

# How to Apply Skinit<sup>®</sup> OPUS 2 Children's Package

Skins are a quick and easy way to customize the design of your MED-EL audio processor.

Choose from a range of designs, or create your own, by visiting [www.skinit.com/MED-EL](http://www.skinit.com/MED-EL).

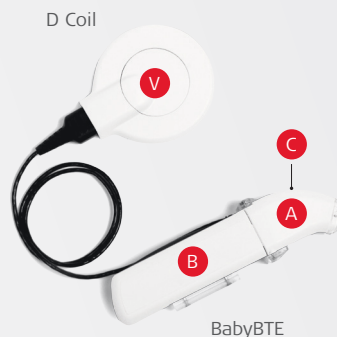

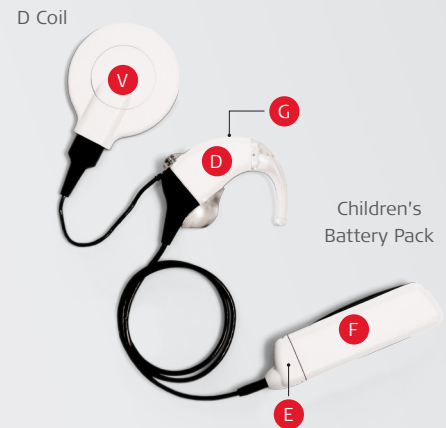

## Applying Skins

1. Clean your processor with a dry, soft cloth
2. Match each part of the skin with the matching part of the processor
3. Remove the skin from its card and apply it to the processor
4. Ensure that it is securely fixed to the processor
5. Enjoy your new design!

## Included Skins

- OPUS 2 ActiveWear/BabyBTE (5 pieces)
- Children's Battery Pack (7 pieces)
- D Coil (V or V\*, depending on the strength of the magnet)
- FineTuner (4 pieces)
- Mini Battery Pack (3 pieces)
