

netanagent.com[®]

the smart way to choose an agent

DELIVERING QUALIFIED
SALES AND LETTINGS
LEADS TO ESTATE AGENTS

About Us

Netanagent.com is the UK's leading Estate Agent comparison site, providing qualified sales and letting leads to over 8,000 estate agents.

We have provided agents with leads worth more than £3 billion over the last twelve months, with continual growth across all areas of mainland Great Britain.

We're a transparent business and our service is risk free, with fees only due when you let or sell a property from one of our leads - leads which our support team qualify each and every time.

Agents often ask us 'why wouldn't people come to us directly?' There's a simple answer, search for estate agents in your local area and you'll find at least three pages of different agent listings.

NetAnAgent provides property owners with an objective view of the local sales and letting market - estate agents, both traditional and online, have an equal opportunity to show their brand, unique selling

proposition and fees, to a large pool of property owners. Whether that's at 9pm on a Sunday, or lunchtime on a Wednesday.

No matter the time or day, we allow you to deliver marketing proposals and gain valuations 24/7, 365 days a year.

What does NetAnAgent deliver for agents?

- **Enhanced productivity** - qualified leads are brought to you, with no upfront cost, reducing reliance on door drops and local marketing.
- **A way to deliver proposals instantly** to property owners, no matter the time of day, tackling marketing campaigns that claim high street agents are difficult to reach outside of office hours.
- **An opportunity to set yourself apart** from local and online competition.
- **A way to prove your value**, either through competitive fees or an exemplary service and sales process.
- **Return on investment** - you only pay us when you get paid, delivering risk free ROI.

Our data shows that property owners do not instruct the agent who pitches the lowest fee to sell. Owners want an agent they can both trust and afford. This isn't a race to the bottom.

Every agent who advertises through NetAnAgent stands to benefit from:

- **Enhanced brand awareness** - by being presented to every lead, brand recognition and recall increases.
- **Increased leads** - reach property owners from a range of demographics, from young first time sellers, to experienced movers.
- **A level playing field** - property searches start online and property owners will not assess every agent within the local and online market. You can either look to outspend your competition across all marketing channels, build an incredibly strong word of mouth network or use NetAnAgent and stand out from the crowd.
- **Selective marketing** - deliver your marketing proposals only to property owners within a certain postcode ensuring you only reach the owners you want.

The Process

SYSTEM SETUP

Log in to the system and fill in a short profile and automated response. This allows you to provide instant indicative responses, detailing your services, culture and fees, varying if you wish across set price ranges, to owners.

If you choose not to set an automated response, you will have 48 hours to respond with a manual proposal.

▶ Agents with automated responses receive significantly more valuation requests.

PROPERTY OWNER ADDS THEIR PROPERTY

An owner will logon to the site and add their property for sale or let and your proposal will be shown alongside neighbouring agents' proposals. The property owner then chooses which agent(s) to invite for a valuation.

VALUATIONS

If chosen by an owner to value a property, you will receive the vendor's full contact details to arrange a valuation and you then deal directly with the owner.

COMPLETION

When the property is sold or let, the successful agent agrees to pay netanagent.com a small fee (see P6 Need to Know for full details)

System Overview

1 Our selling or letting form is completed by the property owner or landlord. Each completed form triggers checks from our support team to qualify the lead.

2 Automated agent proposals are instantly provided to the user.

AUTOMATED MARKETING PROPOSALS

Instantly meet vendor demand, at any time of day. Set it up once, set your fees depending on property value, keep it updated and you have 24/7 marketing proposal delivery.

3 If you have not automated your response, you will be sent a link with property information and a request to enter a proposal.

4 Vendors review the list of proposals and select one or more agents to value their property.

5 Vendor details are released to selected agents by email and agents contact the property owner directly.

One last thing, be sure to log in and let us know when the property has been sold or let. Don't worry if you forget, we'll drop you a reminder.

6 Following valuations, the vendor selects an agent to proceed to market. If it's you, congratulations!

Need to know

What can we bring to your business?

Why would a vendor use netanagent.com instead of going direct to an agent?

Time is scarce in an 'always on' world and whilst there will always be people who take a great deal of time over a decision and will ring each and every estate agent in a town, the majority of people want a convenient way to choose an agent, with the legwork done for them. This is where we come in.

Will netanagent.com keep us informed if we are successful or unsuccessful?

Yes, we will inform you at each stage via email and also on your dashboard when we have any feedback from the property owner. We're happy to help at any point via email or phone as well.

▶ We don't want you to reduce your fees, we want to deliver property owners to your agency when they first research the market.

It's that simple.

What are the fees?

We deliver stock, at no cost until you sell or let the property, to work with your cashflow, not against it.

▶ The only time a fee becomes payable is if you complete a sale or let and receive your fee.

Sales - If instructed to sell a property, which you subsequently complete, the fee is 0.1% of the sale price (min £150 and capped at £450) plus VAT.

Lettings - If instructed to let a property, which you subsequently complete, the fees are £75 plus VAT and £100 plus VAT within the M25.

What advertising would your fee buy me elsewhere?

A small amount - keep in mind the we deliver fully trackable, risk-free ROI with our service, as you only pay when you've sold or let a property. Compare this to a flyer drop or newspaper advert...

Who is behind netanagent.com?

Alex Thorpe
Managing Director

Josh De Haan
Director

Lloyd Nicholson-Taylor

Delivering real value for our agents

"netanagent.com has had a positive effect on the business and has resulted in offers with stock gained from these leads. It has proved to be a valuable addition to getting 'a foot in the door' and ultimately lead to instructions."

YOUR MOVE, FOLKESTONE

"I find netanagent.com easy and simple to use. They provide additional opportunities for valuations which in turn increases our instruction numbers. I would recommend Netanagent."

WINKWORTH, GRANTHAM

"Using netanagent.com has helped us grow our portfolio and increased our pipeline."

REEDS RAINS, PETERBOROUGH
