RIGATHI GACHAGUA PLANNING MAYHEM AGAINST PROTESTERS:

It has come to our attention that Mr. Rigathi Gachagua is currently coordinating a major operation of mayhem against planned Azimio la Umoja protest rallies scheduled to take place in Nairobi tomorrow.

To realize his evil and bloody plans against otherwise peaceful protesters, Mr. Gachagua has set up an armoury and command centres in two different locations at a house next to the Bomas of Kenya that belongs to a former Cabinet Secretary and another on Hillcrest Drive, Nairobi, belonging to a serving Cabinet Secretary.

These two homes are currently being stocked with all sorts of modern and crude weapons including guns, pangas and machetes for the said operation.

These weapons are being ferried to the venue in a vehicle camouflaged as St. Mary's Ambulance.

Some of the vehicles deployed for this operation are KBQ 721J, KAZ 432F and KBM 771Z, among others.

The same crude weapons and forces' uniforms are being dispatched to upcountry locations in western and Nyanza, where youths have been booked in hotels with instructions to target specific Azimio leaders.

A number of rebel Azimio MPs from these regions have been deployed in support of this dirty mission especially in western Kenya and Nyanza.

In Nairobi, public service vehicles belonging to Embassava, Zuri and Forward Sacco's have been deployed to ferry youths to places like Jogo Road, Kibra, Pandora, Hyrum, Muthurwa, Kayole, Kariobangi, Korogocho, Mlango Kubwa, Githurai 44 and Githuri 45.

Their mission is to target Azimio leaders in Nairobi including Hon. Babu Owini, Hon. Opiyo Wandayi, and Hon. Edwin Sifuna and Hon. Jeremiah Kioni, among others. When this planned mayhem comes to pass, Mr. Gachagua must be prepared to take full responsibility for it.
