Your path to university

From September 2020, we will be running in-person teaching with a mixture of digital and face-to-face learning (called blended learning). This means you can study safely and effectively, and enjoy UK life. If you're not able or ready to travel, you can begin your course online.

› [kaplanpathways.com/awc/uk/](https://www.kaplanpathways.com/awc/uk/)

For pathway courses starting between: September 2020 and July 2021

Leading to degree entry in: 2021 or 2022

Last updated: July 2020

* UKVI IELTS alternatives: we can accept alternative tests as proof of English language. Learn more at: [kaplanpathways.com/uk/ielts/](https://www.kaplanpathways.com/uk/ielts/)

Academic entry requirements: for all course options above, you need to have completed high school at the required level. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: [kaplanpathways.com/uwe-bristol/ug-degrees](https://www.kaplanpathways.com/uwe-bristol/ug-degrees)

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals. This flexibility means that you can follow your path to university, your way.

Common modules for 2-term courses:

these are taken by all students

- > English for Academic Purposes
- > Extended Project

You will also take 3 of the following modules that fit your degree and career goals†:

- > Entrepreneurship
- > Mathematics
- > People, Society and Culture
- > Statistics

Personal development activities: during your course, you'll also have activities to build practical, digital and employability skills.

Learn more about modules: you'll find module summaries later in this booklet.

Extra support: for courses of over 2 terms, you will also take Enhancement modules or Extended English and Skills modules (depending on your IELTS score) before the modules to the left.

Students with UKVI IELTS 5.5: you can study a 2.5 or 3-term course with Enhancement modules to maximise your university preparation

- > Critical Reading, Writing and Reasoning for Higher Education
- > Independent and Collaborative Study
- > Preparatory Statistics
- > UK Society and Culture

Students with less than UKVI IELTS 5.5: you will study Extended English and Skills modules to improve your English language level and academic skills.

Students with UKVI IELTS 5.0 will typically take:

- > English for Academic Study 3
- > Independent and Collaborative Study
- > Reading and Writing 3
- > Speaking and Listening 3

Students with UKVI IELTS 4.5 will typically take:

- > English for Academic Study 2
- > Reading and Writing 2
- > Speaking and Listening 2
- > Study Skills Preparation

Students with UKVI IELTS 4.0 will typically take:

- > English for Academic Study 1 + English for Academic Study 2
- > Reading and Writing 1 + Reading and Writing 2
- > Speaking and Listening 1 + Speaking and Listening 2
- > Study Skills Preparation

† For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.

| | 4 terms | £20,120 | March 2021 | June 2022 | 2 terms of Extended English and Skills modules |
| | | | June 2021 | August 2022 | |

* UKVI IELTS alternatives: we can accept alternative tests as proof of English language. Learn more at: kaplanpathways.com/uk/ielts/

Health Science students: for entry to this Foundation Certificate, students will require an IELTS score in all skills that is equal to the overall IELTS requirement. For example, a course listed as requiring '5.5 overall with no less than 4.5 in any skill' will be '5.5 overall with no less than 5.5 in any skill' for students aiming to progress to a Health Sciences degree.

Academic entry requirements: for all course options above, you need to have completed high school at the required level. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: kaplanpathways.com/uwe-bristol/ug-degrees

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals. This flexibility means that you can follow your path to university, your way.

Common modules for 2-term courses:

these are taken by all students

- > English for Academic Purposes
- > Extended Project

You will also take 2 to 3 of the following modules that fit your degree and career goals[†]:

- > Biology
- > Chemistry
- > Entrepreneurship
- > Intermediate Mathematics
- > Mathematics
- > People, Society and Culture
- > Physics
- > Statistics

Personal development activities: during your course, you'll also have activities to build practical, digital and employability skills.

Learn more about modules: you'll find module summaries later in this booklet.

Extra support: for courses of over 2 terms, you will also take Enhancement modules or Extended English and Skills modules (depending on your IELTS score) before the modules to the left.

Students with UKVI IELTS 5.5: you can study a 2.5 or 3-term course with Enhancement modules to maximise your university preparation

- > Critical Reading, Writing and Reasoning for Higher Education
- > Independent and Collaborative Study
- > Preparatory Mathematics
- > Preparatory Science

Students with less than UKVI IELTS 5.5: you will study Extended English and Skills modules to improve your English language level and academic skills.

Students with UKVI IELTS 5.0 will typically take:

- > English for Academic Study 3
- > Independent and Collaborative Study
- > Reading and Writing 3
- > Speaking and Listening 3

Students with UKVI IELTS 4.5 will typically take:

- > English for Academic Study 2
- > Reading and Writing 2
- > Speaking and Listening 2
- > Study Skills Preparation

Students with UKVI IELTS 4.0 will typically take:

- > English for Academic Study 1 + English for Academic Study 2
- > Reading and Writing 1 + Reading and Writing 2
- > Speaking and Listening 1 + Speaking and Listening 2
- > Study Skills Preparation

- > Reading and Writing 1 + Reading and Writing 2
- > Speaking and Listening 1 + Speaking and Listening 2
- > Study Skills Preparation

Biology

Gain an understanding of biological systems and organisms, as well as key laboratory processes.

Chemistry

Gain an understanding of chemical reactions, fundamental particles and the periodic table.

Civil Engineering Field Study

Learn about Civil Engineering methodologies and gain field skills, as well as the ability to analyse place-specific information.

Civil Engineering Technology and Drawing

Explore key elements of Civil Engineering technology and systems, and develop your skills in sketching and in drawing.

Critical Reading, Writing and Reasoning for Higher Education

Enhance your ability to read and understand complex ideas in English, and to compose convincing written arguments yourself.

Design, Manufacture and Materials

Explore various methods, tools, manufacturing techniques and materials, and develop practical workshop skills.

Digital Electronic Systems

Learn about digital design methods and systems, and how they function alongside engineering principles.

Economics

Gain an understanding of macro and micro economics, and explore current trends and issues in the field.

Electrical and Electronic Engineering Principles 1

Explore electronic component and circuit design, as well as the fundamental principles of electrical and electromagnetic signals.

Electrical and Electronic Engineering Principles 2

Gain a better understanding of magnetic and electromagnetic systems, as well as important skills required for electrical and electronic engineering.

English for Academic Purposes

Develop your English to the level you need for university study, and to really get involved in academic discussions.

English for Academic Study 1

Gain a better understanding of how English is used in academia.

English for Academic Study 2

Improve your English grammar and vocabulary in order to communicate in an academic environment.

English for Academic Study 3

Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Entrepreneurship

Familiarise yourself with concepts of creativity, entrepreneurship and innovation, and learn how to apply them in business.

Entrepreneurship and Business Development

Develop your practical business skills through team-based business planning, and by exploring the concepts of enterprise and entrepreneurship.

Extended Project

Learn how to plan, carry out and report an extended project. You can choose a project topic that matches your degree and career goals, and personal interests.

Financial Reporting

Discover how to interpret financial statements and explore the role of IT in processing financial data.

Fluid Mechanics

Explore the principles of fluid dynamics, including pressure, density, mass flow rates and Bernoulli's equation.

Independent and Collaborative Study

Work individually and in teams on an academic task, and practise applying your subject knowledge and study skills.

Intermediate Mathematics

Expand your knowledge of various mathematical concepts including algebra, geometry, problem-solving, trigonometry and vectors.

Management Accounting

Find out about the role of financial management in different organisations, and techniques for financial decision-making.

Management Accounting and Financial Analysis

Explore management and financial accounting issues, process costing and profitability analysis.

Marketing in the Operational Context

Expand your knowledge of how companies use marketing processes, and learn their effects on an organisation's performance.

Mathematics

Develop your mathematical skill set in areas such as algebra, decision maths, probabilities and statistics.

Mathematics for Engineers 1

Gain a better understanding of algebra, modelling techniques and many of the other mathematical methods that are needed in engineering.

Mathematics for Engineers 2

Expand your knowledge of calculus, differentiation, integration and differential equations, as well as mathematical methods of engineering.

Mechanical Stress and Dynamics

Explore stress and strain, shear force and bending, Newton's laws of motion and more.

People, Culture and Society

Learn about the history, theories and issues that relate to human culture and society around the world.

Physics

Gain an understanding of areas such as astrophysics, electromagnetism, mechanics and thermodynamics.

Preparatory Mathematics

Develop your numeracy skills, including algebra, geometry and graphs.

Preparatory Science

Gain an introduction to core scientific knowledge and the subject-specific language required to study sciences.

Preparatory Statistics

Build on your knowledge of using statistics, including the use of data to illustrate facts and support theories.

| 4.5 overall with no less than 4.0 in any skill | 4 terms | £21,360 | March 2021 | June 2022 | 2 terms of Extended English and Skills modules |

* UKVI IELTS alternatives: we can accept alternative tests as proof of English language. Learn more at: kaplanpathways.com/uk/ielts/

Academic entry requirements: for all course options above, you need to have completed at least 3 years of higher education in a suitable subject. For requirements specific to your country, select your preferred degree and pathway course from our online Degree Finder: kaplanpathways.com/uwe-bristol/pg-degrees

Your course length: this is influenced by your English language score that you submit as part of the admissions process. Soon after your course starts, we'll check your English and academic level again to make sure you're on the most suitable study plan, with modules that best fit your skills and goals. This flexibility means that you can follow your path to university, your way.

Pre-Master's

for Business, Law and Social Sciences

2/2

Common modules for 2-term courses: these are taken by all students

- > Advanced Statistics
- > English for Academic Purposes
- > Research Project

You will also take 1 of the following modules to prepare for postgraduate study[†]:

- > Project Management
- > Strategic Management

Personal development activities: during your course, you'll also have activities to build practical, digital and employability skills.

Learn more about modules: you'll find module summaries later in this booklet.

Extra support: for or courses of over 2 terms, you will also take Extended English and Skills modules before the modules to the left.

Students with UKVI IELTS 5.0 will take these additional modules as part of a 2.5 or 3-term course:

- > English for Academic Study 3
- > Independent and Collaborative Study
- > Reading and Writing 3
- > Speaking and Listening 3

Students with UKVI IELTS 4.5 will take these additional modules as part of a 3.5 or 4-term course:

- > English for Academic Study 2 + English for Academic Study 3
- > Independent and Collaborative Study
- > Reading and Writing 2 + Reading and Writing 3
- > Speaking and Listening 2 + Speaking and Listening 3
- > Study Skills Preparation

[†] For some degrees, the University will require you to take particular modules. Details are on the online Degree Finder and will be in your offer letter.
