Succeed at a career-focused university

Cranfield University is an exceptional academic institution with a strong career focus. It maintains relationships with more than 1,500 business partners around the world, so you will have access to a wide range of employment opportunities. The University also offers lifelong career support to alumni, allowing you to stay up-to-date with job vacancies in your industry throughout your working life.

Learn in a unique academic environment

According to HESA 2016–17, Cranfield’s staff-to-student ratio of 1:7 is one of the best in the UK. Here, you can enjoy a hands-on approach in a mature, postgraduate environment. Many lecturers have industry backgrounds and are leading academic experts in their fields. Cranfield’s teaching quality has been independently assessed and received the highest recommendation possible from the Quality Assurance Agency.

Enjoy superb facilities

You can use state-of-the-art equipment, laboratories and simulators as part of your studies at Cranfield University. You will also have access to high-performance computers, and leading subject experts who host many events with guest speakers throughout your degree. The University is continuing to invest in your future, so now is a great time to study here. In 2017, it was announced that a £65 million Digital Aviation Research and Technology Centre will be built at Cranfield for advanced research.

Join a diverse community

Cranfield is a truly international community. You’ll join over 4,000 other students from across the world, representing more than 100 countries. Around 25% of the University’s teaching staff are from outside the UK, bringing expert knowledge to their research and teaching. As well as having a strong academic focus, Cranfield is a welcoming university. It has a vibrant student life, along with sports facilities and clubs and societies to make your time at Cranfield memorable and enjoyable.

Get to know

THE UNIVERSITY

kaplanpathways.com/cranfield-university
YOUR UNIVERSITY EXPERIENCE

Cranfield University is based at 2 locations, and offers you an excellent environment for study and research, with incredible facilities that few other UK universities can offer.

Cranfield

Cranfield University is set in the peaceful countryside of Bedfordshire, a county in the south-east of the UK. It’s close to the town of Milton Keynes, which is less than 1 hour by train from London.

The site offers you impressive high-tech facilities, including large-scale research centres and a fully functional airfield. You’ll also be able to enjoy cafés, restaurants, bars and sports facilities. The site even has 2 hotels where your friends and family can stay when they visit you. The historic town of Bedford is also nearby, and has great shopping opportunities and plenty of cultural attractions.

Shrivenham

Cranfield Defence and Security is based at the Defence Academy of the United Kingdom in Shrivenham. This is a secure military site for research into military and civil security, so you’ll enjoy access to a range of cutting-edge facilities. These include the Defence Test and Evaluation Centre, Intelligent Propulsion and Emissions Laboratory, and much more.

To support your learning, the Barrington Library offers you a huge collection of more than 169,000 books, 36,000 electronic journals, as well as 14,000 eBooks. When you want a break from your studies, it’s easy to visit nearby Oxford, or take a train to London in just over 90 minutes.
LOCAL LIFE
Whichever location you study at, you’ll be in a lovely countryside setting, with the perfect atmosphere for working, exploring and relaxing.

Shrivenham and surrounding attractions
Shrivenham is a traditional village with a number of shops and several classic English pubs. For a real taste of British history, go on a tour of Blenheim Palace, a magnificent country house and a World Heritage Site, about 50 kilometres from Shrivenham. It’s filled with incredible treasures, and is the birthplace of former Prime Minister Sir Winston Churchill. Equally, you might like to find out what rural England has to offer by visiting the rolling hills and attractive medieval villages of the nearby Cotswolds. It was officially declared an ‘Area of Outstanding Natural Beauty’ more than 50 years ago, but today it is also well known for its restaurants and gardens.

You can also take a day trip to Oxford to see stunning architecture, the historical artefacts of the Ashmolean Museum that was founded in 1683, and visit the famous Bodleian Library. Nearby, be sure to stop and admire the collection of wonderful steam engines at the Didcot Railway Centre.

See more of Cranfield and Shrivenham life: kaplanpathways.com/ Cranfield-life

Around Cranfield
Cranfield village is near the University’s Cranfield site, and offers everything you need for daily student life. When you’re not studying, you can visit the impressive Woburn Abbey, a classic English mansion that’s home to the Duke of Bedford, and see its beautiful gardens and deer park. There’s also Whipsnade Zoo and Woburn Safari Park, offering a great range of animals to see, including tigers, zebras and more!

The nearby town of Milton Keynes has 4,500 acres of surrounding parkland, lakes, rivers and woodland. In town, you’ll find the Xscape Centre, which offers indoor skiing on real snow. Milton Keynes is also known for its central shopping district, which has more than 230 stores. For a fun day trip, make sure you explore Bedford’s Saxon history and take a walk along the banks of the River Great Ouse. Just a short distance away, you can also admire the 40 rare vintage aircraft in the Shuttleworth Collection, and the beautiful Swiss Garden.

The Cotswolds

Historic Woburn Abbey
Beautiful Oxford
Picturesque Bedford
Lovely surrounding countryside
STUDENT STORIES

Cranfield is a unique place to live and study. You’ll make incredible, lifelong memories here, just like these Cranfield students have.

“I had a brilliant time at Cranfield. I was able to take the theory that I learned in class, and then apply it to real problems. I also made great friends from all over the world!”

Vijay from India
Studied MSc in Aerospace Vehicle Design at Cranfield

@tom_hyatt_95
My last night living in student accommodation at @cranfielduni. It’s been one tough year, but I’ve made some wonderful friends from all around the world and managed to study my passion (aviation) to master’s level. #studentlife #cranfield #msc #aviation #accommodation

@cranfielduni
Our Aerospace Dynamics MSc students were lucky enough to visit the @qinetiqgroup wind tunnel at Farnborough last week as part of their master's course! #aerospace #cranfielduni #cranfield #postgraduate #postgradlife #windtunnel #avgeek #aviation

@param1906
Does this even need a caption?!

@cranfielduni
Dr Jim Watson of Cranfield Impact Centre filming with @bbc Fake Britain today, as they investigate fake motorcycle back protectors — look out for it on TV!

@cranfielduni
Some of our Aerospace Vehicle Design students taking part in the @airbus #flyyourideas competition. Good luck!

Active alumni communities
With over 30 graduate communities located around the world, and a professional network of more than 60,000 alumni, Cranfield offers you the chance to become part of an exciting, global network of fellow graduates. This will give you access to a wealth of knowledge and experience, and you’ll also have the chance to help others by sharing your own expertise.

Alumni benefits
• Enjoy free career webinars
• View exciting job vacancies in your field
• Access an exclusive online library service
• Attend alumni events around the world
• Receive discounts on further study at Cranfield
• Stay in touch with fellow alumni and network your way to success!

GLOBAL ALUMNI COMMUNITY
Your study experience at Cranfield University can lead to rewarding, long-lasting relationships with fellow alumni from all over the world.
YOUR PATH TO UNIVERSITY
ROUTES TO CRANFIELD

At Kaplan, we can help you gain entry to a degree at Cranfield University through a pathway course. This will give you the knowledge and skills you need to succeed in your degree and beyond.

What is a pathway course?
A pathway course prepares you for your chosen degree, and is a great way to improve your English language level, subject knowledge and/or academic skills. It can help you reach the level you need to gain entry to a degree in the UK.

You’ll take this course at Kaplan International College (KIC) London. Read on to find out more about the types of courses we offer.

Pathway courses
PRE-MASTER’S
If you have at least 3 years of higher education or equivalent, but don’t qualify for entry to a postgraduate degree at Cranfield, a Pre-Master’s is ideal. It will help you to reach the level you need to meet your degree entry requirements, and if you pass at the required level, with good attendance, we guarantee your place at Cranfield University.

PRE-DOCTORATE
If you already have a degree and wish to study a doctoral degree, you can prepare for your advanced studies with a Pre-Doctorate course. You’ll be guaranteed an interview for a doctoral degree at Cranfield if your research topic matches the University’s priority areas.

Watch our video explaining Pre-Master’s courses at kpln.org/pre-masters-info

STUDY YOUR WAY

PRE-MASTER’S
English language entry level: minimum UKVI IELTS 4.5 with no less than 4.0 in any skill
Tuition fees: from £11,410

Get practical experience during your degree

Study with other ambitious students
The College welcomed students of 75 nationalities in 2017–18.

Brand new facilities
Having the right tools is so important for you to achieve your best. To help you reach your potential, KIC London has recently been refurbished to offer you fantastic new facilities, including interactive classrooms, flexible study spaces, WiFi, and places to relax between lessons.

As a student here, you can also enjoy access to the resources of a nearby London university. These include the library, IT rooms and more.

A location to inspire you
You’ll be based right in the heart of London. Immediately outside the College, you’ll find Borough Market, where you can enjoy delicious food from all over the world. The River Thames’ famous South Bank district, which is home to the London Eye and popular street performers, is just a short walk away.

Exploring the rest of the city is easy, too. You can walk to London Bridge station in just 5 minutes. From here, a short Tube journey takes you to famous attractions like Covent Garden and Big Ben.

Helping you adjust
Studying abroad is a hugely exciting experience. It also might be new for you, which is why we’ll support you at every step. We can meet you at the airport when you arrive in the UK, and take you to your new home.

Before your classes at KIC London start, we organise Welcome Week. Here, you’ll meet the friendly College staff and get to know your new environment. You will also meet other international students who, like you, will be nervous, excited, and keen to make friends. You’re all on this life journey together, and we’re here to give that journey the best possible start.

Our guarantee
If you take a KIC London Pre-Master’s, you’re guaranteed entry to your degree at Cranfield University if you pass at the required level with good attendance.

Find out more online: kaplanpathways.com/london
Inspiring teachers
Our expert teachers want you to succeed. This is what they work towards every day, and during every lesson. Their knowledge, care and experience, combined with your hard work, will help you develop both academically and personally. This helps ensure you are ready for the next step: your degree at Cranfield University.

A course designed for you
Your pathway course will feature a set of modules that factors in your degree and work aspirations, and you’ll have special projects that can usually be based on topics that interest you. This flexibility will help ensure that your course is matched to your unique goals, and that you are well placed to succeed.

Proactive and interactive
You’ll enjoy a dynamic learning experience with an emphasis on debate and discussion. You will receive learning materials before your classes, so that you can take part in productive conversations. This will help you to gain a deeper understanding of the subject, gain important skills for university, and improve your English at the same time.

Tailored teaching
You’ll have frequent meetings with your tutor, where you can ask any questions you have, while carefully timed assessments will help you track your progress towards your university degree. We’ll send reports on your attendance, as well as how you’re settling in and progressing, to your agent, parents, and where applicable, your sponsor and / or legal guardian, so they can help you work towards your goals.

LEARN YOUR WAY
At Kaplan, we understand that everyone learns differently. Our expert teachers and tailored curriculum will help you to get the most out of your pathway course, and succeed your way.

Watch our video with tips from teachers at: kpln.org/teachers-tips
SUPPORT AT EVERY STEP

Studying abroad is a big decision. It’s also a life-changing experience, and that’s why we’ll be there to support you as you follow your path to success.

Before you arrive
We’ll be there for you before you even arrive in the UK. We’ll send you a handy pre-arrival pack, full of essential information about your study destination and UK life. We’ll also advise you on how to get your visa.

After you arrive
When you land in the UK, we’ll make sure that you’re comfortable and have everything you need. With our airport transfer services, there will be a friendly face to meet you off the plane, and you can arrive at your new home easily and without stress. We want you to have a great start to your experience in the UK!

Welcome Week
Before your course starts, there’s Welcome Week, packed with social activities designed to welcome you to the UK. It’s a great chance to find your way around the area and make new friends, and we’ll even invite your parents to a special event at the start of your course. Our staff will also help you set up a bank account and register with a doctor, so that you’re ready for student life in the UK.

Explore the area... while having fun!
During your first week at KIC London, you can take part in a treasure hunt in teams. It’s a great way to learn about the neighbourhood around the College, and to make new friends. There are even prizes for the winners!

Progressing to your degree
When you finish your pathway course, we’ll help you on the next step: continuing to your university degree. We’ll advise you on how to get your new visa, and can explore your study options if necessary.

Do more than just study
At KIC London, you’ll learn both inside the classroom and out. You’ll want to discover London and the rest of the UK, and to spend time with your new friends. For that reason, we organise a whole range of social activities and trips while you’re here. You can enjoy:

• sports afternoons
• cinema visits
• trips to museums and galleries
• outings within London, such as to Greenwich Park and Spitalfields Market
• excursions to other UK cities like Brighton, Cambridge and Oxford
• board game club
• conversation club

These activities are also a fantastic way to practise your English, so you’ll learn without even knowing!

Watch videos about our student support services at: kaplanpathways.com/london-support
LONDON LIFE

When you study at KIC London, you’ll be based in one of the most exciting, welcoming and diverse cities in the world.

Incredible things to see
Many of London’s most famous landmarks will be all around you. You’ll see some of them every day, as they are just a short walk from the College. You can easily visit Buckingham Palace, St Paul’s Cathedral, Tower Bridge and so much more. You can also enjoy a spectacular view of the UK’s capital from the top of the London Eye. You’ll be amazed by what you can see!

Fantastic food and culture
London is a truly diverse city, with more than 270 nationalities represented among its 8 million people. You’ll find food from around the world here, and celebrations from a range of cultures, including Chinese New Year, Diwali and Notting Hill Carnival. Held in August, the colourful Carnival is Europe’s biggest festival of Caribbean food, music, dancing and costume.

World-class museums and art
You will have no end of opportunities to explore London’s diverse cultural heritage. From the National Gallery and National Portrait Gallery in Trafalgar Square to the cool art galleries of the East End, there is lots to discover. Many museums in London do not charge an entry fee, so you can see so many inspiring works of art and ancient artefacts for free.

Top for shopping
London is a world-leading shopping destination for good reason. Shopping opportunities range from the luxury stores of Oxford Street and Knightsbridge, to the huge Westfield shopping centre (the largest of its kind in Europe) and the vintage markets along Portobello Road. Just be sure you can carry everything home!

Want to travel further?
London has a number of international airports, so it’s easy for you to explore Europe and even destinations across the world. Gatwick Airport is only 30 minutes away from the city centre by rail, and you can get to Heathrow Airport using London’s Tube network. There are also great rail links throughout the UK for day trips.

POSTGRADUATE PATHWAYS

You can choose from 2 different routes to a postgraduate degree at Cranfield University. The one that’s best for you will depend on your academic qualifications, English language level and subject preference.

**Pre-Master’s**

For entry to a postgraduate degree. Offered for:
- Business, Law and Social Sciences
- Science and Engineering

**Pre-Doctorate**

To help you prepare for a doctoral degree.

**What’s the right path for me?**

Turn to page 34 to find the postgraduate degree you want, and to see which pathway course or courses lead there.

"My Pre-Master’s course really prepared me for my degree. The statistics module helped me a lot. Cranfield is a really good university and I wanted to live in London for a short period to enjoy the culture of a big city. So the combination of 7 to 8 months in London and 1 year in Cranfield was really attractive."

Taoyi from China

Followed his path to MSc Investment Management

YOUR PATH, YOUR WAY: A COURSE TO FIT YOUR NEEDS

- Your Pre-Master’s course will have a special combination of modules that is designed to fit both your degree and your career aspirations. This means that your course is matched to your unique goals.
- Some of these modules will be taken by you and all other students on your course. This will give you a solid base of common study skills that you’ll need at university.
- In many cases, you can also customise your pathway course by choosing some or all additional modules from a selection.
- During your Pre-Master’s, you’ll have frequent assessments to check that you’re on track to progress to your Cranfield University degree.

YOUR GUARANTEED PATH TO UNIVERSITY

You’re guaranteed entry to your Cranfield University degree when you pass your Pre-Master’s at the required level with good attendance.

2.5 and 3 terms

All students study these modules to gain a solid base of skills:
• English for Academic Purposes
• Research Project

You’ll also take 2 of the following that best fit your degree and career goals (for progression to some degrees, the University will require you to take particular modules):
• Advanced Social Science
• Advanced Statistics
• Philosophy, History and Culture
• Project Management
• Strategic Management
• UK Society and Culture (Advanced)

You’ll also study these modules to help you prepare for university:
• English for Academic Study 3
• Independent and Collaborative Study
• Reading and Writing 3
• Speaking and Listening 3

Study additional modules to help you reach university:
• English for Academic Study 2
• Reading and Writing 2
• Speaking and Listening 2
• Study Skills Preparation

3-5 and 4 terms

Personal development activities
During your pathway course, you’ll also work on developing your online personal portfolio and practical skills, giving you a truly well-rounded experience. See page 41 for more details.

Your degree possibilities
See page 34 for specific degrees that this Pre-Master’s can lead to.
Pre-Master's for Science and Engineering

Science and Engineering covers everything from Chemistry to Theoretical Physics, and an education in these fields can lead to a rewarding and successful career. This Pre-Master’s course will give you the knowledge and skills you need to progress to a master’s degree in a related subject area.

Example careers: Aeronautical Engineer | Automotive Engineer | Chemical Engineer | Environmental Manager | Software Engineer

POSTGRADUATE PATHWAY COURSE MODULES

Find out what you’ll study in your course modules in the summaries below.

2-term modules

Advanced Social Science
Learn about the key theories in social science, and their relation to methodologies in the field.

Advanced Statistics
Critique research data and apply standard statistical tools used for the analysis of research quality.

Engineering, Science and Society
Gain an awareness of ethical issues and debates surrounding research and innovation in the sciences.

English for Academic Purposes
Develop your English language skills to the level you need for university study, and to really get involved in academic discussion.

Philosophy, History and Culture
Explore Western philosophy and its history, and analyse events and developments in your degree area in a historical and cultural context.

Project Management
Gain key skills in project management, and apply your knowledge to a project.

Research Project
Plan, execute and report a comprehensive research project. You can choose a research topic based on your degree and career goals, and personal interests.

Strategic Management
Explore key concepts of strategic management, and evaluate their impact on businesses and their operations.

UK Society and Culture (Advanced)
Learn more about a range of aspects of British culture, as well as British cultural and social institutions.

2.5 and 3-term modules

English for Academic Study 3
Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Independent and Collaborative Study
Work individually and in teams on an academic task, and practise applying your subject knowledge and study skills.

Reading and Writing 2
Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Speaking and Listening 2
Practice listening and speaking so that you are better prepared for academic debate and discussion.

Study Skills Preparation
Gain an introduction to the wide range of skills and strategies you’ll need to succeed at university, such as research methods and using and citing sources.

3.5 and 4-term modules

English for Academic Study 2
Improve your English grammar and vocabulary in order to communicate in an academic environment.

Reading and Writing 2
Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Speaking and Listening 2
Practice listening and speaking so that you are better prepared for academic debate and discussion.

Study Skills Preparation
Gain an introduction to the wide range of skills and strategies you’ll need to succeed at university, such as research methods and using and citing sources.

Personal development activities (all courses)

Culture and activities
We’ll help you have a hugely beneficial cultural and social experience, as well as encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or you could develop your wider subject knowledge and understanding of related industries.

Digital and employability skills
Outside of your academic learning, you’ll also be taught skills that will be useful at university and later in life. You’ll receive help in making the most of your creativity, improving your communication and developing your digital skills. We’ll also help you build a CV, portfolio and online profile to empower you after you graduate.

Social network
Forming a strong social network can be very beneficial, even if it’s just to discuss and debate ideas. Not only will you get to know your classmates, you’ll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start a career.
KIC London: Pre-Doctorate

The Pre-Doctorate course is specially designed around the needs of a doctoral-level international student, and will help guide you through the process of applying for a UK doctoral degree.

START YOUR PATH

Follow the steps on the next page to apply to KIC London, and start your journey to success at Cranfield University.
HOW TO APPLY

Applying to Cranfield University with Kaplan is easy! Just follow this step-by-step guide, and if you have any questions along the way, our friendly advisers will be happy to help.

1. Apply online at kaplanpathways.com/london-apply
2. Submit supporting documents, including a copy of your passport and any previous UK visas, now or at a later stage
3. Receive admissions decision
   - Unconditional offer: No conditions to meet or additional documents to send.
   - Conditional offer: You need to meet certain conditions and/or send extra documents so we can fully accept your application.
   - Other options: Explore alternative or more suitable study options with your education adviser.
4. Meet conditions of your offer
5. Pay deposit and administration fee or send financial guarantee to accept your offer, and book your accommodation*
6. Receive accommodation agreement, pre-arrival guide and CAS (Confirmation of Acceptance for Studies)
7. Apply for a visa – see gov.uk/ukvi for more information
8. Receive your visa and send us a scan
9. Book your flight and fill in the online pre-arrival form
10. Arrive in the UK – we look forward to welcoming you to the College!

JOIN US AT KIC LONDON IN 10 SIMPLE STEPS

* To book your accommodation, complete the accommodation booking form and pay the holding fee when you accept your study offer. You will then receive your accommodation agreement, which you will need to read, sign and return to reserve your room.
QUESTIONS AND ANSWERS

If you have questions about studying at Cranfield with Kaplan, see the answers below. Alternatively, you can contact us for more information. You’ll find contact details on page 51.

How much money do I need to study a pathway course?
Studying in the UK is a big investment, so you need to plan ahead. You must have at least £1,265 per month of your pathway course, up to a maximum of 9 months, as well as funds to cover any unpaid tuition fees. This money must be held in a recognised bank account for at least 28 days before you apply for your Tier 4 (General) student visa. See the guide below for more details about different costs.

How long does the application process take?
If your study application is complete and successful, once our Admissions team receives it, they’ll issue an offer within 1 working day. The duration of the process that follows can vary, so it is good to apply at least a few months before your pathway course start date. This will give you enough time to make your application for your student visa, reserve your accommodation and get ready for your trip.

What supporting documents do I need to provide?
For your application to be complete, you need to send us a few extra documents, including:
• copies of your passport and any previous UK visas
• IELTS certificate (UKVI Academic)
• academic transcripts (plus certified translations if the originals aren’t in English)
You can still apply without all these items, and submit them later.

Do I need insurance during my course?
You will need to be fully covered by student insurance for the whole of your UK pathway course. In partnership with Endsleigh, a leading insurance provider, we offer a comprehensive policy.
Find out more at: kaplanpathways.com/insurance

Are scholarships available?
Some partial tuition fee scholarships for pathway courses and degrees are available for students with good grades.
You can find out more at: kaplanpathways.com/how-to-apply/scholarships

Do I need to bring a laptop or other device for studying?
You’ll need to bring a device to use during your studies, ideally a laptop. If you don’t have one, the College Services team can assist you in buying one when you arrive.

<td>£9,752 to £24,442† (depending on your housing option and course length), typically including a £1,000 holding fee</td>
</tr>
<tr>
<td><strong>Living expenses</strong></td>
<td>At least £1,265 per month (in line with UKVI regulations)</td>
</tr>
<tr>
<td><strong>Insurance</strong></td>
<td>£227 to £700 (depending on your course length)</td>
</tr>
</tbody>
</table>

† These amounts are based on previous academic years. Figures for 2019-20 will be available online soon. Contact us for more information.
This prospectus has been drafted in advance of the academic year to which it applies. Every effort has been made to ensure that the information is accurate at the time of printing, but changes (for example to course content) are likely to occur given the interval between publishing and commencement of the course. It is therefore very important to check the website or contact us for any updates before you apply. Once you have applied, any changes which impact the terms and conditions of your offer or a significant part of your programme will be communicated to you.

Published December 2018.

Kaplan International College London is operated by Kaplan International College London Limited (company number: 06533974), with registered address: 2nd Floor, Warwick Building, Kensington Village, Avonmore Road, London, W14 8HQ.
