Outstanding facilities
During your studies, you’ll have access to City’s fantastic facilities and resources. You can take advantage of video editing suites, TV studios, wind tunnels, engineering labs, flight simulators, and even a financial trading room. You will also find quiet study spaces, plus several libraries with all the reference materials you need. You can therefore be sure that you’ll benefit from a high-quality education, and a rewarding, interactive learning experience.

Your path to success
City will prepare you for success in life. In fact, its alumni include CEOs of major companies and 4 UK Prime Ministers. The University takes its name from its location close to London’s main business centre, so you can benefit from City’s links to nearby global employers like the BBC, KPMG, Santander and Sky.

Join an international community
At City, you’ll study with students from over 160 countries. The University’s great variety of social events means you can build a global network of friends, and share a world of ideas. In addition, there’s a dedicated team of International Students’ Officers here, who can help you at every step. London itself is one of the most multicultural cities in the world, so you won’t feel far from home.

Teaching that takes you forward
City is highly regarded for its teaching quality. The University gained a prestigious Silver Award in the Teaching Excellence Framework 2017, which recognises the excellent standard of education you’ll find here. Your learning experience at City will enhance your career prospects and prepare you for the future.

GET TO KNOW THE UNIVERSITY
A top university with great commercial links and an incredible location in the UK’s capital, City, University of London is a fantastic place to study. You can gain a valuable degree here, and take a big step towards a successful future.

“City, University of London is committed to giving you a top-level education that will transform your career prospects. Our central London location gives you great opportunities. You can build your professional network, study with other ambitious students from around the world, and enjoy an experience no other city can offer. We look forward to seeing you here very soon.”

Professor Sir Paul Curran
President of City, University of London

GET TO KNOW THE CAMPUS

At City, London is your campus. The University is in the heart of the UK capital, which means you can explore the city and enjoy London life while you study.

Learn around town
As a City student, you can make the most of the University's great educational facilities. You'll also have easy access to London's incredible academic resources, including museums, galleries and more.

Enjoy a social campus
The University’s Students’ Union offers 50+ clubs and societies to join. They’re a great way to meet people, try new things, make friends and have fun!

Explore the capital
There’s so much to see and do in London. You’ll be perfectly placed to visit famous attractions and discover everything that the capital has to offer.

Northampton Square campus
City’s main campus is located in Islington, near the lively areas of Angel and Shoreditch. From here, it’s easy to visit the well-known Barbican arts centre, see a play at Sadler’s Wells Theatre, or check out the city’s history at the Museum of London. The campus is centred around the tranquil Northampton Square Garden, so you can relax with friends or study in peace. It’s so quiet, you’ll find it hard to believe you’re in central London!

Gray’s Inn campus
Gray’s Inn is known as London’s legal hub, where lawyers have practised since 1370. It is also the home of The City Law School, and therefore the perfect location for you to immerse yourself in the world of law during your degree. Students here have access to a range of excellent resources and facilities, including a dedicated law library, computer suite, and video recording rooms, so your needs are well cared for at Gray’s Inn.
Experience London culture
With so much to do in London, you’ll never be bored. Many of the city’s museums and galleries, such as the Victoria and Albert Museum, Natural History Museum, and Tate Modern are free to visit. For great theatre, go to the annual West End Live festival, where you can see performances from many of London’s musicals for free!

Get your ticket to ride
London’s famous public transport system, including its iconic Underground (known as the “Tube”) and red buses, make it easy to travel around. If you want to explore on 2 wheels, you can hire a bicycle from locations all over London. Or for a fun train ride with great views at the end, take the Docklands Light Railway (DLR) to beautiful Greenwich.

GET TO KNOW LONDON
At City, London life is all around you. With its iconic attractions, diversity, and exciting atmosphere, you’re sure to fall in love with the UK capital.

Excitement wherever you go
If you walk down almost any street in London, you’re likely to find a piece of the city’s amazing history. You can visit famous landmarks like Big Ben, Buckingham Palace, Tower Bridge, and so much more. For the best views of the city, go to the London Eye, Greenwich Park, or Primrose Hill — you’ll be amazed by what you can see.

Excellent shopping
If you like shopping, you’ll love London. The famous West End has hundreds of shops, or you can browse the luxury Harrods department store for a classic English experience. If you prefer markets, you are sure to find something special at Portobello, Covent Garden, Camden, and Spitalfields. Just make sure you can carry everything home!

Top 5 things to do
1. Visit the Houses of Parliament
2. Explore free museums and galleries
3. Go shopping in the West End
4. Try delicious food at London’s markets
5. Enjoy a boat ride along the River Thames

GET TO KNOW THE STUDENTS

You’ll create so many lifelong memories during your time at university. Studying at City is a fantastic experience, so let’s hear what the students themselves have to say.

“London was my dream destination, so when I had to select where to study, my choice seemed obvious! I stayed in the perfect accommodation in the perfect location, so I’ve made lots of international friends, and can now easily communicate with them in English. For me, being in the UK has been the most wonderful time of my life.”

YOUR PATH TO UNIVERSITY
What is a pathway course?

If you’ve finished high school or university, but don’t qualify for entry to a City degree, you can still gain a place through a pathway course. You’ll improve your subject knowledge, academic skills and English language level, so that you’re ready for your degree at City.

Pathway courses

FOUNDATION CERTIFICATE

To qualify for entry to an undergraduate degree at City, you can take a Foundation Certificate. It will help you to prepare for university, and you can progress to the 1st year of your undergraduate degree with the skills you need.

PRE-MASTER’S

If you have 3 years of higher education or equivalent, but you don’t qualify for entry to a City postgraduate degree, a Pre-Master’s could be the right pathway course for you. It will help you to reach the level you need to gain entry to a postgraduate degree.

Pre-Doctorate

If you already hold a degree, and want to study a doctorate at City, University of London, you can prepare with a Pre-Doctorate. Where there is capacity and expertise at City to supervise the proposed research area, we will assist you in arranging an interview with the relevant School at City, University of London. Where there is not, we will support you in applying to other universities.

Watch our video explaining pathway courses at kpln.org/pathway-course-info

Routes to City

At Kaplan, we can help you gain entry to City, University of London through a pathway course at Kaplan International College (KIC) London. You’ll gain the knowledge and skills you need to follow your path to degree and career success.

KAPLAN INTERNATIONAL COLLEGE LONDON

You can study a pathway course at our new Kaplan International College (KIC) London, and prepare for your degree at City, University of London. At the College, you’ll benefit from our modern learning spaces and interactive lessons, and leave feeling ready for university.

Brand new facilities

Having the right tools is crucial to your study experience. That’s why we have recently refurbished KIC London to provide you with brand new, modern facilities. You can enjoy flexible study spaces, interactive classrooms and WiFi throughout the building. As a KIC London student, you’ll have access to nearby City, University of London’s resources, including the library, IT rooms and more.

A location to inspire you

You’ll be based in the heart of London. Outside the College is Borough Market, where you can try delicious food from all over the world. The River Thames’ famous South Bank, home to the London Eye, is a short walk away, and it’s easy to see the rest of the city as well. In just 5 minutes, you can walk to London Bridge station, where a short Tube journey takes you to famous sights like Big Ben.

Helping you adjust

Studying abroad is an exciting experience. It also might be new for you, which is why we will support you at every step. We can meet you at the airport when you arrive in the UK, and take you to your new home.

Then, before your KIC London classes start, we organise Welcome Week. Here, you’ll meet the friendly College staff and get to know your new environment. You’ll also meet other international students who, just like you, will be feeling nervous, excited, and be keen to make new friends.

Find out more at:
kaplanpathways.com/london

"KIC London is an outstanding college in a truly global city. It’s located in the heart of London, and we’ve recently refurbished the whole building to give you a modern, flexible space to fit your needs. We hope you’ll enjoy studying, relaxing and socialising at the College, as you begin your path to success."

Andy Quin
College Director at KIC London
Inspiring teachers
Our expert teachers want you to succeed. This is what they work towards each day, and during every lesson. Their knowledge, care and experience, combined with your hard work, will help you develop both academically and personally. This helps ensure you are ready for your City degree.

A course designed for you
Your pathway course will feature a combination of modules that factors in your degree and work goals, and you’ll have special projects that can usually be based on topics that interest you. This will help to ensure your course is matched to your unique objectives, so that you are well placed to succeed at university.

Proactive and interactive
You’ll enjoy a fun learning experience with a focus on debate and discussion. You will receive learning materials before your classes, so that you can engage in productive conversations. This will help you to gain a deeper understanding of the subjects you’re studying, learn new valuable skills, and improve your English at the same time.

Tailored teaching
You will have frequent meetings with your tutor, where you can ask any questions you have, while carefully timed assessments will help you track your progress towards your degree. We’ll send reports on your attendance, plus how you’re settling in and progressing, to your agent, parents, and where applicable, your sponsor and/or guardian, so they can help you work towards your goals.

LEARN YOUR WAY
At Kaplan, we understand that everyone learns differently. Our expert teachers will help you to get the most out of your studies, enjoy yourself, and succeed, your way.

“I think it’s important to think about my students’ interests and needs, so I adapt my lessons to suit different classes. I ask students to prepare for class by doing some research beforehand. I believe this enhances classroom discussions and improves your understanding of a topic. It also helps you to get used to independent study, so that you feel more confident at university.”

Luke Roger
Study Skills and Language Teacher at KIC London

Watch our video with tips from teachers at: kpln.org/teachers-tips
Before you arrive
Our support begins even before you fly to the UK. We’ll send you a helpful pre-arrival pack, filled with essential information about your study destination and London life. We’ll also advise you on how to get your visa. If you are under 18 years old, we can arrange the legal guardian that you’ll need during your studies for your wellbeing.

After you arrive
When you arrive in the UK, we’ll make sure you’re comfortable and have everything you need. With our airport transfer services, there will be a friendly face to meet you off the plane, and you can arrive at your new home easily and without stress. We want you to have a great start to your experience in the UK!

Your first week
Before your classes start, there’s Welcome Week, filled with activities designed to welcome all new students. This is a great chance to find your way around the area, and get to know new people. We will even invite your parents to a special event at the beginning of your course. Our staff will also help you set up a bank account and register with a local doctor, so that you’re ready for student life in the UK.

Progressing to your degree
Once you’ve completed your pathway course, we’ll help you with your next step: continuing to your degree. We’ll advise you on making your new visa application, and explore your study options if necessary.

Have fun while you study
At KIC London, you’ll learn both inside the classroom and out. You’ll want to discover London and the rest of the UK, and spend time with your new friends. For that reason, we organise a whole range of social activities and trips while you’re here. You can enjoy:
• sports afternoons
• cinema visits
• trips to museums and galleries
• outings within London, such as to Greenwich Park and Spitalfields Market
• excursions to other UK cities like Brighton, Cambridge and Oxford
• board game club
• conversation club
These are also a great way to practise your English, so you’ll learn without even realising!

SUPPORT AT EVERY STEP
During your time at KIC London, it’s important that you feel comfortable and happy. We will support you all the way, from before you arrive in the UK, to when you start your degree.

Benefit from expert advice

BOOKING YOUR ACCOMMODATION

There are many benefits to staying in our accommodation during your KIC London course, starting with the easy booking process!

Why choose our residences?
All of our residences are safe, secure and have good transport connections to the College. You’ll also receive dedicated booking and post-arrival support, which you might not get with private accommodation.

Accommodation availability
The residences featured in this brochure are examples only. The exact accommodation available to you depends on your College course type, start date and length.

How to book
You can apply for accommodation at the same time that you apply for your course. Just follow the steps to the right.

Example accommodation prices
Prices depend upon your course length and accommodation choice.

Course modules

(see page 38 for module contents)

2 terms

2.5 and 3 terms

3.5 and 4 terms

All students study these modules to gain a solid base of skills:
- English for Academic Purposes
- Extended Project

You’ll also take 2–3 of the following that best fit your degree and career goals (for progression to some degrees, the University will require you to take particular modules):
- Business Organisations and Management
- Contemporary Global Issues
- Economics
- Entrepreneurship
- Historical Perspectives
- Intermediate Mathematics
- Logic and Critical Thinking
- Mathematics
- People, Culture and Society
- Statistics

You’ll also study these modules if your English level is below UKVI IELTS 5.5:
- English for Academic Study
- Independent and Collaborative Study
- Reading and Writing
- Speaking and Listening

Or if you have at least UKVI IELTS 5.5, or do not need to take an IELTS test, you’ll study these modules:
- Critical Reading, Writing and Reasoning for Higher Education
- Independent and Collaborative Study

Plus 2 of the following 4:
- Digital Applications
- Preparatory Mathematics
- Preparatory Statistics
- UK Society and Culture

Study additional modules to help you reach university:
- English for Academic Study
- Reading and Writing
- Speaking and Listening
- Study Skills Preparation

Personal development activities
During your pathway course, you’ll also work on developing your online personal portfolio and practical skills, giving you a truly well-rounded experience. See page 39 for more details.

Your degree possibilities
See page 32 for specific degrees that this Foundation Certificate can lead to.
Foundation Certificate for Science and Engineering

This Foundation Certificate gives you the opportunity to study subjects ranging from Engineering to Computer Science. You’ll gain the scientific knowledge and technical skills needed for your degree, and you’ll begin your path to becoming a highly attractive candidate for future employers.

Example careers: Aeronautical Engineer | Civil Engineer | Computer Games Developer | Electronic Engineer | Mechanical Engineer

Personal development activities
During your pathway course, you’ll also work on developing your online personal portfolio and practical skills, giving you a truly well-rounded experience. See page 39 for more details.

Your degree possibilities
See page 32 for specific degrees that this Foundation Certificate can lead to.
**UNDERGRADUATE PATHWAY COURSE MODULES**

Find out what you’ll study in your course modules in the summaries below.

### 2-term modules

**Biology**
Gain an understanding of biological systems and organisms, as well as key laboratory processes.

**Business Organisations and Management**
Examine key concepts in management theory and practice, and discuss issues relating to management in modern organisations.

**Chemistry**
Gain an understanding of chemical reactions, fundamental particles and the periodic table.

**Contemporary Global Issues**
Explore the big issues facing humanity in the 21st century, and critically evaluate their causes and effects.

**Economics**
Gain an understanding of macro and micro economics, and explore current trends and issues in the field.

**English for Academic Purposes**
Develop your English to the level you need for university study, and to really get involved in academic discussions.

**Entrepreneurship**
Familiarise yourself with varied concepts of creativity, entrepreneurship and innovation, and how to apply them in business.

**Extended Project**
Learn how to plan, carry out and report an extended project. You can choose a project topic that matches your degree and career goals, and personal interests.

**Historical Perspectives**
Gain an understanding of the historical context of your chosen degree area, and skills such as researching, evaluating and interpreting sources.

**Information Technology**
Discover the key concepts of computer science, including data representation and programming languages.

**Intermediate Digital Applications**
Develop skills in problem-solving and creative practice using a range of software packages appropriate to your field of study.

**Intermediate Mathematics**
Expand your knowledge of mathematical concepts including algebra, geometry, problem-solving, trigonometry and vectors.

**Logic and Critical Thinking**
Explore the concepts, history and skills relating to logic and critical thinking, and how they apply in real-world contexts.

**Mathematics**
Develop your mathematical skillset in areas such as algebra, decision maths, probabilities and statistics.

**People, Culture and Society**
Learn about the history, theories and issues that relate to human culture and society around the world.

**Physics**
Gain an understanding of astrophysics, electromagnetism, mechanics and thermodynamics.

**Statistics**
Learn basic algebra, as well as the skills needed to analyse and apply statistics in a range of ways.

### 2.5 and 3-term modules

**Critical Reading, Writing and Reasoning for Higher Education**
Enhance your ability to read and understand complex ideas in English, and to compose convincing written arguments.

**Digital Applications**
Develop your digital skillset, helping you use digital tools to support academic study, including using and citing digital sources.

**English for Academic Study 3**
Expand your knowledge of English grammar and vocabulary in order to communicate in an academic environment.

**Extended Project**
Learn how to plan, carry out and report an extended project. You can choose a project topic that matches your degree and career goals, and personal interests.

**Independent and Collaborative Study**
Work individually and in teams on an academic task, and practise applying your subject knowledge and study skills.

**Preparatory Mathematics**
Develop your numeracy skills, including algebra, geometry and graphs.

**Preparatory Science**
Gain an introduction to core scientific knowledge, and subject-specific language required to study the sciences.

**Preparatory Statistics**
Build on your knowledge of using statistics, including the use of data to illustrate facts and support theories.

**Reading and Writing 3**
Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

**Speaking and Listening 3**
Improve your ability to listen and speak in English, allowing you to fully engage with academic topics.

**UK Society and Culture**
Learn more about the culture and society of the UK, and how it differs from others.

### 3.5 and 4-term modules

**English for Academic Study 2**
Improve your English grammar and vocabulary in order to communicate in an academic environment.

**Reading and Writing 2**
Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

**Speaking and Listening 2**
Practise listening and speaking so that you are better prepared for academic debate and discussion.

**Study Skills Preparation**
Gain an introduction to the wide range of skills and strategies you’ll need to succeed at university, such as research methods and using and citing sources.

### Personal development activities (all courses)

**Culture and activities**
We’ll help you have a hugely beneficial cultural and social experience, as well as encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

**Digital and employability skills**
Outside of your academic learning, you’ll also be taught skills that will be useful at university and later in life. You’ll receive help in making the most of your creativity, improving your communication and developing your digital skills. We’ll also help you build a CV, portfolio and online profile to empower you after you graduate.

**Social network**
Forming a strong social network can be very beneficial, even if it’s just to discuss and debate ideas. Not only will you get to know your classmates, you’ll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start a career.
Studying at Kaplan allowed me to become familiar with a new education system, and to improve my language skills in order to meet the requirements for university. The staff and teachers are so helpful, and I would definitely recommend Kaplan to others!"

Salma from Tunisia
Followed her path to MSc International Business Economics

POSTGRADUATE PATHWAYS
There are a number of routes to a postgraduate degree at City, University of London. The best one for you depends on your academic qualifications, English language level and subject preference.

Pre-Master’s
For entry to a postgraduate degree. Offered for:
- Business, Law and Social Sciences page 44
- Science and Engineering page 46

Pre-Master’s at KIC London

Master’s degree 1 year

Graduate with a City, University of London degree

Pre-Doctorate
For entry to a doctoral degree at City.
Pre-Doctorate page 50

Pre-Doctorate at KIC London

Doctoral degree typically 3 years

Graduate with a City, University of London degree

What’s the right path for me?
Turn to page 42 to find the postgraduate degree you want, and to see which pathway course or courses lead there.

YOUR PATH, YOUR WAY:
A COURSE TO FIT YOUR NEEDS
- Your Pre-Master’s course will have a special combination of modules that’s designed to fit your degree and career aspirations. This means that your course is matched to your unique goals.
- Some of these modules will be taken by you and all other students on your course. This gives you a solid base of common study skills that you’ll need at university.
- In many cases, you can also customise your pathway course by choosing some or all additional modules from a selection, and / or by completing 1 or more pieces of work based on your interests and degree subject.
- During your Pre-Master’s course, you’ll have frequent assessments to check that you’re on track to progress to your City, University of London degree.

YOUR GUARANTEED PATH TO UNIVERSITY
You’re guaranteed entry to your master’s degree at City, University of London, when you pass your Pre-Master’s at the required level with good attendance.
Choose your postgraduate degree

Find your preferred City, University of London postgraduate degree in the table below, and use the key to discover which KIC London pathway course is right for you.

### KEY TO PATHWAY COURSES:

- Pre-Master’s for Business, Law and Social Sciences (page 44)
- You can find example doctoral degree research areas on page 53.
- Pre-Master’s for Science and Engineering (page 46)

### ARTS AND HUMANITIES
- MA Creative Writing and Publishing
- MA International Publishing
- MSc Library Science
- MA Publishing

### BUSINESS AND ECONOMICS
- MSc Business Economics
- MSc Business Systems, Analysis and Design
- MSc Construction Management
- MSc Economic Evaluation in Healthcare
- MSc Energy and Environmental Technology and Economics
- MSc Health Economics
- MSc International Business Economics
- MSc Maritime Operations and Management
- MSc Project Management, Finance and Risk

### COMPUTING
- MSc Computer Games Technology
- MSc Cyber Security
- MSc Data Science
- MSc Human-Computer Interaction Design
- MSc Information Science

### ENGINEERING
- MSc Civil Engineering Structures
- MSc Civil Engineering Structures (Nuclear Power Plants)
- MSc Mechanical Engineering
- MSc Software Engineering

### LAW
- LLM Civil Litigation and Dispute Resolution
- LLM Criminal Litigation
- LLM Dispute Resolution
- LLM European Commercial Law
- LLM International Banking and Finance Law
- LLM International Commercial Law
- LLM International Economic Law
- LLM International Energy Law and Regulation
- LLM International Human Rights
- LLM Maritime Law
- LLM Master of Laws
- LLM Professional Advocacy
- LLM Public International Law

### MEDIA
- MA Media and Communications

### SCIENCE
- MRes Clinical Research
- MSc Renewable Energy and Power Systems Management

### SOCIAL SCIENCE
- MA Criminology and Criminal Justice
- MA Culture, Policy and Management
- MA Diplomacy and Foreign Policy
- MA Food Policy
- MA Global Political Economy
- MA Health Management
- MA Health Policy
- MA International Communications and Development
- MA International Politics
- MA International Politics and Human Rights

Personal development activities
During your pathway course, you’ll also work on developing your online personal portfolio and practical skills, giving you a truly well-rounded experience. See page 49 for more details.

Your degree possibilities
See page 42 for specific degrees that this Pre-Master’s course can lead to.
POSTGRADUATE
PATHWAY COURSE MODULES

Find out what you’ll study in your course modules in the summaries below.

2-term modules

Advanced Social Science
Learn about the key theories in social sciences, and their relation to methodologies in the field.

Advanced Statistics
Critique research data and apply standard statistical tools for the analysis of research quality.

Engineering, Science and Society
Gain an awareness of ethical issues and debates surrounding research and innovation in the sciences.

English for Academic Purposes
Develop your English to the level you need for university study, and really get involved in academic discussions.

Philosophy, History and Culture
Explore Western philosophy and its history, and analyse events and developments in your degree area in a historical and cultural context.

Project Management
Gain key skills in project management, and apply your knowledge to a project based on emerging technologies.

Research Project
Plan, execute and report a comprehensive research project. You can choose a research topic based on your degree and career goals, and personal interests.

Strategic Management
Explore key concepts of strategic management, and evaluate their impact on businesses and their operations.

2.5 and 3-term modules

English for Academic Study 3
Expand your knowledge of English grammar and vocabulary to the level required for degree study.

Independent and Collaborative Study
Work individually and in teams on an academic task, and practise applying your subject knowledge and study skills.

Reading and Writing 3
Develop your English reading and writing skills to a sufficient level to communicate complex ideas.

2.5 and 4-term modules

English for Academic Study 2
Improve your English grammar and vocabulary in order to communicate in an academic environment.

Reading and Writing 2
Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Speaking and Listening 2
Practise listening and speaking so that you are better prepared for academic debate and discussion.

Study Skills Preparation
Gain an introduction to the wide range of skills and strategies you’ll need to succeed at university, such as research methods and using and citing sources.

3.5 and 4-term modules

English for Academic Study 2
Improve your English grammar and vocabulary in order to communicate in an academic environment.

Reading and Writing 2
Develop your English reading and writing so that you can understand and articulate ideas and reasoning.

Speaking and Listening 2
Practise listening and speaking so that you are better prepared for academic debate and discussion.

Study Skills Preparation
Gain an introduction to the wide range of skills and strategies you’ll need to succeed at university, such as research methods and using and citing sources.

Personal development activities (all courses)

Culture and activities
We’ll help you have a hugely beneficial cultural and social experience, as well as encourage you to explore different activities, sports, crafts and more. You might learn about local history and culture, or develop your wider subject knowledge and understanding of related industries.

Digital and employability skills
Outside of your academic learning, you’ll also be taught skills that will be useful at university and later in life. You’ll receive help in making the most of your creativity, improving your communication and developing your digital skills. We’ll also help you build a CV, portfolio and online profile to empower you after you graduate.

Social network
Forming a strong social network can be very beneficial, even if it’s just to discuss and debate ideas. Not only will you get to know your classmates, you’ll also have opportunities to join professional bodies, and network with students and industry professionals: something that can be really helpful when you go on to start a career.
Pre-Doctorate

The Pre-Doctorate course is specially designed around the needs of a doctoral-level international student, and will help guide you through the process of applying for a UK doctoral degree.

8. Book your flight and fill in the online pre-arrival form
9. Receive your visa and send us a scan
10. Arrive in the UK – we look forward to welcoming you to the College!

QUESTIONS AND ANSWERS

If you still have questions about studying at City, University of London with Kaplan, see the answers below. Alternatively, you can contact us for more information. You’ll find contact details on the next page.

How much does it cost to study a pathway course?

Studying in the UK is a big investment, so you need to plan ahead. You must have at least £1,265 per month of your pathway course, up to a maximum of 9 months, as well as funds to cover any unpaid tuition fees. This must be held in a recognised bank account for at least 28 days before you apply for your Tier 4 (General) student visa. See the guide below for more information on costs.

What supporting documents do I need to provide?

For your application to be complete, you need to send us a few extra documents, including:
- copies of your passport and any previous UK visas
- IELTS certificate (UKVI Academic)
- academic transcripts (plus certified translations if the originals aren’t in English)
You can still apply without all these items, and submit them later.

How long does the application process take?

If your application is complete and successful, once our Admissions team receives it, they will issue a study offer within 1 working day. The duration of the process that follows can vary, so it is good to apply at least a few months in advance. This will allow you enough time to prepare your visa application, reserve your accommodation and get ready for your trip.

Watch our helpful videos at: kaplan.org/student-faq

Do I need insurance during my course?

You’ll need to be fully covered by student insurance for the whole of your pathway course in the UK. We can offer you a comprehensive policy in partnership with Endsleigh, a leading insurance provider. Find out more at: kaplanpathways.com/insurance

Are scholarships available?

Yes, some partial tuition fee scholarships for pathway courses are available for students who achieve good grades. You can find out more at: kaplanpathways.com/how-to-apply/scholarships

Do I need a guardian during my studies?

If you are under 18 years old, you’ll need a legal guardian in the UK until you reach 18. This is something that we can help arrange. Find out more at: collegeguardians.co.uk

Do I need to bring a laptop or other device for studying?

You’ll need to bring a device to use during your studies, ideally a laptop. If you don’t have one, the College Services team can assist you in buying one when you arrive.
