

**MaRM Network Launch Evening**  
**Monday, May 23<sup>rd</sup>**  
**Whitworth Art Gallery, 3:30 – 9:30**

The Manchester Regenerative Medicine (MaRM) Network is a UMRI funded initiative facilitating interactions between researchers and clinicians across the University and NHS Trusts involved in Regenerative Medicine.

Please join us for an evening of talks, posters and refreshments at the Whitworth art gallery, showcasing the basic and translational Regenerative Medicine research taking place within the University of Manchester, to celebrate the official launch of the MaRM Network.

**Programme:**

**3:30 Welcome & Registration:**

**4:00 Introduction and Opening:**

Prof. Ian Greer,  
Prof. Judith Hoyland  
& Dr Michael Leverentz

**4:15 Basic Regenerative Medicine :**

**Chair**

Prof. Adrian Woolf

**Unravelling the Secrets of Scar Free Healing and  
Appendage Regeneration from Our Distant Cousins**

Prof. Enrique Amaya

**Printing and Patterning Cells for Tissue Mimicking  
Applications**

Prof. Brian Derby

**Mouse Models for Cardiac Regenerative Medicine:  
Targeting the Hippo Pathway to Regenerate the Heart**

Dr Elly Cartwright &  
Dr Delvac Oceandy

**5:15 Coffee**

**5:45 Translational Regenerative Medicine**

***Plenary Lecture:***

***Cellular Therapy for Arthritic Disease:***

***Clinical Progress and Translational Obstacles***

*Prof. Frank Barry*  
*REMEDI*  
*NUI Galway*

**Chair:**

Dr Sarah Herrick

**Pluripotent Stem Cells for Regenerative Medicine:  
Vasculature, Kidney and Cartilage Regeneration**

Prof. Sue Kimber

**Haematopoietic Stem Cell Gene Therapy for  
Sanfilippo Disease**

Dr Brian Bigger

**Cell Therapy for Muscular Dystrophies**

Prof. Giulio Cossu

**7:55 Posters, Drinks, Buffet and Networking**

**9:30 Close**
