MODULE SUMMARIES – DETAILS OF WHAT YOU'LL STUDY

Accounting and Finance for Managers

Apply main principles and techniques for financial reporting and analysis and management accounting.

Business Development and Entrepreneurship

Learn how to produce and present a business plan, and apply consultancy techniques.

Economics

Gain an understanding of macro and micro-economics, and explore current trends and issues in the field.

Language for Study 3

Develop your reading, writing, listening and speaking skills, and learn how to make complex academic arguments in English.

Marketing in the Operational Context

Learn about marketing as it is used within a business, and the impact of core activities on performance.

Quantitative Methods and Information Systems for Business

Learn quantitative techniques used in industry, and analyse and interpret data and information systems in a business context.

Skills for Study 2

Improve your analytical skills in written and spoken information, and practise a university assignment.

PATHWAY MODULES

Financial and Management Accounting

Interpret financial statements and explore the relationship between IT and the processing of financial information.

Organisational Behaviour

Explore the effects of managements, human resources and organisations in a global context.

EXTRA MODULES FOR 2.5 AND 3-TERM COURSES

Language for Study 1

Learn basic English skills in listening, reading, writing and speaking.

Language for Study 2

Improve your English skills in listening, reading, writing and speaking.

Mathematics and Information Communication Technology

Develop your understanding of basic IT and mathematics, and how to use computers for university-level study.

Modern British Society and Culture

Learn about life in the UK, and about British society and history.

Personal Development and Study Skills

Gain key study and numeracy skills, and learn how to develop personally.

Skills for Study 1

Develop skills in note-taking, presenting and writing essays, as well as in analysing written and spoken information.

EXTRA MODULES FOR COURSES WITH EXTENDED ENGLISH AND SKILLS

General English

Develop your English language accuracy and range to engage in everyday situations whilst living in the UK.

Reading and Writing

Learn basic English reading and writing skills so that you can communicate effectively.

Speaking and Listening

Practise listening and speaking so that you are better prepared for academic debate and discussion.

Study Skills Preparation

Gain an introduction to the wide range of skills and strategies you'll need to succeed at university, such as research methods and using and citing sources.
