Dear Sir/Madam,

Re: Local Transport Plan Programme 2017-18

I am writing to ask you to let me know what your top three highways and transport priority issues are so they can be considered for inclusion in the Local Transport Plan (LTP) Programme 2017-18. This consultation is part of the annual review of LTP priorities.

To assist you in identifying priorities for your area, enclosed is a record of highways and transport related requests contained on the Directory of Requests database, from your area in the last three years. The Directory of Requests records all highways and transport related requests we receive from Members, Parish/Town Councils, other organisations and the public.

Please note that these are simply a record of requests received and not proposals. Inclusion on the list does not imply that a scheme will be implemented. If no list is attached this means we do not currently hold any requests for your Parish.

You are asked to submit your priorities by email to Richard.Mckenzie@northumberland.gov.uk before 31st August 2016.

This is your opportunity to influence the draft programme. Your priority issues will be scored against LTP criteria and those with the highest score overall will be considered for inclusion in the 2017-18 LTP Programme.

If you have any queries please don't hesitate to get in touch with me.

Yours sincerely,

Richard McKenzie
