- Environmental Engineering
- Manufacturing Engineering
- Mathematics
- Physics
- Product Design

96%

of Engineering and Physical Sciences Foundation students who passed their course in 2019 received an unconditional offer from the University of Nottingham

Hear from a successful student!

“ Taking this Foundation really helped me to get used to university culture and the UK education system. When I began my degree, I already knew my way around Nottingham and how things worked, so I wasn't stressed and I could just focus on my studies!

Our lecturers were so understanding of international students, and it was lovely to get to know them. I'm so happy I came here and that I'm studying a subject I love. ”
