

## AMBITION TO MEANING (Ref. 097)

In this compelling film, Dr. Wayne W. Dyer explores the spiritual journey from ambition to meaning. The powerful shit from the ego constructs that we're taught early in life by parents and society - which promote achievement and accumulation - are shown in contrast to a life of meaning, focused on sewing and giving back. Through the intertwined stories of an overachieving businessman, a mother of two seeking her own expression in the world, and a director trying to make a name for himself, this film explores the spiritual journey from ambition to meaning.
