERS

IF YOU HAVE QUESTIONS ABOUT STUDYING AT THE UNIVERSITY OF YORK, LET US TRY TO ANSWER THEM BELOW, OR YOU CAN CONTACT US FOR HELP.

How much does it cost to study?

Studying in the UK is a big investment, so you need to plan ahead. You must have at least £1,015 per month of your Pathway College course, (£1,265 per month if you study in London), up to a maximum of nine months, as well as funds to cover any unpaid tuition fees. This must be held in a recognised bank account for at least 28 days before you apply for your Tier 4 (General) student visa. See the guide below for more information on costs.

What supporting documents do I need to provide?

For a complete application, you need to do the following:

- copies of your passport and any previous UK visas
- IELTS certificate (UKVI Academic)
- academic transcripts (plus certified translations if the original transcripts aren’t in English)
- previous UK visas
- copies of your passport and any previous UK visas
- academic transcripts (plus certified translations if the original transcripts aren’t in English)

You can still apply without all these items, and submit them later.

How long does the application process take?

If your application to study is complete and successful, once our Admissions team receives it, they will issue a study offer within one working day. The duration of the following process varies, so apply at least a few months in advance. This gives enough time to prepare your visa application and reserve your accommodation.

Do I need insurance?

You’ll need to be fully covered by student insurance for all of your pathway course in the UK. In partnership with Endsleigh, a leading insurance provider, we can offer a comprehensive policy. Find out more at:

kaplanpathways.com/insurance

Are scholarships available?

Some partial tuition fee scholarships for pathway courses and degrees are offered. Find out more at:

kaplanpathways.com/how-to-apply/scholarships

Do I need a guardian in the UK?

If you are under 18 years old, you’ll need a legal guardian while you study in the UK. If you don’t have one, the College Services team can assist you in buying one when you arrive.

How can I apply for Pre-Sessional English (PSE)?

If you want to study a PSE course, contact:

kaplanpathways.com/york-pse
