FOREWORD

Article 88 of the Constitution of Kenya and Section 4 of the Independent Electoral and Boundaries Commission Act No. 9 of 2011 mandates the Commission to conduct or supervise referenda and elections to an elective body or office established by the Constitution, and any other elections as prescribed by an Act of Parliament. In compliance with the foregoing provisions of the Law, the Independent Electoral and Boundaries Commission conducted the second General Election under the Constitution of Kenya, 2010 on 8th August 2017 and a repeat Fresh Presidential Election 26th October 2017.

In preparation for the General Election, the Commission embarked on electoral reforms that led to the development of the requisite legal framework for the conduct of the elections. Subsequently, the Commission developed the 2017 elections operation plan (EOP) which provided a roadmap for the conduct of the election. The EOP had clear-cut activities and strict timeframes for action for the conduct of the 2017 General Election.

In terms of registration of voters, the Commission increased the number of registered voters in the Register of Voters from 14,388,781 in 2013 to 19,611,423 in 2017.

Out of the total registered voters, 17.4 % were aged between 18-25 years, a slight increase from 17% in 2013. In terms of gender, 47% of the registered voters were female while 53% were male. The total number of youth between 18-35 years represented 51% of the total number of registered voters. Registration of Kenyan citizens residing outside the country as voters recorded an increase from 2,637 in 2013 to 4,224 in 2017.

A total of 14,523 candidates contested in the 8th August, 2017 General Election out of which 4,002 were independent candidates.

To facilitate voting, the Commission increased the number of polling stations to 40,883, from 31,981 in 2013. In addition, there was a total of 103 polling stations in prisons and 10 polling stations outside the country namely: Uganda (2), Tanzania (3), Rwanda (2), Burundi (1) and South Africa (2). Notably there was a significant increase in the number of registered voters out of which majority were youth.

It is noteworthy that there was no contest for Member of National Assembly Kikuyu Constituency and Member of County Assembly for West Seme Ward in Kisumu County. In addition, no elections were held on the 8th of August, 2017 for Member of National Assembly for Kitutu Chache South Constituency as well as Members of County Assembly for Bogichora Ward in Nyamira County and Masalani Ward in Garissa County due to death of a contestant in each of these electoral area.

The voter turnout for the August 2017 presidential election was 78% as compared to the 2013 General Election, which recorded a higher voter turnout of 86%. In terms of rejected votes, the 2017 presidential election recorded 81,685 rejected votes compared to 2013 which had 108,975 representing a 25% reduction.

Pursuant to Article 35 that grants citizens the right to information held by the State as well as obligating the publication and publicity of such information, the Commission presents the results of the 2017 General Election and the Fresh Presidential Election.

This report is available online on the Commission's website at (https://www.iebc.or.ke/uploads/resources/).
