GARDEN DRAGON

HOW TO GET AN AGED BRONZE PATINA EFFECT WITH PATIO PAINTS

1 Mix Woodland Brown with Black and a little Pot O' Gold. Do not mix them completely, try to get a marbled mix.

2 Apply one good coat to the dragon making sure you cover all areas and allow the piece to dry.

3 Mix Blue Bahama with Citrus green to give you a patina colour. Add lots of water, roughly 70% and start applying it to the areas you wish to age. Wipe of any excess or runs with a paper towel.

4 Once dry start applying Treasure gold gilding wax with you finger to the highlighted areas.

5 To finish apply 3 thin coats of Americana Matte sealer.
